## The Tie Between us and the Kitchen

is a close one, maybe you have never thought it over, but nothing contributes so much to true home comfort as a properly equipped kitchen. The cook stove or range is the most important part of the kitchen furnishings, and you should have one that will do its work properly and in the most cleanly manner. This means sweet temper for the women folks, good food, so there is nothing else which contributes so much to the happiness of the home. Our prices on steel ranges will astonish you if you had an idea they could be bought so low as we have priced them you would have had one long ago.

## Elks Dedicate Their Fine New Home.

North Platte Lodge No. 985, Benevolent and Protective Order of Elks was instituted in June, 1905, with a charter membership of thirty-four, the greater number of whom had previously become members of the Grand Island lodge. The lodge was instituted by members of the Omaha and Grand Island lodges who came here in goodly numbers and the event proved quite a day for North Platte.

While the lodge has always been a live wire its membership did not increase rapidly, the members not soliciting applications and up to June, 1910, the live membership was but a few over one hundred. When the decision to build a new home was arrived at, efforts to increase the membership were made, and in less than a year the membership has more than doubled, the total at this time being 226 with about forty applications for membership on file.

The first move toward a home was made about three years ago when the trustees were authorized to purchase a site, with the result that the lot on the corner of Fourth and Dewey, 66x132 feet, was purchased of the Presbyterian church for \$3,000. Making payments on this lot exhausted the finances of the lodge as fast as accumulated, but there were "boosters" among the members who said they could not sleep well at night until a building was assured, and when they did sleep visions of the building were visible.

In March, 1910, the trustee were authorized to secure funds to erect a home, and a building committee consisting of Messrs. Neville, Seeberger, McDonald and Cunningham appointed. Architect Carl Shaffer was employed to draw plans which were later accepted and the contract awarded to R. P. Basta on June 4th, and on July 1st active work on the building began. The contract price was \$22,168, exclusive of the heating plant and plumbing which was placed by Ginn & White at a cost of \$5,050. The building was turned over to the committee in January.

The building is three-stories, 66x86 feet built of cherry-red pressed brick with Bedford stone trimmings, the design being Romanesque. The lower floor is devoted to three store rooms, which were, upon completion, occupied by the Kaufman-Wernet Co.

The main entrance to the second and third floors are on Fourth street. The second floor is used exclusively for club purposes. Upon leaving the entrance hall one passes into the house secretary's office, thence into a lounging room twenty feet square, off of which is the reading room of the same size. These two rooms are furnished with mahogany furniture upholstered with green leather. The finish of these rooms is in quarter sawed oak, natural finish. From the lounging room there is an entrance to the billiard room, 20x40. This is supplied with two billiard tables and two pool tables of mission style, as is also in the well settees. Rubber matting is used on the floor, and in this room is also a cigar case.

From the billiard room there is an entrance to the banquet room which is also 20x40, the finish of which is in Georgia pine. In the rear of the billiard and banquet rooms is located the grille or card room, 14x25, and a well appointed kitchen. The grille room is finished in Flemish oak, large fire place, beam ceiling and paneled walls, with card tables and chairs to match. This room is a gem. This floor also contains coat and toilet rooms.

The third floor is devoted to lodge purposes. Upon leaving the entrance hall one passes into a large hall that leads directly to a reception room 20x36 feet, furnished with handsome Flemish oak chairs and settees upholstered in red leather. From this room entrance is gained to the lodge room 42x46. The wood work of this room is mission finish, with furniture to match that finish. The floors are maple. The furniture in this room is of a very high grade and made to order for the lodge in order to give the best symmetry in placing it. On this floor are a ladies' retiring room, anti-room, toilet and property rooms.

The indirect system of lighting is used throughout the building, thus giving a perfect radiation of light without glare. The plumbing is of the most modern type and the heat radiation is ample to insure comfort in the most severe weather.

For the dedicatory occasion the interior of the building had been handsomely decorated, under the direction

### New Councilmen Take Seats.

The councilmen-elect—Brook, Buchanan, Crosby and Donaldson took their seats as members of that body Tuesday evening. Mayor Patterson delivered an inaugural address in which he expressed his appreciation of the action of the people in re-electing him; he desired to carry out the expressed wishes of the people in all things, and particularly the waterworks and the city hall. The people had not, however, expressed their wish relative to the granting of liquor licenses, and in view of the lack of this expression, he did not deem it wise for the council to make any new departure in this regard. He asked the support of the councilmen, and hoped, when he vacated the office two years hence to see a bigger and better North Platte.

Mayor Patterson then announced the following appointments, and they were confirmed by the council: J. J. Halligan city attorney, W. B. Salisbury street commissioner, Wm. Otten chief of police, Paul Meyer city engineer, Dr. D. T. Quigley city physician, Chas. Sandall chief of fire department, Willads Hansen school house police and Joseph Wilson court house police.

