

The North Platte Semi-Weekly Tribune.

TWENTY-SIXTH YEAR.

NORTH PLATTE, NEBRASKA, MARCH 14, 1911.

NO 15

TOWN AND COUNTY NEWS

Col. Wm. Pitt is able to be out on the streets after being confined to the house for three months by a complication of diseases.

Last you forget—republican and democratic mass conventions will be held at the court house tomorrow evening for the purpose of placing in nomination candidates for the city offices.

At the J. C. Wilson sale of stock and farm implements held Friday the receipts were about seven thousand dollars. This did not include Mr. Wilson's fat cattle or his Percheron horses.

Architect Shaffer is preparing a sketch of the proposed city hall, for which the tax payers will ask to vote \$15,000 in bonds. This sketch will be displayed in the window of one of our business houses. It will give the voters some idea of what they will get for the money expended.

For March weather we are having a brand only knows to the banana belt—more pleasant and invigorating than that of southern California. Tourists to Los Angeles should stopover in North Platte for a couple of weeks and enjoy our balmy spring atmosphere.

In speaking of "The Barrier," which comes to the Keith next Monday evening, the New York World said: "It proved to be the most realistic stage presentation of any book play of recent years, and the only admissible one on Alaska." This play is presented under the auspices of the Lady Hustlers.

The other day Mayor Patterson had a rather unusual request. A well known man in town who has been drinking much more whisky than was for his good, sent a friend to the mayor asking that he notify the saloon keepers not to sell him, the booze consumer, any more liquor. The mayor complied with the request and the booze fighter is on the "black list."

Judge Grant issued marriage licenses Saturday evening to Louis W. Grady and Hazel Albro and to C. H. Vagner and Blanche Albro. The two young ladies, who live west of town, are cousins, the former the daughter of Steve Albro and the latter of Ben Albro. We understand the ceremony of both couple will occur tomorrow at the same time and place.

The building to be erected by Henry Waltemath this summer on the site now occupied by the Newton barber shop and Broeker's tailor shop, will have a frontage of forty-four feet. The north twenty-two feet will extend back sixty-six feet and the south twenty-two feet will have a depth of ninety-six feet. The building will be three stories with pressed brick front.

Accompanied by Ralph Ray, the remains of the late Judge M. Ray arrived from Hot Springs, S. D., Sunday night. Yesterday afternoon the remains, escorted by members of the G. A. R. and the L. O. O. F., were taken to the Episcopal church where services were conducted by the rector, Rev. Mr. Chapman. This morning the remains were taken to the Fort McPherson national cemetery and interred in accordance with an expressed wish of the Judge while living.

Miss Kathleen Flynn spent Sunday with friends in Ogalala.

Mr. and Mrs. Victor VonGoetz, Jr., visited friends in Lexington Sunday.

Before making any changes in your bath room see the Platte Plumbing and Heating Co.

Senator Hoagland came up from Lincoln Friday night and remained until Sunday night.

J. F. Keefe left Sunday night for Iowa to attend the funeral of the mother of a close friend.

Miss Blanche Warner, of Denver, arrived in town Friday and will visit friends for several weeks.

L. E. Hastings will improve his residence by the addition of porches, and will also have a barn erected.

Mr. and Mrs. J. L. Coates and son, who had been visiting relatives in town returned to their home in Lewellen Saturday.

For Rent—22 acres three miles west of town; also 240 acres north of Wellfleet. Address W. V. Hoagland, North Platte.

Mrs. J. M. Ray arrived from Denver Saturday, coming here to attend the funeral of her husband. Mrs. Ray has improved greatly in health since leaving North Platte.

District court is still in session and Judge Grimes has announced that he will be on hand to do business until the 18th. Not much, however, is being done in court.

The Tolefsen lumber yard at Sutherland, which was burned last Thursday night, will at once be restored and the business continued. Work began yesterday on the necessary buildings.

Contractor McMichael has begun work on two five-room houses for Hupfer & Landgraf on Second street in the Trustee's addition. These houses will be offered for sale as soon as completed.

For Sale—Two fresh milk cows at my farm ten miles South east of city. Phone 554 R line.

The Hershey Gazette, after disseminating the news of that village for four weeks, has been discontinued by the publisher Mr. Brewer, who found work unremunerative. An effort will be made to secure a man to take up the work.

Your diamonds and fine jewelry should be examined at intervals to see if any of the prongs are worn to such an extent as to allow the stones to loosen. We will give you our opinion gratis, and should they need re-setting we have expert workman to do the work in our own shop.

DIXON, The Jeweler.

