Judge Grimes went to Kearney Sunday morning and made the memorial address before the lodge of Elks of that city. There was a large attendance and an interesting program was rendered.

Miss Alice Plumer, for several years cashier of the Maxwell state bank, resigned last week and is succeeded by H. E. Smith of Omaha. Miss Plumer resigned on account of too close confinement.

Miss Jessie Blankenburg will organize classes in China painting. Those interested may call at 102 West 6th St. Also a line of hand painted china and other hand decorated Christmas gifts for sale, and orders taken.

North Platte received its first touch of winter Sunday morning when a light snow covered the ground, followed Sunday night by a heavier precipitation of "the beautiful." This moisture was needed to settle the dust and purify the atmosphere.

George N. Gibbs, L. L. B., a graduate of the University of Kansas in the class of 1910, is associated with Attorney Albert Muldoon in the practice of the law at North Platte, and in western Neb. Mr. Gibbs arrived the latter of last week.

The quicker a cold is gotten rid of the less danger from pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all dealers.

Al Tift brought his grading outfit down from Julesburg Sunday. He had been working on a railroad contract at that place. W. D. Waldo will finish his contract at the same place in a few days.

Elks and their ladies to the number of 125 attended the memorial service at the Odd Fellows' hall Sunday afternoon when the program as published in these columns Friday was rendered. The solos by Misses Irma Clinton and Sadie Trovillo, C. J. Pass and Horton Munger were exceptionally good, as were also the violin solo by Prof. Garlisch and the selections by Stamp's orchestra. The address by Rev. Chas. F. Chapman on charity, fidelity and brotherly love was one of good lessons, eloquently spoken, and won the compliments of everyone present.

Have you seen our foot gloves or pulman slippers. They make splendid Christmas gifts. Different from the gifts you have been giving.

DIXON the Jeweler.

The large and well appointed home of Mrs. J. C. Federhooft was the scene of a very pleasant gathering of congenial people Friday evening when Mrs. Federhooft and Mr. and Mrs. G. S. Huffman entertained the Harmony Club together with a half dozen invited guests. The entertaining feature was high five, and so spirited and interesting were the games that they were continued until within a few minutes of the midnight hour. At the close it was found that Mrs. Ralph Bixler and Henry Waltemath had won the greatest number and they were awarded the prizes, while the consolation emblems were given to Mr. and Mrs. Fred Waltemath. An enjoyable two course lunch was served. The evening throughout was a most pleasant one.

Diamonds make good investments they also make fine Christmas gifts. Our diamonds are sold on the lowest possible margins and every stone guaranteed as represented.

DIXON the Jeweler.

Mrs. A. C. Zehner, one of the prominent lecturers of the W. C. T. U., and one with a national reputation, delivered an address at the Methodist church Sunday evening to an audience that more than filled the seating capacity. Mrs. Zehner, whose home is in Texas, is a large woman with a strong, well modulated voice, and during the two hours that she spoke the attention of every listener was riveted upon her and not a person in the audience became weary. Her address has been pronounced the most interesting one ever delivered in North Platte on the temperance question—it was so different from the harangue so frequently employed by temperance speakers. To Mrs. Zehner is due much of the credit for the temperance wave that has swept over the south, and especially in Texas has her work been effective. She said that that the territory in the south now embraced in the "dry" area would never again go "wet," the people were too well pleased with the results following the abolition of the saloons.

### Ends Winter's Troubles.

To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of Burns, Bolls, Piles, Cuts, Sores, Eczema and Sprains. Only 25 cents at Stone Drug Co.

Mr. and Mrs. Ralph Garman entertained at cards Friday evening complimentary to Mr. and Mrs. G. W. Stroup, of Omaha.

A telegram received in town Sunday announced the death at Council Bluffs of Edward Keyes, whose wife was formerly Miss Margaret Patterson, of this city. Mr. Keyes had been ill for several weeks.

Friends in town have received cards announcing the wedding of Agnes Connelly, formerly of this city, to W. J. Bird, at Los Angeles. The bride will be remembered as the daughter of Joseph Connelly, who was employed as an engineer prior to going to Los Angeles.

The musical programs at the Christmas exercises this year will be especially elaborate, due in a measure to the fact that the day of good cheer falls on Sunday. The full Christmas exercises will be published in these columns prior to the day.

### ABOUT PEOPLE.

Miss May McWilliams is in Grand Island as the guest of Mr. and Mrs. T. J. Gorham.

