

PURSES

No ladies outfit is quite complete without a silver purse. There is that same distinction in the kind that comes from our store as there is in every article we sell. Things of this kind must be of the right kind or they become vulgar, and there is no lasting satisfaction in possessing them.

There is something which is of very material interest to us, though, and it is, are you going to purchase your new suit from us or someone else? If you see our clothes, we know of whom you'll buy. Why not give us a chance. Our time is yours.
