Yesterday morning sheriff Beal received a lengthy message from the Sheridan county sheriff that two young men, Jay Haskett and Wm. Frezza, had stolen six head of horses and were heading this way. Beal immediately got busy with the telephone and among other places, he telephoned to Lewellen. Shortly after dinner he got word from that place that the parties were caught and in custody. They had cached their horses in the hills just out of town and proceeded to a restaurant to get their dinner, where they were trapped. It was through Beal's quick work that they were apprehended and he should be given due credit.—Ogallala News.

Tomorrow evening "The Climax" will be presented at the Keith. The play is so well known, and the company presenting it is of such splendid ability that there is no question of its merit. When presented here last March it was pronounced the equal of any play ever given on the local stage, and since then it has lost none of its worthiness.

Accepting as correct a dispatch in the Omaha News that the name of R. D. Thomson had been sent to the senate for confirmation as postmaster at North Platte, an item relative to the matter was written and is printed on the first page. This morning, however, the following telegram was received from Congressman Kinkaid: "The postmaster matter is still open, notwithstanding the naming of Mr. Thomson, which was due to a clerical error on the department. While the article on the first page is premature, whatever is said therein stands without apology, no matter what the result."

About Our Repairing

There is something nice about it when we put a new sole on a pair of uppers. We do it over a last, very near the shape the shoe was originally, which means that the shoe is going to look almost as good as new, so it will take a mighty keen observer to tell whether it has been repaired or not. Remember two things, that we are shoe repairers not cobblers and that good shoe repairing costs no more than poor.
