### TOWN AND COUNTY NEWS

A half a dozen state cases will come up for hearing in the district court next week, among which are a hay burning case, one for sheep stealing, another for horse stealing and one for adultery.

O. D. Shaner, of Maxwell, transacted business in town yesterday. He just returned from Illinois, and brought back his family who had been living in that state for the past three years. They will reside on the farm southwest of Maxwell.

Perry Carson was released from quarantine Tuesday and resumed his vocation Wednesday. The forced vacation was not particularly enjoyed, but the close confinement proved irksome.

Contracting Agent Bryan says he is writing contracts for beet acreage at a lively rate, having secured 175 acres the first three days of this week. The acreage in the valley west of town will probably be 1,000, while there will be in the neighborhood of 400 acres in the Maxwell section.

Miss Elizabeth Weinberger entertained the young ladies' kensington club Wednesday evening, the function being in favor of Miss Stryker, of Lincoln, who has been a guest of friends in town. The evening, which is said to have been most pleasantly passed, closed with the serving of refreshments.

Furnished rooms, with or without board. Corner 9th and Locust Sts., up stairs.  
Frank T. Redmond is wearing a handsome gold watch which was presented to him Wednesday night by the Knights of Columbus as an evidence of appreciation of his services as Grand Knight. The presentation came as a very great surprise to Mr. Redmond, and it is needless to say that the gift is one which he highly appreciates.

Special sale at a special price of Onyx enamel ware at Tramp's grocery next Saturday.

Members of the Indian Card Club were guests of Miss Kate Seyferth, Miss Irma Clinton and Mrs. V. Von-Goetz, Jr., Wednesday at the home of the former, the afternoon proving a delightful one. In the 500 games Mrs. Geo. B. Dent won the fork and Mrs. Albert Schatz the second prize. Enjoyable refreshments were served.

The latest in Wash Goods, the popular shades for 1911, silk Marquette in all shades, Kaiko silk in all shades, Silk Foulard in all shades, are now shown at the Leader.

The attention of the Lutherans' young and old, is called to the ten cent social to be held next Tuesday evening at the Parish House. The young ladies of the church will provide the refreshments and the form of entertainment and promise a good time, but only for those present. The social is given under the auspices of the ladies aid society for pleasure and the increase of the debt fund.

For Sale—Modern residence No. 408 west Second street. Inquire for particulars at premises.

V. E. Jakl arrived from Huron, S. D., Wednesday and yesterday assumed his duties as weather observer, succeeding Mr. Nichols, who has been transferred to Grand Junction and with his family left for that place last night. Mr. Jakl is an experienced weather observer, and he has promised to give as nearly the kind of weather we desire as is possible.

Wanted—One or more parties to contribute fifteen or more horses or mules for a sale in North Platte, March 4th. Inquire at this office.

Nellie B. Lantz, of Maxwell, has filed her petition in the district court praying for a decree of divorce from her husband Roy C. Lantz on the grounds of extreme cruelty. The plaintiff avers that the defendant had repeatedly struck her, and that on the night of February 18th last he put her and their four year old son out of doors at midnight and would not permit them to re-enter. They were married at Maxwell in 1903.

Seed Corn that has been tested for sale by O. D. Shaner, Maxwell, Neb.

The Club Nevada tendered Mrs. Roland Batie, who will soon leave for Garfield, a farewell party at the home of Mrs. Geo. Schatz Wednesday afternoon. The entertaining features were a farmers' contest and a traveling contest, both of which created much amusement. Prizes in these were awarded to Mrs. W. P. Snyder and Mrs. Bert Naperstock. The place cards were in the shape of small suit cases. Mrs. Batie was presented with a handsome club pin. Refreshments were served at the close of this delightful pleasant afternoon.

### Just a Thousand Off.

In making a note of the sale of the E. R. Goodman residence to Mr. Gilbert, the price was given as \$1,600, when it should have read \$2,600. As a result of this error, Mr. Goodman was kept busy the next forenoon answering phone inquiries as to whether property values had gone "to the bad."