Plans for the Carnegie library have been submitted to the committee by Architect Shaffer and also by a Hastings architect. These plans will be considered at a meeting of the committee to be held soon, and the plan accepted will be sent to Mr. Carnegie's representative for approval.

Furnished rooms for rent. Inquire at 400 East Third.

E. F. Seeberger, who has been confined to the house for two weeks with ulceration of the stomach, is getting along nicely, and the attending physician says he can sit up for a brief period tomorrow and a week later he will be able to walk around. He had been on a limited diet and this weakened him, but now he is being given more liberal meals.

Shop and Road News.

"Bill" Kinglety, of Sidney, a former North Platte engineer, was taken to Omaha a few days ago to take treatment for dropsy.

Conductor Chapman, who had been in an Omaha hospital for a number of weeks following the accident in which he lost a leg, returned to town Sunday.

Engineer Batic failed to dispose of his property as expected, and will not move to his farm in Myrtle precinct for another year. He will continue in the service of the company.

A Greek employed in the new yards fell or was knocked under a moving car Saturday. Three fingers of one hand were amputated and his hip was badly lacerated. Company physicians gave the necessary medical aid.

Train No. 16 left Denver one hour and forty-eight minutes late Sunday night and arrived at this terminal on time yesterday morning. The run of eighty-one miles from Julesburg to North Platte was made by Engineer Fenwick in just eighty minutes, or a fraction over a mile a minute for the entire distance. The train was held in Denver for the show troupe which appeared at the Keith last night.

In looking over the number of deaths of railroad men caused by accidents during the last year, and who were members of the Brotherhood of Railway Trainmen, it is found that the total number of fatalities in this class was 1,067. Besides these the bulletins each month by the grand lodge show a large list that were injured and some disabled. The number of deaths by months run as follows: For January, 1910, there were 90, February 71, March 105, April 94, May 101, June 86, July 85, August 83, September 75, October 93, November 84, and December 100.

Ed Rittgarn, a car repairer, had a narrow escape from death Friday afternoon. He was shoving a push cart across the tracks when an engine kicked several cars in on a track. Rittgarn saw the cars coming and attempted to get in the clear with the cart. He succeeded in getting the cart over, but the car struck and knocked him down. As the beam of the first truck passed over him, he had the presence of mind to grasp the brake rod or beam and hanging on to it was dragged about a hundred feet when the cars were stopped by a switchman hurriedly mounting one and applying the brake. Rittgarn was badly bruised but not seriously injured. The car was of different construction than practically all the other cars, else death would have resulted.

Johnson Buys Small Stock.

At the public sale of the Small stock of shoes, the fixtures and the lease of the room, offered Saturday by Trustee Keefe, J. S. Johnson owner of Johnson cash store made the highest offer and his bid of \$2,665 was accepted. The sum realized will result in a dividend of about thirty per cent to the creditors. Mr. Johnson will distribute the stock among the several stores he conducts.

We are so sure of being able to please you, both as to quality and price, that all we ask is a trial.

PLATTE PLUMBING & HEATING CO.

The Placek bill for the re-apportionment of the state into legislative districts shows up as a flagrant gerrymandering. In a dozen instances districts are so composed as to insure the election of democrats, and former republican districts are constituted so as to give the democrats at least a fighting chance to win. Under the bill, however, the west part of the state is given more members. Lincoln county will be a representative district by itself and this county with Dawson, Perkins and Keith will form a senatorial district.

A PRETTY SUBURBAN HOME FOR SALE.

We have for Sale the "Hupfer place on the north side, consisting of one block of ground, six room house, good hay barn, chicken house and chicken yards, good cellar. Two lots with fruit trees and four lots in with alfalfa. Year before last, there were 15 tons of alfalfa hay cut off these four lots. This block of ground is on the Dillon ridge, being the finest soil in the country.

We have this listed at a very low price of \$3,500.00 and can sell on easy terms. The improvements alone are worth \$3,000.00.

TEMPLE REAL ESTATE & INS. AGY, 1 & 2 McDonald Block.

SPRING OPENING, 1911, At THE LEADER.

We take pleasure in announcing to the public that our stock of spring and summer goods have arrived and we most cordially invite your inspection of our mammoth line. At no time since the establishment of our business in North Platte eighteen years ago, have we displayed such a select line of merchandise as we have on exhibition for the 1911 season. During the three weeks we spent in the eastern markets we selected our stock with the utmost care, having in view the desire to obtain the latest of everything in the lines we carry and the best the market afforded.

