Last Saturday in attempting to stop a runaway team belonging to Albert Haapel, Roland Malmsten was dragged off his feet, stepped on by a horse and the wagon passed over him, yet the injuries he received were not severe.

Miss Daphne Glenn in "The Dollar Princess" has established her right to a place in the front rank of comic opera prima donnas by her enactment of the title role in "The Dollar Princess." Miss Glenn is beautiful, has a charming and cultivated voice, dances gracefully and has proved herself an actress of ability. See and hear her at the Keith Saturday night.

For Rent—Two furnished room steam heated with bath. Will rent single or together. MRS. V. LUCAS.

Joe Frederici and Miss Lillian Patterson were united in marriage at Ogallala on Tuesday and returned to town the latter part of last week. The bride, whose parents live at Dallas, Texas, has made North Platte her home for several months, and is favorably spoken of by acquaintances. Mr. Frederici has spent his life in town and vicinity, is well known and at present is in the employ of the Union Pacific as brakeman.

Our old friend Charley Pass has been considerably indisposed for several weeks and has been staying pretty close indoors.

County Clerk Elliott has been out of his office for several days past on account of sickness, having a severe attack of throat trouble.

Physicians report many cases of measles in town, almost an epidemic, they say. The disease is not a respecter of persons, "grown-ups" as well as children being afflicted.

A. N. Durbin, deputy county treasurer has been confined to the house for a week by a threatened attack of typhoid fever. He is now somewhat better and hopes to resume his work in a day or two.

Indications point to a crowded house for the "Dollar Princess" next Saturday night. It is a musical comedy worth while, and with the eighty people in the cast, there is something doing every minute.

Judge Grimes left Sunday for Kimball to hold a term of court and from there he will go to Harrisburg. He will probably be home the latter part of this week. Court Reporter Cary accompanied him.

The case of Basta against Timmerman for the foreclosure of a mechanic's lien, occupied the district court's attention Thursday, Friday and Saturday and was then continued until Judge Grimes has an open day to hear the conclusion.

A card received in town yesterday announced the birth of John Keith Jr., on January 24th, at Los Angeles. Weight nine pounds. Congratulations are forwarded to the parents by many North Platte friends. John evidently believes that it is never too late to do good; and we bet he is walking erect and stepping high.

The extension of the Union Pacific line to Gering will no doubt have some influence on the Burlington building its Platte valley line. The extension of the Union Pacific into the Gering section open up a populous and fertile country and will tend to increase the number of visitors to North Platte and augment the business of the town.

Our apology is due Brother Krier, of the Lexington Pioneer; when we failed to mention him as having been in the newspaper business for twenty-five years, we did it unintentionally. Mr. Krier has been editor and publisher of the Lexington Pioneer for thirty-four years, making him one of the pioneer newspaper men of the state.

There is a variance of opinion as to how soon the federal court will render a decision in the waterworks case. Some of the attorneys look for a decision within sixty days, while others do not look for it until next fall on account of the many cases under advisement. It is hoped that an early decision may be made and that the vexed question be settled at the earliest possible time.

## Look for Heavy Business.

Davis & Carpenning anticipate heavy automobile sales this coming season, and in view of the demand have purchased ninety cars of different makes for delivery at Cozad at their garage here. These cars will cover a wide range of prices and the firm will be in a position to supply a probable purchaser with any class he desires.

## Auto Mail Delivery.

Thomas Lafferty, rural mail carrier on Route No. 1 out of Brady, was notified by the government this week that he would have to provide himself with an automobile to deliver the mail on his route. It seems that the government is to experiment in different parts of the country with automobile mail delivery for country patrons, and Brady has been selected as one of the points. Mr. Lafferty has not decided as yet if he will purchase a car or give up the route.—Brady Vindicator.

## Trotter Appointed Bank Examiner.

Clyde M. Trotter, cashier of the Brady State Bank, was notified last Thursday of his appointment by Governor Aldrich as a state bank examiner. The position carries a salary of \$1,800 per year. The appointment came to Mr. Trotter unsolicited, and he was not aware that he was being considered until asked by Senator Hoagland and others if he would accept if appointed. One of the requirements of the position is that the appointee must have had three years of experience in the banking business.

## Wolf Bounties May be Paid.

In conversation with Senator Hoagland we learn that the legislature will probably make an appropriation to pay the wolf bounty certificates now on file at Lincoln, and which have not heretofore been paid on account of the lack of money in that fund.

Senator Hoagland is under the impression that "scalpers" will attempt to buy up the certificates at a discount, and suggested that all those who have such claims hold on to them instead of disposing of them at a discount.

