

The Table Silver Ware should come from a jewelry store both for the reason of true economy, which means true values for your money, and from the satisfaction that comes from contact with things of this kind being absolutely reliable. From the standpoint of years of service, tableware when bought from us is twice as cheap as the service you get when you buy trash.

Sherman Willberger of Hershey was transacting business at the county seat yesterday and stated that things are moving along nicely in his town, but that more moisture is needed to brighten up the grain. Sherman is an old friend of F. D. Wright and they had a pleasant half hour talking over good old times at Madison, Neb., twenty years ago. L. P. Jepsen, now at Elba, Neb., accompanied Mr. Willberger on the return trip to Hershey.

Mrs. Harry Walrath of West Fifth street will give a lawn party tomorrow afternoon as a farewell to her sister, Mrs. Frank Armstrong, who will accompany her husband to Oregon as soon as word is received from Mr. Beyerle of his arrival there with the goods. A letter from him yesterday, dated Fort Steele, Wyo., says they were jogging along at a good rate and were enjoying the trip fine.

According to reports received in the office of the city superintendent of schools, there were 344 cases of measles among the children of the schools this last winter. 41 cases of small pox were reported among the pupils and 7 cases of scarlet fever. Many cases of chicken pox, pediculosis, pink eye, and other minor diseases were reported and at least 10 cases of diphtheria are known. Seven school children have died during the year but not one of the deaths could be traced directly to any of the above mentioned diseases.

An excursion of land seekers from the east conducted by an Omaha firm to the North Platte valley recently resulted in the sale of \$120,000 worth of land, an important item when it is known that twelve thousand acres changed hands. The placing of people upon the several thousand acres that have heretofore been manless is a most important event for the North Platte valley. At the present time there are about 5,000 people on the farms of over 200,000 acres. It is an average of more than 200 acres to the farm.

Carpenters began work yesterday morning to partition off the Y. M. C. A. room and the business place on the ground floor, so that the outer wall can be remodeled. When the work is completed and the rooms put to rights it is intended to hold a three days opening in the association parlors when attractions in the way of musical program, speakers of note, travalgues and burlesque will make it of some consequence and interest. Perhaps two days will be given to home talent. It is planned to have Bishop Geo. A. Beecher here at that time. The association is in good condition now and it is hoped to entirely clear away indebtedness from the proceeds of the opening entertainments.

Another week of THE LEADER'S GREAT ALTERATION SALE has passed, and but three more weeks remain to purchase reliable merchandise at a

**Discount of 25 to 50 Per Cent**

All agree that this Alteration Sale is the greatest bargain festival The Leader or any other store in North Platte has ever put on. It is not a sale of fag ends and remnants, but the offering of goods that are seasonable, summer goods in the summer time, not summer goods in the winter time. Everything in the big store is offered at a reduction of from 25 to 50 per cent. Ask any of the hundreds of patrons who have been in here and made purchases, they will tell you that these advertised reductions are genuine, not mere newspaper talk.

How about that Carpet or Rug you need? We are closing out this Department and have some mighty attractive bargains to offer you.

**John Fenwick Passes Away.**

North Platte people were shocked Saturday morning to learn of the death of John Fenwick at Basin, Wyo., the night before. The deceased, who would have been eighteen next fall, had been attending a business college at Quincy last winter and while there contracted a cold which threatened pneumonia. On account of this illness he returned home, and though his condition improved he did not regain his normal health. Several weeks ago he went to Basin to visit his sisters in hope that the change of climate would prove beneficial. For a time after his arrival an improvement was noted, but about two weeks ago he was attacked with stomach trouble which later developed typhoid fever, and four days after the fever developed the spirit took its flight.

Accompanied by Mr. and Mrs. H. S. Ridgley, of Basin, and Mrs. Hattie Gant and Mrs. Ethel Farrell, of Missoula, Mont., the remains were brought here Sunday night and the funeral services are being held from the Presbyterian church this afternoon. John Fenwick was a bright, capable and popular boy, one who made and retain friendship of all whom he met, and to all who knew him his death is received with sadness. To the grief stricken family the sincere sympathy of our people is extended.

**New Train Service.**

It is stated that a new Colorado train will be put on the Union Pacific beginning Sunday, June 18, and that several important changes will go into effect on that date. Tentatively the proposed time is this:

New train from Omaha to Denver, leaving Omaha about 11:20 p. m. and reaching Denver at 1:15 p. m. the next day. Shortening time of Oregon and Washington express by about six hours, it will leave between 11 and 12 p. m. (instead of 4 p. m. as now) on the expedited schedule, and reach Portland at 12:45 p. m. third day. Its time from Chicago to Portland will be seventy-nine hours. Train No. 21, leaving Omaha at 11:55 p. m., Grand Island at 6:15 a. m., arriving at North Platte at 11:30 a. m., will leave Omaha at 5:30 p. m. and run to Grand Island, arriving there at 2:20 p. m., will arrive at Grand Island at 1:50 p. m. and run through to North Platte, reaching there at 7:15 p. m. No change eastbound is proposed.

Yesterday afternoon considerable excitement was created in the camp of the Boy Scouts, who were having an outing at the U. P. lake east of town. One of the boys, Jacobs by name, ventured too far in the deep water and had a narrow escape from drowning. A brother member of the club, Sidney McFarland, rescued his companion from the water, and after working over him for some time by rolling the body and working the arms he was revived and taken to his home. The lad could not swim and it is thought he was stricken with cramps. Sidney has received many words of praise for his heroic act and this is one of the objects of the Scouts, to teach them to be brave and ever ready to give aid to the suffering and helpless.

**What Chalmers Service Means**

This monogram on the radiator stands for all you can ask in a motor car.

What does automobile "service" mean? Here is what we think it means: Consistently good performance at all times, in all conditions of weather, on all sorts of roads.

We try in various ways to insure our customers this sort of service. First: By selling the right kind of a car (the Chalmers has proved that it is right in the hands of 15,000 owners). Then by co-operation with owners—both through the Chalmers factory and through our own service department.

We know that Chalmers cars will give satisfactory service to anyone. We spend a large sum of money each year to see that the cars we sell are so treated that owners get the maximum of efficient performance out of them.

This is something for you to consider when buying a motor car. You must be sure that you will receive the proper attention from factory and dealer after your purchase is made.
