

For the Boy or Girl Graduate

A Watch makes a most suitable gift. A Watch will teach the young recipient to be careful and punctual—careful of the watch and other things and punctual in keeping engagements. Moreover, a good timepiece is something which renders its owner valuable service and is cherished by many with a certain amount of sentiment—like a faithful friend. If you do buy a watch, buy a good one, for an irregular watch is worse than none at all.

Boy's Watch, Gold Filled, Special Price \$12.00
Girl's Watch, Gold Filled, Special Price, \$11.00

We sell only watches that are tested thoroughly for their accuracy, and receive the guarantee of our expert watchmaker, who has studied the machinery of watches as the school graduate has studied his text book.

Claude Lantz in Trouble.

Sheriff Miltonberger went to a farm north of Brady yesterday and brought back with him Claude Lantz, who is charged with wife desertion. Some time ago Lantz married a daughter of Deputy Sheriff Frank Knapp then living at Maxwell, and soon thereafter refused to live with her and declined to support her as a good husband should at all times. Efforts were made to have him live with his wife, but she spurned the advice of friends, hence the issuance of a warrant. Wife desertion in this state is a felony; a penitentiary offense. Should Lantz agree to live with his wife and treat her kindly, it is probable the case would be dropped.

The road leading to the state station has again reached the billowy stage and stands in need of attention from Roadmaker Thoelecke and his drag.

Although the Union Pacific has announced that its executive committee has authorized the extension of the K. and B. H. branch line west of Callaway the Callaway people hold little faith in the ultimate performance of the promise, says a Callaway paper, and at a mass meeting held Friday night to consider the matter disorder was created by speeches for and against the Union Pacific and the meeting broke up without accomplishing anything.

Little Zeida Donegan, while going home from school Wednesday, was struck by a man riding a wheel on the walks and considerably bruised up. Has it come to pass in North Platte that the life and limb of the children going to and from school in the paths laid out for them are in mortal danger from these law breakers. There is an ordinance in this city providing a penalty for riding bicycles on the sidewalks and by all means this should be enforced before some child is seriously hurt or probably crippled for life.

The dashing Vivian Delavers, who has meandered the streets of North Platte in times past with the careless abandon of a gaily girl, is again in trouble. This time instead of attempting to perforate somebody with leaden pellets, she went into a dry goods at Grand Island store and bought a \$65 gown, Lee Lung, standing good for the payment. Vivian failed to come down with the money and Lung became nervous, with the result he had the officer look her up. Hauled into court the matter was satisfactorily settled between Lung and Vivian.

The Lutheran Brotherhood met this week with Claude Weingand. The regular business was transacted. Prof. Ebricht addressed the men on "Seeking first the Kingdom of God and His Rightness," applying it to the mission of the Brotherhood. The address was pleasing and profitable. The men desiring to do something definite for the church voted to raise funds for painting the parsonage. The committee appointed secured a good sum which with what will no doubt be secured from the men not present assures the success of their object. The election of officers for the ensuing six months resulted in the election of the following: President, E. T. Tramp; Vice Pres., Albin Sandall; Cor. Secy, Harry Moon; Rec. Secy, Oscar Sandall; Treas., C. O. Weingand. The meeting adjourned at a seasonable hour, every one heartily thanking the host and hostess for the hospitality and refreshments. Oilcloths and Linoleums

were first used from the standpoint of cleanliness. Not only are they most sanitary and the most serviceable of all floor coverings, but they look the best and give the most service for the money.

Once you use oilcloth or linoleum on your kitchen and see how much easier it is to keep clean than a floor and how much cleaner it is than a carpet, you will never use anything else.

We don't handle CHEAP goods of this kind, although some of the grades are INEXPENSIVE. Ever stop to think of the difference between these words? The same thing applies to everything we sell and when you realize what it means and see these pretty patterns, you will buy your floor covering as well as your other furnishings at our store.