**A SENSE of what's proper is needed in dressing well. If you are a big, stout fellow you can't wear large checks or spectacular plaids. If you're slim, you should not wear stripes. These are points which are not appreciated by the average purchaser of clothes.**

*The first thought of some clothiers is to get a man's money, regardless of how he looks in the clothes he buys. Our first thought is to sell you clothes which are becoming to your individual "make-up." Take our "MILLER MADE CLOTHES" for young chaps. They were designed and built to emphasize the slender, graceful lines of youth. Don't get the impression that these clothes are too young-looking for older men, because they are not. Hundreds of older business and professional men have youthful physiques. "Miller-Made" Clothes are tailored for all physiques. Why not investigate "Miller-Made" Clothes and satisfy yourself that we are correct in our argument?*

**Asks for Divorce.**  
Mrs. Etta Stillwell, nee Etta Cohagen, has filed a petition in the district court praying for a divorce from her husband Edwin Stillwell. The petition recites that they were married in Golden, Col., in August, 1909, and that the husband has been guilty of extreme cruelty without provocation. Four days after the wedding Stillwell came to North Platte and "conducted himself as an unmarried man, courting and coverting with other women." The wife followed him here, and in the presence of her mother Stillwell said he would not live with his newly wedded wife.

**Installs Vulcanizing Plant.**  
A. B. Hoagland has installed a vulcanizing plant at the Davis & Chorpensing garage, and though in operation but a few days, he is about the busiest man in town. This plant is of the latest pattern, and is of such capacity that eleven automobile tires can be vulcanized at one and the same time. As no similar plant is located between Omaha and Denver, its operation here will prove of much benefit and convenience to automobile owners, who heretofore have sent their tires to Omaha to be patched. Mr. Hoagland will no doubt receive many orders from surrounding towns.

**The Big Sixth Leads.**  
By the government census figures for Nebraska it is seen that the Sixth Congressional district has usurped the place formerly held by the third as having the largest population, while the first district contains the smallest. The difference in population between these two districts is about 83,000.

Fireman Conrad Anderson, suffering from a very light attack of small-pox, will be released in a few days.  
Frank Hatch, who went to Willow Springs, Mo., a couple of months ago, has returned and resumed his duties as operator.  
Pending an investigation passenger conductors Smith, Jenkins and Mulick of the Omaha-North Platte run and Liggett and McIntyre, of the Denver-North Platte run, have been taken out of service.

It is reported—we don't say that it is true—that all but three engineers in North Platte voted to strike if the increase in wages is not granted. Word from other division terminals on the Union Pacific is that the vote at each is almost unanimously in favor of walk out if the railroad managers fail to toe the mark.

**Wants To Help Some One.**  
For thirty years J. F. Boyer, of Fertile, Mo., needed help and couldn't find it. That's why he wants to help some one now. Suffering so long himself he feels for all distress from Backache, Nervousness, Loss of Appetite, Lassitude and Kidney disorders. He shows that Electric Bitters work wonders for such troubles. "Five bottles," he writes, "wholly cured me and now I am well and hearty." It's also positively guaranteed for Liver Trouble, Dyspepsia, Blood Disorders, Female Complaints and Malaria. Try them. 50 cents at Stone Drug Co.

**NOTED RUPTURE EXPERT HERE.**  
Seeley, who fitted the Czar of Russia, will be at the Pacific Hotel, North Platte.

P. H. Seeley of Chicago and Philadelphia, the noted truss expert, will be at the Pacific hotel and will remain in North Platte on Friday and Saturday only, December 16th and 17th. Mr. Seeley says: "The Spermatic Shield Truss as now used and approved by the United States government will not only retain any case of rupture perfectly, affording immediate relief, but closes the opening in 10 days on the average case, and costing only proportionate with common trusses." This instrument received the only award in England and in Spain, producing results without surgery or harmful injections. Mr. Seeley has documentary references from the United States government, Washington, D. C., for your inspection. All charity cases without charge, or if any interested call he will be glad to show the truss without charge or fit them if desired. Anyone ruptured should remember the date and take advantage of this unusual opportunity. His home establishment 70 Dearborn street, Chicago.

**Women as Well as Men**

Have to be out in the slush and wet, and as they are not as hardy as men, their shoe needs at this time of the year should be very carefully looked after, for wet feet often mean a doctor bill, and there is a great deal more satisfaction in a shoe bill, for you get more good and more comfort out of what it calls for.