### Miller—Williams

Earl M. Williams of Mt. Vernon, Ill., and Miss Irvadell Miller, of Hershey, Neb., were quietly married at the mans Wednesday morning Feb. 22nd by Rev. Williams.

Mr. and Mrs. Williams left on No. 8 for Omaha and Kansas City and from there they go to Exeter, Mo., where Mr. Williams will be engaged in the wholesale business with his brother.

### Masons Observe Anniversary

Wednesday evening Masons and members of their families to the number of 225 celebrated the fourth anniversary of the dedication of the Masonic temple. They assembled in the dining hall at seven o'clock when the ladies of the order served a nice lunch. Following this a program of music and readings was rendered and then dancing and card playing was indulged in until near midnight.

The affair proved most enjoyable one, and was fully appreciated by each one present.

### Bonds for City Hall.

At a meeting of the city council Tuesday evening the initial move toward building a city hall was taken when the city attorney was instructed to draft an ordinance submitting to the electors of the city a proposition to vote \$15,000 in bonds for the construction of the proposed building. This action followed the submitting of plans of the building which had been prepared by Architect Shaffer, and which met the approval of the mayor and council.

When the proposition is placed before the voters it will be fully explained in these columns.

### Library Site Satisfactory

Miss Annie Kramph, secretary of the Carnegie library committee, has received word that the site purchased for the library is satisfactory, and the committee has been instructed to have plans drawn for the building. It is probable that these plans will be made by a Hastings architect who planned the library buildings at York and several other Nebraska towns. These plans will be submitted to Mr. Carnegie's representative for approval before bids for the construction work is asked. The building, it is expected, will be ready for occupancy before the end of the present year.

### Railroads Prepare for the Locusts

Nebraska railroads will experiment with the seventeen year old locust problem this coming year. This is the year that scientists predict the locusts eggs will hatch and that the middle western states will again see the plague of the insects in their midst eating up the crops.

All manner of suggestions are offered for dealing with the pests and some of those may be tried out by the Burlington railroad. All the railroads of the country are naturally interested in the subject because if the crops of the land are damaged the railroads will have hard picking with no grain to move.

D. Clem Deaver, head of the land seekers' information bureau of the Burlington, is now corresponding with a man who asserts that he has a liquid which will effectually kill off the locust. The liquid may be used as a spray to protect the young trees, which the insects attack and very often kill. The boring into the bark and the laying of the locust eggs in the trees poisons the sap of the young fruit trees and the next fall they very often die.

"The Locust scare may well develop into a real one," said Mr. Deaver Monday. "It is quite possible that in spite of the amount of cultivation in Nebraska the insects will be here in force or migrate to this state. One of the reasons the locust did not do much damage in 1894 was because in that year there was no crops to destroy, the dry weather having killed them all."

"Later on as the spring approaches there will probably be some scientist who will show us a way how to either kill the eggs or prevent the ones laid this year from hatching.

Mrs. J. C. Federhoof was the recipient of a surprise party Tuesday evening on the occasion of her birth anniversary. The invaders, numbering about thirty—principally members of the Harmony Club—asssembled at the Dr. McCabe residence and went from there to the Federhoof home in a body. The appearance of the invaders was entirely unexpected but they were hospitably received and throughout the entire evening that hospitality was in evidence. The entertaining feature was high five and very enjoyable did the games prove. At the close refreshments, provided by the invaders were served. Mrs. Federhoof was presented with a suitable memoir of the occasion, and all wished her many returns of the day.

New Gingham at Wilcox Department Store.

The final session of the 500 Club for the season was held Tuesday evening at the Clinton residence, Mrs. Clinton and Mrs. Cunningham being the hostesses. The attendance of members was large, seven tables being needed. The evening proved a most enjoyable one, much merriment resulting from the games. At the close a nice two-course lunch was served.

Mr. Kinkader:—If you are tired of sand-hill life, come out of it. I'll trade you a good home in fine town for your land if deeded and clear. Be quick. G. A. Hobson, Fairfield, Neb.

