Doings of the City Fathers.

The city council convened in regular session Tuesday evening with all members present, and disposed of quite a list of important business. The board convened first as a board of equalization to assess a special tax for the construction of sewer laterals "F," "P," "G3" and "G4."

The matter of erecting a new city hall building came up, and the city attorney was called upon to give his interpretation of the new law passed by the last legislature with reference to the building of the city hall. He suggested that the former call for an election for this purpose be disposed of, and a new call issued for a special election to be held for voting bonds for the construction of a suitable city hall building to comply with the new law. Accordingly the council passed resolutions killing the former ordinance and passed a new one. The new law requires the circulation of 10 per cent of the legal voters to make it effective, that is, before an election can be held.

The ordinance committee introduced the new telephone ordinance and presented it as an amended ordinance for the second reading. The ordinance being drawn in such form that it protected all rights of the city and at the same time enabled the Telephone company to make the improvements proposed, it was passed but not without some discussion and heated opposition, Councilmen Herminghausen and Donaldson voting against its passage. The ordinance is published elsewhere in this issue. The Council also accepted the offer of the Nebraska Telephone Co. to provide free of charge telephone service for reporting fires.

Mr. Pratt, of the telephone company, was present and made a brief talk, in which he told in detail the proposed improvements the company wished to make in North Platte.

The contract for the construction of cross walks, approaches and sidewalks was awarded to A. G. Hultman.

The ordinance defining the city limits, and introduced by the committee at a previous meeting, was read the second time.

Council then adjourned.

Band Benefit.

An entertainment of exceptional merit is in store for those who attend the benefit performance given for the North Platte Band at the Keite Theatre tonight. There will be a free concert in front of the theatre at 7:45 p. m., and two big vaudeville acts of a musical nature will be presented in connection with the pictures. The public should be liberal in their patronage of this performance as the band deserves it. No one should begrudge the 15 cents expended for a ticket as the band boys give lots of time and hard work in preparing concert programs for the benefit of the public each week. Everybody be sure and attend and show your appreciation of the band's splendid work. The admission is 15 cents for adults and 10 cents for children.

"SO DAINY" "SWELL" "EXQUISITE"

Are some of the striking expressions of appreciation heard every day in our store advanced by the many ladies who come to see the demonstration of beautiful creations in China and Queensware. And not only the ladies admire that dainty Ransom Haviland China and the Versailles Haviland, but the array of pretty novelties attract the eye of the men too and they carry home many articles to decorate and make their homes attractive.

Boyd-Young Wedding.

Miss Florence Young, of Leeds, England, arrived in town Monday and Wednesday evening became the bride of Arthur Boyd, the well known employe of the Wilcox store. The ceremony took place at the Episcopal church with Rev. Chas. F. Chapman as the officiating clergyman. To a wedding march rendered by Prof. Garlich, the party ascended to the altar. Miss Phillips as maid of honor, preceding the bride, was attended by J. Q. Wilcox. As they neared the altar—which was prettily decorated with mock orange blossoms and ferns—they were met by the groom and his best man, Saml. Gavins. This impressive ceremony of the Episcopal church was witnessed by fifty or more relatives and intimate friends of the groom. The bride's gown was white crepe de chien over white satin and the maid was gowned in blue silk and carried pink roses.

Following the ceremony a reception was held at the rectory where congratulations were extended and refreshments served. The presents were handsome, many of them having been sent by friends in England. Mr. and Mrs. Boyd left the same night for a visit with relatives at Cozad and upon their return will be "at home" in a bungalow on east Second street.

The attachment which had its consummation Wednesday evening was formed in early childhood in England, and though widely separated the bond of early days grew stronger rather than weakened. The bride is a highly cultured young lady and those who have met her since her arrival are pleased with her personality. Mr. Boyd is a young man of sterling character, and enjoys the confidence of his employer as well as of a large circle of acquaintances. To Mr. and Mrs. Boyd the best wishes of The Tribune are extended.

Carnival Company Coming June 26th.

The Nat Reiss Carnival Company will be in North Platte for one week, beginning June 26th. The company is in Kearney now and the newspapers there speak in the highest terms of the shows. Mr. Peysar, the advance man, arrived here yesterday and will spend the week advertising and in getting everything in readiness for his company. Mr. Peysar says his company makes all the large cities and that the Reiss Carnival is the greatest company on the road. In speaking of the Carnival Cleburne, Texas, paper says:

The Nat Reiss Carnival Company closed a week's successful engagement here Saturday night. This company exhibited under the auspices of the King's Daughters, and with the exception of being rained out Saturday, and one night earlier in the week, the crowds were very large at every performance, and with these drawbacks, the company cleared expenses and the King's Daughters netted a nice little sum for their hospital fund.

The Nat Reiss Company is a good, clean one. It is a new one in the South, but Mr. Reiss is a pioneer, and an originator of the carnival business and has a reputation from coast to coast as a showman. His attractions here were all good, but most marked of all is the stadium act in which Nick Chafalo makes his wonderful and death-defying act of loop the loop and gap on his bicycle. This is two great acts in one and has never been equaled.

Then the free act in which Mat Gay makes his high dive from a 92-foot tower backwards into a pool of water 4 feet in depth is worth of especial mention. The other attractions, such as the glass blowers, the flying woman, the flea circus and many more are all good.

The Reiss Company gave general satisfaction in Cleburne and will do good business if they ever return.

Would Buy Bishop Automobile.

When the news that Bishop George A. Beecher intended purchasing a motorcycle to use while making his rounds reached Sidney the people offered to contribute \$100 toward the purchase of an automobile and it is probable that an auto will be furnished by the people of the diocese. Many of the towns in the diocese are far away from railroads and cannot be reached except by long drives or long detours by railroad.—Kearney Hub.
