Table Talks
Wholesome, Excellent, Indigestion, Pain

After you put your next meal on the table, just sit down and consider your layout for a moment. Ask yourself earnestly, "Have I got the greatest value for the money expended on this meal?"

If you bought your groceries at this store only one answer can be made—you have done all that a clever housewife can do—your meal is the nearest approach to perfection that is possible in a meal. But only the best groceries—the kind we have built a reputation for, can assure you of this.

There is a fine custom in some places where many of the lodges and societies provide a tent on the Chautauqua grounds for their various bodies. Here members may leave wraps, lunches, packages and messages and use it for headquarters. Here members may come to rest between sessions and find comfortable seats provided by the society to which they belong. The management of the Chautauqua announces that it will locate rest tents for any society on the grounds free of charge. It will provide suitable tents at the regular rental and place them in position. Last year the W. R. C. had such a tent and many found it very useful. About one-sixth of the pumice used in the United States comes from the deposits in this county. These deposits are located in Garfield precinct, in the north part of the county, and in Walker precinct in the extreme southeast part. The shipments from Walker precinct are heavier than from the Garfield deposit.

The Tribune has leased one of the rooms in the Geozee building on east Sixth street and will remove thereto about June 15th. This move has been made necessary by the installation of a new press and other machinery that has been ordered, the weight of which necessitates a solid ground floor foundation. The Tribune has been in its present location since August, 1887, nearly twenty-four years, and to remove therefrom seems almost like moving into another town.

Memorial Service Sunday.
Sunday, May 28, at 8 p. m. there will be union memorial services at the Keith theatre with a sermon by Rev. C. B. Harman. All churches and all people in the city are invited to attend the services. The G. A. A., W. R. C., Sons of Veterans, and Spanish war veterans will attend in a body.

Omaha Boosters Visit Us.
The Omaha brigade of boosters, traveling in a finely equipped train of Pullman cars, reached North Platte shortly after one o'clock Tuesday and remained for one hour. Their approach from the west was aided by a siren whistle carried on the train, which could be heard for miles. Upon their arrival, headed by an excellent band, they marched down Dewey street, and then breaking ranks they devoted the remainder of the hour to visiting their respective customers. Mayor Patterson took a load of visitors out to the experimental farm, and told them why the agricultural school should be located there.

Dwelling House Burned.
A five room house in Peniston's addition, owned by the Burlington railroad company and occupied by Mr. and Mrs. John Ruick, burned to the ground early Wednesday morning together with the furniture. At the time the fire started—about two o'clock—there was no one in the house. Ruick works at night for the railroad company and Mrs. Ruick is at a hospital taking treatment. When discovered the flames had gained good headway in the interior of the building, and by the time the fire wagon reached the scene there was nothing to save.

The house was insured for \$400 and the furniture loss is partially covered by insurance.

American Yeomen Entertain.
The Brotherhood of American Yeoman gave a very interesting program to about 250 members and friends Tuesday evenings, at the Odd Fellows' hall. The program consisted of songs, essays and recitations.

After an intellectual treat of one hour there was a drill contest such as is rarely seen in this or in any other city. A team comprised of sixteen girls under the direction and leadership of Dr. Kerr, gave a magnificent demonstration of what patient work will do and reflected great credit upon themselves and leader.

In striking contrast was the comic drill by the men led by Gen. Mgr. Tily, Mr. Welsh acting as director. To say that they were good does not express it—they were great. Of course not as the girls were great, for their work was perfect, while that of the men was simply comedy.

The judges awarded the banner prizes to the ladies. Against this decision the men protested in a lively manner.

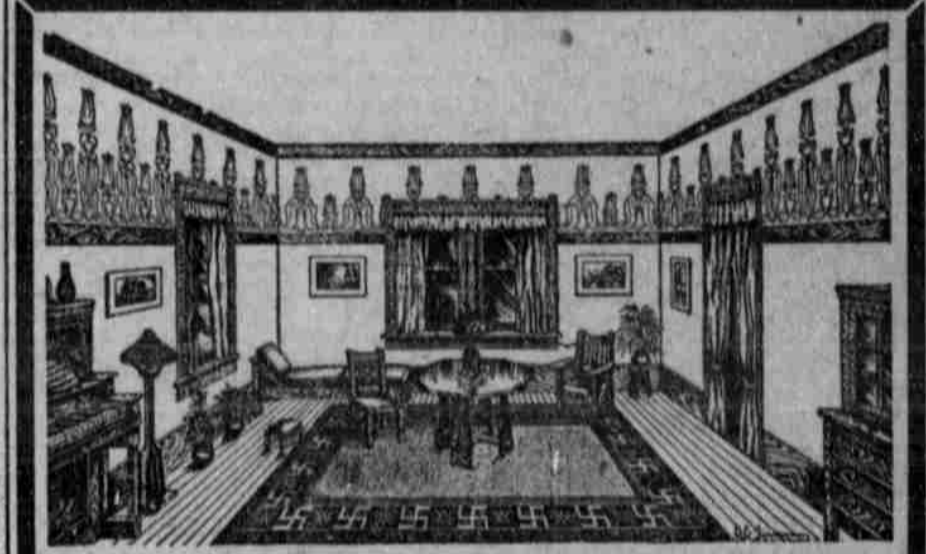

At this time refreshments were served, then all departed to their homes declaring the Yeoman a great success.

9 a. m. officers and members of the G. A. R., W. R. C., Spanish war veterans, high school cadets, civic societies and public school children will proceed to the North Platte cemetery and with appropriate ceremony decorated the graves of the deceased soldiers and others.
12 o'clock noon, the high school cadets are requested to assemble around the flag pole near the post office when the flag will be raised to full height and appropriate salute given.

AN IDEAL ROOM

is not only possible in every home, but it is possible to have every room ideal. This may be effected by the proper furniture and arrangement. Most all stuffy rooms are stuffy from the fact that the furniture does not harmonize. Haven't you been in a house that has an atmosphere of comfort and pleasantness and harmony which made you feel very different? There is nothing so important in fitting up a home as discrimination in selecting your furniture. Come in and let us prove this to you. You can readily see for yourself how, if some of our stock were installed in your house, they would complete your assortment and transform the appearance of that stuffy room.