In our dress goods department we are showing all the novelties in woolen goods, silks, foulards, silk marquisettes, chantillys, tailor suitings, suzeine silks and the other popular weaves of the season. We are certainly proud of our showing in our dress goods department and we are certain our customers will compliment the line carried. In high grade dress goods, we carry one-dress patterns only, no two alike, which is a feature desired by many customers. Allovers and trimmings to match every pattern we carry in stock.

In our ready-to-wear department we are showing an exceptionally fine line of ladies' tailored suits, long and short coats, dresses, dress skirts, misses and children's wash dresses, children's jackets, shirt waists, long and short kimono's, wrappers, silk and near silk petticoats, and many other items in the ready-to-wear line.

Our stock in this department is so varied as to insure fit and style for all. Alterations free.

In the Wash Goods department will be found the latest weaves and shades in embroidered voiles, plain voiles, challies and other goods ranging from 15 cents to \$1.00 per yard.

Underwear, for ladies', misses and children in knit and muslin from the cheapest to the best in all sizes.

Draperies and Lace Curtains. To beautify your home for spring you should see our stock. Curtains from \$1.25 a pair up \$25.00, draperies from 15 to 75c a yard.

In our shoe, clothing and other departments will be found all the new spring offerings; all the newness to be found in the market, and at prices that lead all others. In fact if you want the latest you must necessarily come to The Leader for it; if it isn't here it won't be found in town.

An early inspection of our stock is requested.

THE LEADER, - J. PIZER.

"The Barrier."

On Monday evening, Mar. 20, "The Barrier," will have its initial performance in this city. It will undoubtedly be the dramatic event of the season. Not only does "The Barrier" come with the endorsement of New York and other cities, but this endorsement is supplemented by unstinted praise for the excellent work of the company that has been organized for its presentation.

Miss Helen Barham, who will appear in the role of "Necia," has long been a favorite among theatre goers of the country. Her work is complete in every detail and there is ample opportunity for her to display her emotional talents.

Mr. Norval MacGregor, who will be seen as "Capt. Burrell," will again demonstrate his power and strength in this, one of his best characters.

Mr. Cleveland will be seen in the role of the French Canadian and as the New York World said, "Last night Mr. Cleveland as 'Foleon' gave a remarkable performance. This talented young actor has an excellent career before him."

Attacks School Principal.

A severe attack on school principal, Chas. B. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c at Stone Drug Co.

Summer Tillage.

Last year, with the year's rainfall less than eleven inches, the wheat plants at the North Platte experiment station yielded over thirty bushels per acre. This was due to the practice of summer tillage, by which the rainfall of the year before had been stored for the use of the next year's crop. It takes double time to make a crop by this method, but not double expense.

While two years' cultivation is required, there is of course only one seeding and one harvesting. In a bulletin just issued the practice of summer tillage is highly recommended for western Nebraska. The average yields at the station are more than double the average yield in humid sections anywhere in the country. If these averages can be maintained on a farm scale this western Nebraska land is worth as much for wheat growing, acre for acre, as the land further east.—Lincoln Journal.

Real Estate Transfers.

Lincoln Development Co., to James W. Rose, southeast quarter of the northeast quarter section 35-13-29 \$3,000.

J. W. Payne to First Baptist church lots 10, 11, and 12, block 20, Town Lot Co. Addn., \$5,000.

First Baptist church to J. W. Payne, lots 3 and 4, block 132, \$12,000.

Fred Pierson to H. J. and C. F. Mier, northeast quarter section 21-13-34, \$4,500.

Big Ben will ring you out of bed on time. The best alarm clock made. DIXON, The Jeweler.

By a vote of fifty-two to thirty-three the Evan's anti-treat bill was killed in the House Saturday. For four hours the "drys" conducted a skillful filibuster in an attempt to prevent a vote on the bill until the following Monday, but after four hours the vote was forced. Fifteen members were absent when the vote was taken.

ONE WAY OUT.

A Resident of North Platte Shows the Way.

Only one way to cure a bad back. Liniment and plasters may relieve it; they won't cure it. Backache means sick kidneys. Doan's Kidney Pills cure all kidney ills.

North Platte people prove this. Read a case of it:

J. C. McGowan, 321 S. Chestnut St., North Platte, Nebr., says: "Some six months ago I had an attack of kidney trouble and suffered from all the aches and pains that accompany this disease. I began using Doan's Kidney Pills, procured from McDonnell & Graves' Drug Store and it required only one box to rid me of every symptom of the trouble. The cure proved to be a permanent one, as no kidney disorders have since appeared. I also gave Doan's Kidney Pills to our little girl who suffered from backache and a kidney weakness and proved equally satisfactory in her case."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Captain Burrell and Necia in "The Barrier" at The Keith Monday Evening, March 20th.
