

Exclusive Wedding Gifts for June Brides

One of the happiest times of the bride's life is her wedding day. Gift-givers add to her joy, especially when they select a gift that is not commonplace. It is hard work for a jewelry buyer to secure such gifts. However, we have won the confidence of a large number of patrons by the painstaking care with which we make our selections, in order that we may secure something that is different and which will be more than appreciated by the recipient.

Our designs in sterling silverware include the conceptions of the most skillful designers, and are most rich in their simplicity.

Suggestions in Wedding Silver

Vases, Goblets, Candelabra, Pitchers, Frays, Berry Spoons, Card Trays, Bouillon Spoons, Tea Sets, Coffee Sets, Bonbon dishes, Comports, Silver Deposit ware, Sandwich Trays, Knives, Forks, Ladles, Soup Tureens, Platters, Picture Frames, etc.

We have also some new and beautiful patterns in cut glass which will enhance the beauty of any dining room buffet.

Our patterns are exclusive.

RAILROAD NEWS.

Yardmaster Wm. Blalock returned Wednesday night from a brief visit in Cheyenne.

Ray Spurrier has replaced Overseer Carter at the points, where the U. P. company has a flourishing lot of trees.

Samuel T. Carter custodian of the Union Pacific catalpa plantation east of town, has resigned and is succeeded by Roy R. Spurrier. The trees are doing very nicely but are need of rain.

Boilermakers Elmer Owens, Thos. McGovern and Engineer J. P. Ford are taking the civil service examination for appointment as national inspector of locomotive boilers.

The property loss suffered by the Union Pacific in the boiler explosion last Friday is placed at fifty thousand dollars. The financial loss is not, however, the loss to be considered; it was the snapping of the life thread of four persons.

L. W. Rollins, of Grand Island, for many years a Union Pacific engineer, died at his home in that city Sunday and the funeral held Wednesday. The deceased was a member of Division 83, B. of L. E. of this city, having been one of the organizers of the Division over thirty years ago.

Engineers Fonda, M. H. Douglas, Joe and Sebastian Schweiger and Will Stuart were among the representatives of the local order B. of L. E. who attended the funeral of the late L. W. Rollins at Grand Island. Mr. Stuart acted as chaplain at the services at the request of the Masonic fraternity of Grand Island.

Mrs. M. H. Douglas has received notice of reappointment as Grand Organizer and Inspector of the Ladies Auxiliary to the B. of L. E., the fourth successive term in which she will serve the order in that capacity. Territory has not yet been assigned. Last year it covered eight divisions. There are now 500 divisions and more than 2000 members of the order in the United States, Canada, Mexico and Panama.

A Callaway special to the State Journal says: The preliminary arrangements for the construction of the Callaway-Arnold extension of the Union Pacific have been made. The people will donate the right of way and the Harriman interests will build the road. The Union Pacific's promise to build is plain and unqualified and is conditioned only on the people furnishing the right of way. On this there will be little or no delay, so anxious are the people for the road to be built. In fact much of the right of way has been donated.

The Engineers Benevolent Association is the name of a new organization recently established here and one that is sure to prove beneficial to its members. The society has a membership of thirty and was organized for two years. The fee per member is \$10, and it pays a sick benefit of \$25 per month and \$50 dollars per month for two months in event that a member is thrown out of employment. At the end of two years if no benefits have been paid out the money in the treasury will be refunded to the members. The officers are: W. J. Stuart, president and C. F. Tracy, secretary and treasurer, and they serve without remuneration.

The Good Road Special.

The World-Herald's Good Roads Special arrived in North Platte Wednesday evening shortly after six and spent the night in town, leaving on the return trip yesterday morning. In this special good roads boosting car were Dan Stephens and Mayor Walz of Fremont, and Mr. Fetterman representing the World-Herald. The special was met at Gothenburg by a North Platte party composed of Mr. and Mrs. T. C. Patterson and daughter, Mr. and Mrs. Ira L. Bare and son and Messrs. P. A. White, C. T. Whelan, J. E. Fillion, J. B. McDonald, Arthur Rush, Henry Waltemath and Dave Day. The special was piloted into Gothenburg by a half dozen Lexington cars filled with good roads boosters.

Enroute from Gothenburg to North Platte stops were made at Brady and Maxwell, where Mr. Stevens addressed enthusiastic audiences, and suggested that they join in organizing the Platte Valley road association, the object of which is to assist in the construction of a good road from Omaha to North Platte. He pictured the advertising the state would receive from such a road, the benefit it would prove to the farmers and last but not least, the money that auto tourists going over the road would leave in the towns along its course. At Maxwell the delegation was increased by two autos occupied by W. H. McDonald and Dick Baker and Will Henty and his sister. Two of the Lexington cars also came through to North Platte.

During the evening Messrs. Stephens and Walz met a number of road boosters at the Elks home, and the question of making good roads in Lincoln county was discussed at length. Mr. Stephens made many suggestions in regards to good road building, and was of the opinion that generally speaking we had good material at points along the Platte valley for the making of a fine highway through our country.

For Rent—House on West Seventh Phone 219.

GROCERY SPECIAL

Saturday, June 10th.

ONE DAY ONLY.

Wilcox Department Store.

Presbyterian Church.

On Sunday morning at 10:30, will be presented the Children's Day program being prepared by the Sunday school. The music will be led by a choir of men and boys under the direction of Mrs. Schiller. Our annual offering for the Board of Sunday school will be taken at this service. The program will be instructive and interesting. A cordial invitation is extended. The service of worship at 8 o'clock will be a laymen's meeting. The choir will have special music and two well known laymen of the city will speak on timely subjects. All are welcome.

Baptist Social.

The Baptist people and friends will be entertained at the parsonage on Friday night. The pastor and his wife hope to have the entire membership and all friends who can come at their home 1009 west 4th street tonight.

Notice.

All persons interested in securing a good road from North Platte to Maxwell are invited to attend the public meeting to be held in the Court House Monday evening, June 12, 1911, at 8 o'clock p. m. Plans and arrangements will be made for the construction of this road and it is proposed to get state aid to the extent of one-half the cost of the bridge over the North Platte River. The proposed road will shorten the distance to North Platte about 8 miles and will be of great advantage to farmers and all persons driving to North Platte from the east. COMMITTEE.

Why not own a farm in Utah?

The State Board of Land Commissioners will furnish you the money to buy an irrigated farm. Then it will allow you to pay back the money in installments from the crops. The Land Commissioners of the State of Utah has just opened up 7000 acres of farm land under a new state ditch, called the Hatchtown Project, being located about 200 miles south of Salt Lake City. This land is to be sold out with water rights in tracts not to exceed 160 acres to one purchaser, and \$30.00 to \$35.00 per acre on the following terms: \$5.00 per acre cash, balance divided into ten equal annual payments, interest 5 per cent. You understand this is being done by the state of Utah for the purpose of promoting settlement, and is not being sold out by a set of men for profit. See or write, C. E. Temple, Local Agent, North Platte, Nebr.

Our Responsibility to the Public

The policy of this company has always been that of a public servant, to deal frankly and fairly with its patrons, relying for our success upon square dealing, reasonable rates and prompt and satisfactory service.

North Platte has close business and social relations with the farming community as well as the neighboring towns and requires adequate telephone development and modern equipment that will give quick and accurate service.

To give such service this company expects to alter its equipment and reconstruct its plant to conform to all of the latest improvements in telephone apparatus.

The high grade telephone equipment we intend to use is due to a third of a century's untiring effort by a company financially strong, centralized and experienced, enabling it to give the best telephone service in the world.
