Tax Collections

The total tax levied in Lincoln county and pop corn. will be served bers \$237,000. Treasurer Langford informs us that up to date all but \$145 of that amount has been collected. Every penny levied against the residents of the Second ward has been paid in full. We consider this a wonderful showing in tax collections; one that certainly reflects great credit upon Treasurer Langford, and reflects the general pros-perity of the people of Lincoln county.

Twenty Years Ago.

Twenty years ago this week a car-oad of donations for the drought stricken sufferers of Lincoln county was received. These donations were opened up in a frame building which stood where the building occupied by Ginn and White now stands. A large portion of the donations were cast-off clothing and included ladies Leghorn hats stripped of plumes and flowers, silk hats and Prince Albert coats for men old silk patticeats. Albert coats for men, old silk petticoats and other nether garments rich in tex-ture but somewhat ragged, and a lot of the stuff was taken out by farmers and used to stuff up cracks in board stables —it was no earthly use for anything else. Of course some of the goods were worth the while, but the greater part was not appreciated even by a drought stricken sufferer.

For Sale.

Bratt & Goodman have a few great bargains in nice homes and vacant lots in different parts of the city. Don't buy until you see them.

Boost Co-Operative Store.

A number of railroad employes who have interested themselves in a stock company with the view of opening a co-operative grocery store, met at the law office of John Grant last evening C. S. DePass, an insurance solicitor, who made this city his headquarters a jear or so ago, was arrested at Ashland yesterday on the charge of obtaining money under false pretenses, his victim being a saloon keeper. Several employes have taken stock to the amount of \$500 each, which is the maximum sum any one person can secure. An option has been taken on one of the rooms in the Goozee building in which to open the store. One of the the Brotherhood of American Yeomen, a fraternal and insurance order of Des Moines, Iowa, arrived in town yesterday and will at once solicit members for a local lodge. This order issues a combined life and accident certificate to both men and women. Organized in 1897 it now has a membership of 135,-000 and assest of one and one-half million-dollars.

Railroads Pay Taxes.

The financial condition of Lincoln county was put on "easy street" for a time at least when the Union Pacific and Burlington railroads last Saturday paid their personal taxes for the year 1910. The total amount paid by the two companies was \$65,058,56, of which the Union Pacific paid \$53,539.63 and the Burlington \$11,518.93. This is certainly quite a sum of money, and more than one-third of it will be distributed to the school districts to be used in the education of children of the county. It will thus be seen that railroads are of great benefit to us, notwithstanding we may feel that our freight rates are really too high.

A Successful Association.

The amount of the current loans of the local Building and Loan Association has now passed the \$400,000.00 mark. This institution has collected in small amounts from one dollar upward—add-ing about forty per cent profits to same—a sum equal to the value of two miles of solidly built North Platte city blocks, allowing \$3500.00 value to each lot. Loaning the same on not more than two-thirds valuation, it has aided the acquirement of homes to the value of \$1,400,000.00. It leads all the associations of the state in point of economical administration and has had practically no losses. The officers of the association do not take any especial credit for its success, alleging that there has been simply the use of common sense business principles in an excellent field for co-operative banking.

The boxing contest advertised for last night was called off by E. W. Morgan, lessee of the opera house. action was taken after Morgan had se-cured sufficient evidence to satisfy him-self that the fight would be "fake" and he would not contenance such an and he would not contenance such an exhibition. Mr. Morgan announces his intention of promoting a number of wrestling matches and boxing contests during the winter, but he proposes to satisfy himself that each event is not of the fake variety. He wants the public to get the worth of their money.

J. B. McDONALD, THE HOME OF GOOD CLOTHES.

A North Platte woman called yesterday while we were pounding a type-writer. "When I was young," she said, "it was either take up stenography and typewriting, or get married. I chose the latter." "Did you make a wise choice," we inquired. She bit her lip, laughed in a half-hearted way and then said, "well, this is the sixth winter I have worn this coat." And the woman loves good clothes.
