TWENTY-SIXTH YEAR.

NORTH PLATTE, NEBRASKA, MAY 2, 1911.

NO 29

Consider well before you buy vegetables. Think for a moment of how they are bought and kept. Vegetables should be fresh and moist with the appearance of having just come from where nature grew them. That is, when they are well kept—the way we keep them.

This is the reason why all our vegetables look as if they had just arrived—with all that delicious, fresh, natural flavor you like so well. And we take good care that not a moment is lost in their delivery to you. Send a trial order.

Some prices of the choicest and freshest stock in town:

The Tribune stated that the handsome chair presented Judge Grimes was from the lawyers of Scotts Bluffs county, which was erroneous. The donors were friends at Oshkosh.

Wm. Beatty and M. N. Holcomb arrived last week from Wilcox, Ariz., with five hundred head of cattle which they will pasture on their respective ranches at Brady and Maxwell.

Do Ghosts Haunt Swamps?

Ne, Never. Its foolish to fear a fancied evil, when there are real and deadly perils to guard against swamps and marshes, bayous, and lowlands. These are the malarial germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Ducama, N. C., "and I've had fine health every since." Use this safe, sure remedy only. 50c at Stone Drug Co.

More Moisture.

Following the inch of rain Tuesday this section received an additional inch Saturday afternoon and night, and Sunday there was a mild blizzard, a wet snow falling the greater part of the day, which melted almost as rapidly as it fell. With this total of two and one half inches of precipitation the ground has become thoroughly soaked and in prime condition for farming operations.

Furniture for Sale.

On Saturday, May 6th, I will sell at 720 E. Fifth street, what is left of the Commercial Hotel furniture, consisting of eighteen beds and fifteen commodes and dressers, and a few kitchen utensils. Sale to commence at 2 p. m.

J. W. STONE.

Exclusive Car for Ladies.

"Ladies Cars" in which women traveling alone may harbor themselves while on long journeys are to be tried out by the Burlington road on its Chicago Omaha line. No man will be allowed within the portals of the "ladies car" unless by special invitation from one of the party in the car.

One of the innovations in railroad work that is being considered in conjunction with the ladies car proposition is that the women shall be allowed to cook their own meals. A stove, model dining room and kitchen, shall be a part of the equipment.

DOING THEIR DUTY.

Scores of North Platte Readers are Learning the Duty of Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow.

Urinary trouble diabetes.

Doan's Kidney Pills cure them all.

North Platte people endorse our claim.

August Ackerman, 221 So. Walnut, North Platte, Nebr., says: "I still hold a very high opinion of Doan's Kidney Pills. I used them for backache, arising from kidney trouble, and received the best of results. It is over three years since I have had occasion to use Doan's Kidney Pills, but my health has been splendid, not a symptom of kidney trouble having bothered me. I can endorse this excellent remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and use no other.

Saved Child from Death.

After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time, we tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, lagrippe, asthma, croup and sore lungs, it's the most infallible remedy that's made. Price 50 cents and \$1.00. Trial bottle free. Guaranteed by Stone Drug Co.

Union Pacific Gets in the Game.

The Union Pacific has decided that if a railroad is to be built west from Callaway to Gandy the Union Pacific will build it. This is a decision that was reached by the directors of the Union Pacific company held in New York on the eleventh day of April, and at that meeting the construction of the line was authorized if the people along the route would donate the right-of-way.

The decision of the Union Pacific to build this line was hastened by the energy of Promoter Durant, who had practically secured the promise of sufficient bonds and subscriptions to build the road. General Manager Mohler learned of Mr. Durant's activity and invasion of Union Pacific territory and at once sent a man to gather up the details of Durant's work. Having secured this, Mr. Mohler took up the matter with President Lovett, of the Union Pacific, when the latter was returning from California last month, and upon reaching New York Mr. Lovett laid the matter before the board of directors with the result stated above.

Years ago the Union Pacific surveyed a line west from Callaway to a point a few miles west of Gandy, the line running about a mile and a half north of that town. Yesterday a party of civil engineers arrived at Callaway and this morning started out to retrace this old survey, and at the same time two other men left Callaway to secure the right-of-way.

The Tribune has direct information that the Union Pacific is not running a bluff; that it is in earnest in the matter, and will build the road. Our informant we believe is reliable, and it looks as though the people of Logan county, after many years of waiting, are to have a railroad.

Coming Friday Evening.

After a series of brilliant successes throughout the leading cities of Europe the past year, Williams' Famous Jubilee Singers of the world's greatest harmonizing octet of college colored artists, are again coming to North Platte, it being two and one-half years since these favorites appeared here. The success at former visits will be recalled readily. Commenting upon the work of the Williams Co. which appeared in Los Angeles recently before an audience of 3,000 persons in the auditorium, the press of that city states that the excellence of the program was such that the artists were recalled in some of their selections as many as four times and concludes by stating, "It is without doubt the world's greatest octet."

A Burglar's Awful Deed

may not paralyze a home so long as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlap, of Leadhill, Tenn. If ailing try them. 25 cents at Stone Drug Co.

Sunday Closing Vote.

The people of North Platte by an emphatic majority are in favor of allowing the postoffice employees to take a rest of Sunday.

They so recorded this wish by a vote of 1,341 for the Sunday closing and 249 against. Of the 182 votes cast by business and professional men, 163 were in favor of closing and nineteen against.

Postmaster Davis will at once report the result of the ballot to the department at Washington, and it is probable that within two weeks orders will be received to suspend giving out the delivery mail on Sunday. Those patrons who desire their mail Sunday can obtain it by renting boxes, as all mail for box renters will be distributed.

Inter-Class Field Meet.

The inter-class field meet of the local high school Friday afternoon attracted a fair sized crowd, and the performance of the entries surprised those unacquainted with the athletic talent of the boys. The result of the events appended below is certainly creditable.