Hundreds of dollars worth of these certificates have been sent in by Lincoln county residents and are awaiting payment.

## Building and Loan Meeting.

The directors of the building and loan association met in monthly regular session Saturday evening. Eight loans amounting to \$11,200 were approved and granted. The resignation of J. F. Claubaugh, as director, which was presented some time ago was accepted and C. O. Weingand elected to fill the vacancy. It was voted to declare a nine percent annual dividend on the regular stock for the year ending March 1st. The annual meeting of the association will be held the fourth Saturday evening in March.

The number of share holders in the association is constantly increasing. Last week one man took out fifty shares as an investment for his two grandchildren; another man took out one hundred shares for himself, his wife and his two boys.

## Getting Ready to Let Contract.

The Bridgeport Blade of last Thursday contained this item: On Wednesday of this week C. F. Clawges took W. C. Bradbury and J. P. Jewett of Denver over the right of way of the Union Pacific railroad from Northport to Gering in his automobile. These gentlemen are members of the contracting firm which built the line to its present terminus.

The object of the trip on Wednesday of this week was to examine the proposed grade, learn how deep the frost has penetrated and to see if they could make satisfactory arrangements with farmers along the way for hay, grain and other supplies. They found plenty of feed in the hands of farmers at satisfactory prices.

There is no doubt that the Union Pacific will enter the Gering country in time to handle the coming season's crop.

Messrs. Lameroux and Peterson, representing Kilpatrick Bros., were here yesterday and another party of contractors arrived today. Locating Engineer McKee has been on the ground a day or two, evidently to meet the men who are figuring on this work. It is learned that the contract for forty-five miles of grading and track-laying will be let within the next ten days, and if the weather continues favorable the firm to whom is awarded the contract will get its outfit on the ground at once.

## Shop and Road News.

Gross earnings of all railroads of the country for last month showed a big increase over December, 1909, the total amounting to \$39,688,047, which is a gain over seven per cent.

Gering papers say that the Union Pacific is showing some activity in that section, and it is believed that the company intends to extend its line from Northport to that town this year. It is also rumored in railroad circles here that the extension will be built. The distance is about forty miles.

Hugh Barnhart, former chief clerk to Division Foreman Berry, spent the latter part of last week in town. Saturday night he was given the Knight Templar degree at the Masonic hall. Mr. Barnhart now holds a good position in the master mechanic's office at Cheyenne.

When the local passenger train came in from the east one evening last week a brown hen of the Wyandotte strain was perched on the trucks of the chair car. The trainmen said the fowl was first discovered just out of Omaha, and refused to be disturbed at the many stops made in reaching this terminal. Upon arrival here the hen was taken in charge by an employe.

Railroad gossip at this terminal is to the effect that the Union Pacific will not do anything this year in the way of double-tracking between Julesburg and Sidney, but that some work in that line may be done between Sidney and Cheyenne. It is claimed that the traffic between Julesburg and Sidney does not really call for a double-track, as much of it is diverted at Julesburg, while at Sidney it is necessary to cut up the west bound trains into lighter ones, thus making a greater number of trains.

The sum of two dollars and sixteen cents forms the basis of a suit brought by the Pennsylvania railroad company against a man who refused to pay his fare because he was not provided with a seat on the train on which he traveled. The case is regarded as a test case and is interesting accordingly. A bill introduced into the Nebraska senate would allow the railway or street car company one-fifth of the regular fare in case of failure to provide a passenger with a seat.

## "The Dollar Princess."

The most delightful of all last season's musical comedy successes, "The Dollar Princess," comes to the Keith theatre next Saturday evening after a record of ten months of crowded houses and uninterrupted popularity in New York. Not since "The Merry Widow" has there been a musical piece so full of mirth, beautiful lyrics and graceful waltzes.

"The Dollar Princess" deals with the affairs of the eccentric John Cowder, president of the American Coal Trust. He is a theory that money-hunting foreign noblemen should be taught to work and therefore engages poor but titled people for his servants, paying them fabulous salaries. His butler is a baron and his head groom a French marquis. Cowder is a widower and his brother and nephew palm off Olga Tartaroff, a lady lion tamer on the old man. The coal king believes she is a Russian countess and announces his engagement to her. Alice, his daughter, is furious but she is in love with Freddy Smythe a young Englishman whom she employs as her private secretary and her ingenuity in considering her father's consent to her marriage with Freddy Smythe and exposing the shameless Olga makes an extremely amusing plot.