The bonds of the officers were approved. Residents of the east end complained of rubbish being deposited on certain lots and the chief of police was instructed to investigate the matter. Property owners on the west side of Pine street petitioned the council to have made a new survey for sidewalks, as all walks were out of line. They also asked that walks now out of line be torn up and relaid. The new constitution of the fire department was referred to the ordinance committee. The ordinance defining the city limits, in which an error had been made, was referred to the proper committee for correction. No objections being made to the proposed lateral sewer in District A and the extension to District N, an ordinance was directed drawn authorizing the construction of such laterals.

### Sustains Mayor Veto.

At the meeting of the city council Tuesday evening, Mayor Patterson's veto of the hospital ordinance was sustained by vote of four to three—Tracy being absent. In returning the ordinance to the council unsigned, Mayor Patterson gave four reasons for his action. First that the passage of the ordinance was not in accordance with the law; second that there is no authority by law for the city to regulate hospitals established by private parties; third because the ordinance is unconstitutional in that it seeks to deprive owners of real estate the right to conduct a lawful business; fourth, the ordinance does not pretend to regulate, but attempts to delegate to chance owners of real estate the right to blackmail or drive such business out of the city. The mayor's reasons were accompanied by an opinion from City Attorney Halligan declaring the passage of the ordinance faulty and its provisions unconstitutional.

### Letts Goes to Cheyenne.

Fred C. Letts, formerly of this city, but for a number of years trainmaster or assistant superintendent at Laramie, has been transferred to Cheyenne for similar duty. This is a promotion for Mr. Letts, is well deserved and one that his North Platte friends will be glad to learn. The transfer became effective April 15th, and Mr. and Mrs. Letts will locate in Cheyenne this week.

### Saved His Mother's Life.

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all my friends were looking for me to die when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c at Stone Drug Co.

### Funeral of J. A. Jones.

The funeral services of the late J. A. Jones were held at the residence Wednesday afternoon and were conducted by the Christian Science Society, of which the deceased was a consistent member, in the presence of a large number of friends. The floral offerings were very many and beautiful consisting of wreaths and emblems presented by the O. R. C., Railroad Employees, B. of L. E., B. of L. F. & E., Christian Science Society, Junior and Senior classes of the high school, Eighth Grade of the Washington school, and from friends and different clubs. At the cemetery the services, which were brief but very impressive, were conducted by Rev. Porter of the M. E. church.

James A. Jones was born in Nelson county, Virginia, in September, 1866, and was the son of Mr. and Mrs. M. C. Jones. Early in life the deceased evinced a strong preference for railroad work and at the age of twenty-one entered the service of the Southern railway as an operator and faithfully served that company at various points until eight years ago when he came to the Union Pacific as dispatcher, being stationed at several points before locating in this city. In 1890 he was married to Mary Corbin at Greensboro, N. C., and to this union was born three children, Corbin, Margaret and George, who are left to mourn the loss of a loving husband and kind father. Some five years ago while in New Mexico to regain his falling health, he embraced the Christian Science belief, for which he had great love an unflinching faith to the last moment of his life. Of him it can be said no man tried harder to exemplify in his lily life what the life of a true Christian should be.

Dr. J. K. Elms the eye specialist will fit glasses, furnish medicinal, do his surgical work and treat all forms of chronic disease for one half of former prices on Saturdays, Sundays and Mondays only. Office over Star Clothing House.

### Every Person in North Platte, Read This.

If any person or persons shall put the carcass of any dead animal, or the offals from any slaughter house or butcher's establishment, packing house, or fish house, or any spoiled meats, or spoiled fish, or any putrid animal substance, or the contents of any privy vault, upon or into any river, bay, creek, pond, canal, road, street, alley, lot, field, meadow public ground, market space, or common, or if the owner or owners, occupant or occupants thereof shall knowingly permit the same to remain in any of the aforesaid situations, to the annoyance of the citizens of this state, or any of them, or shall neglect or refuse to remove or abate the nuisance occasioned thereby, within twenty-four hours after knowledge of the existence of such nuisance upon any of the above described premises owned or occupied by him, her, or them, or after notice thereof in writing from the street commissioner, supervisor, constable, any trustee, or health officer of any city or precinct in which such nuisance shall exist, every such person shall be fined in any sum not less than one nor more than fifty dollars. An infraction of this act shall be deemed a second offense against the provisions of this section and every like neglect of each twenty-four hours thereafter shall be considered an additional offense against the provisions of this section.

I. L. MILTONBERGER, Sheriff.

W. H. Rowland, traveling passenger agent of the Pennsylvania railroad, was a business caller at the railroad office Tuesday.

### Midnight in the Ozarks.

and yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believed it saved my life," he writes "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, la-grippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quincy, it's the best known remedy. Price 50c and \$1.00. Trial bottle free. Guaranteed by Stone Drug Co.