Lewis Huntington, who was sent to the Hastings asylum a couple of years ago, died at that institution Monday. The remains were brought to Maxwell and the funeral held Wednesday, a number of North Platte relatives attending. The deceased was about thirty years of age and leaves a wife and three children.

### Run of the Gates' Special.

The rate paid by Charles W. Gates for a special train from Yuma to New York, 2,989 miles is said to have been in excess of \$6,000, whereas the regular rate for a special train charged by railroads of the west would have been in the neighborhood of \$5,000, perhaps a little less. Railroad men who have read the story of the trip have concluded therefore, that if he paid more than \$5,000 for the train that he paid for speed, for a specified number of hours. He got very little high speed west of Chicago, unforeseen accidents holding back his train until he made but little faster time than some of the transcontinentals. East of Chicago, however, he got what he paid for, if the figures sent out in the press reports are reliable. Here are some figures: Chicago to Elkhart, 101 miles, 106 minutes. Elkhart to Toledo, 143 miles, 134 minutes. Toledo to Cleveland, 108 miles, 97 minutes. Cleveland to Buffalo, 183 miles, 187 minutes. Buffalo to Syracuse, 147 miles, 154 minutes. Syracuse to Albany, 148 miles, 160 minutes. Albany to New York, 143 miles, 143 minutes.

### Will Test Seed Corn for Farmers.

Seed corn will be tested for Nebraska farmers by the Nebraska seed laboratory at the agricultural experiment station at Lincoln. Experiments have shown the necessity for improvement of the state if the crop yield is to be increased.

The following announcement is made by Prof. E. Mead Wilcox: "The 'ear to row' method of improving corn has emphasized the need of selecting seed corn on the ear. To satisfy this demand and to arouse a greater interest in corn improvement, the Nebraska seed laboratory has arranged to make single ear germination tests of seed corn for Nebraska growers. Not more than fifty such tests, however, can be made for any one person. If you wish your seed tested write us to that effect and we will send you fifty small envelopes in which the samples can be sent to the laboratory. Let us know at once if you wish us to make this test. Address Nebraska Seed Laboratory, Lincoln, Neb."

For Rent—About 110 acres adjoining Sutherland. Very best farming land; irrigated; large pasture; good house and barn; most desirable location. Inquire Sutherland State Bank or write to O. Berndes, 1031 N. 34th St., Omaha, Neb.

# FREE<sup>+</sup> Rheumatics

FULL SIZE <sup>\$1.00</sup> Pkg. of the Great "CELMO"  
British Remedy

To aid in introducing the famous British remedy, Celmo, in this community, we are permitted to distribute a limited quantity of full-size bottles, absolutely free of cost. We know that any medicine of genuine merit, like Celmo, must gain a firm foothold wherever introduced, when its virtues become known through experiences of cured persons. And the experiences of many who have used Celmo have been very remarkable, indeed. Some had suffered more than a score of years, with the worst forms of rheumatism or other uric acid ailments, and had "tried everything," without receiving any benefit—until they used Celmo. As an illustration, note

### What a French Ambassador Writes:

"For upwards of 24 years I suffered periodically from attacks of Rheumatic Gout which at different times had a very bad effect on my general health, on two or three occasions even endangering my life. You advised me to use Celmo. It is my duty to state that I have recovered and could not feel better. (After 2 1/2 years) Have had no return to date of my case."

It is a noteworthy fact that members of the Nobility and other eminent personages of Europe, who do not make a practice of writing testimonials, have endorsed Celmo in the highest terms. In the U. S. also, Celmo's success has been unparalleled. The reason for this is simply that Celmo removes the cause of rheumatic conditions, instead of merely suppressing symptoms for a time, or "killing the pain" by killing the nerves. Thus it produces permanent results. Celmo contains no Opium, Mercury, Arsenic, or other injurious ingredients, commonly used in rheumatism remedies; guaranteed under U. S. Food & Drugs Act. Can be taken by a child without the least harm.

### Be One of Those to Get a Free Bottle

Because Celmo is "different," in a class by itself, because it lives up to its claims, the Celmo Co. has no hesitancy in making this free offer.
