# You economical women who buy Corsets for a dollar or two

Don't you know that's false economy?  
Let us tell you about a REAL bargain.

When front laced corsets were first placed on the market at \$25 they were purchased only by the millionaire class. Later when the \$15 corset made its appearance women sought them because, even though considered a luxury, they were recognized as the one corset that combined style and healthful comfort. Then when the \$12, \$8 and \$5 Gossard was offered many women eagerly accepted the opportunity to secure the corset that until then had seemed beyond their reach.

THE  
**Gossard**  
CORSETS  
"They lace in front"

NOW, when you can get true Gossard principals of corsetry, with the distinctive features of the Gossard front lacing, the habit back and the hygienic comfort combined, and the same beautiful lines for which formerly \$25 was cheerfully paid—for only \$3.50—doesn't it seem absurd to even think of another make?

Suppose you HAVE felt that \$2 was your limit to pay for a corset. Be honest. Has it been satisfactory? Has it kept the lines that looked good to you when you bought it? Has it worn well? Has it been comfortable? Was it fitted by an expert corset fitter whose experience proved of valued aid in knowing the particular model for your style of figure? Haven't you sometimes wondered why some women had such perfect poise, could stoop and exercise without having a steel break and dig into them, why their clothes fitted so well, especially why their backs looked so good? Didn't it ever dawn on you that it is the Gossard that does all this and more?

A Gossard at \$3.50 is true economy, but it's not cheap in the true sense of the word, for there is nothing tawdry about it. The materials are the best there are on the market for the money.

The model illustrated conforms to the present styles and the workmanship shows the Gossard precision of details and accuracy of boning. Boned with Electric boning which is as strong as steel, yet more pliable than whalebone.

Here is an opportunity waiting for you. Be fitted by one of our experienced corsetiers who is acquainted with every detail of corset fitting from a fashionable and hygienic standpoint. The same courteous attention given to the \$3.50 fitting as to a \$25 one. Other models from \$5 to \$25. Come and see for yourself.
