Let's Get Busy.

The Grand Island Independent of yesterday said that the sugar factory at that place will probably be abandoned after this fall. The factory is worn out, so much so that it their efforts to extend the hospitality does not pay to operate it. It will be of the city to our visitors and provide necessary to expend \$200,000 on the plant or else built a new plant at some point in western Nebraska. It is probable that the latter will be decided upon, for the reason that Grand Island is not now, and has not been for years, is the center of the beet growing section.

Should the American Beet Sugar Company decide to build a new factory in western Nebraska, Lincoln county is the logical point. This county has for years been the heaviest beet producing county in the state; not only has the acreage and yield been heavy, but the per centage of purity and of saccharine matter has been above the average. These facts have been recognized by the best sugar company, for it has been for a number of years working Lincoln county beets into sugar.

With a factory located at some point in Lincoln county, a full supply of beets could be guaranteed each year, if not from Lincoln alone, then from Keith, Dawson and the section up the North River branch, thus making North Platte, Hershey, Sutherland, Maxwell or Brady still in the center of the beet

The Tribune has always been an enhusiast on beet growing; it believes that taking one year with another no more profitable crop-unless it is alfalfa-can be grown. It brings into a section more ready money than any other product, and we believe that this is youched for by those who have

If the factory were located in North Platte it would result in placing under cultivation thousands of acres of land in the immediate vicinity of North Platte than is not now cultivated. This left Saturday afternoon for Denver. land, if planted to beets would produce from lifty to seventy-five dollars revonue per acre per year, instead of five or six dollars, and it would give employment to many people during the beet growing and harvesting season.

The possibility of securing this beet augar factory should be investigated by our Chamber of Commerce, it is game worth gunning for-let us show the American Beet Sugar Company that we want their factory.

The primary election will be held on Tuesday of next week, and this week is therefore a busy one for the two dozen candidates who seek nomination for county offices. From the matorial in the field the republicans have an opportunity to select a mighty strong ticket; in fact this writer does not remember a time when more good men sought office. It is hoped that a big vote will be cast in all the precincts.

The entire state seems to have shared in the generous rains the latter part of last week. In southeastern Nebrasks the down pour was in the nature of a flood, and considerable damage ensued to crops and the washing out of railroad tracks, while in cen tral and western Nebraska the precipitation varied from one to four

It is announced that President Taft will make a tour of the country be-ginning September 16, which is to be not only an opening of the presidential campaign of 1912, but in other respects the most important trip during his term of office. This tour will last at least four weeks, and if he should later decide to visit the Pacific coast an additional two weeks will be needed It is the purpose to visit most of the states of the middle west, and especially all the states having progressive dele gates in congress.

W. H. C. Woodhurst, one of the candidates for the republican nomination for county treasurer, is confined to the house by an attack of typhoid fever. This illness coming so close to the primary election is doubly unfortunate, but Mr. Woodhurst's friends will take it upon themselves to look after his candidacy, and see that his unfortunate condition does not militate against him.

Secretary Fisher, of the Interior department, who visited Scotts Bluffs last week to acquaint himself with the water conditions at the Pathfinder dam. stated his position friendly to the people who were actually upon the ground "I wish to say," he said, "that the policy of the department is, and its sympathy shall be, rather to the settlers that are already here, than those that are not yet here." This was brought out by the discussion as whether the government's policy should be for first protecting the irrigators already at work under the several canals, and building new projects only up to the capacity of the river supply, or to build new canals to the extent of the government appropriation, withholding from the older canals any right to reservoir supply in the Pathfinder. His attitude is approved by all.

August 4th, 1911. To the Property Owners and Residents of the City!-

The coming of the Wild West Shuw on August 19th, will result in the bringing of thousands of visitors to our city, and to the end that they will leave with a good impression of our city, I carnestly request all property owners and occupants of property, and the owners of all vacant lots to proceed at once to clean up and cut and remove all weeds growing upon their premises and adjoining sidewalk space; also to remove all ashes, garbage and mapure from their premises and alleys.

I further bespeak your hearty co-operation with the public comfort committee of the Chamber of Commerce in for their comfort while with us.

Sugar Beet Agreement.

This office has received from the American Sugar Company of Grand Island, Neb., a copy of their agreenent for growing sugar beets for 1912. There has been no decrease in the price of beets and the company will continue to pay \$5.00 per ton, furnishing seed at ten cents per pound.

Mr. Swan writes that these contracts are gotten out early this season in order to give the farmers, who are desirous of cultivating beets next season, a chance to be in a position to do fall plowing, which is showing up very well this season, as those lands that were fall plowed suffered very little from the

Westberg, 708 W. 4th St., North Platte, Neb., says: "I still hold, if anything, a higher regard for Doan's Kidney Pills than when I recomended them Aug. 7, 1907. Another member of my family has since been troubled with kidney complaint and received a world of benefit through the use of Doan's Kidney Pills. I told in a previous statement how I had obtained relief from a dragging pain in my back and trouble with the kidneys. A doctor diagnosed my complaint as a floating kidney. Many a day I was unable to stand up on account of the pain through my kidneys and the secretions from these organs were unnatural. An operation was advised but luckily I learned of Doan's Kidney Pills and procurod a supply from McDonell & Graves' drug store and began their use. A few day's use banished the pains and restored my kidneys to their proper working order and before long

I was completely cured." For Sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y. sole agents for the United States.

O MORE striking contrast abounds in an exhibition of widely differing features than is to be found in the exhibition given by Ray Thompson's Trained Western Range Horses with Buffalo Bill's Wild West and Pawnee Bill's Great Far East. In the same arena with the wild bucking horses of the plains, Mr. Thompson presents his troupe or skillfully trained equines, foaled in the same atmosphere as the broncho and reared amid the same sur-

This season Rhoda Royal's troupe of twenty high-school prize-winning breds-universaily crowned favorites-have been added. combines every link from the primitive and practical to the artistic develop-ment of the educated equine. These two intelligent studs have never before been seen in one arena - both recognized as top-notchers of the excelsior class. Another interesting equine novelty is Football on Horse-back, played between Indians and cowboys mounted on the rugged little cayuse and the belligerant broncho. Brought from England this new style of athletics is an absolute novelty, grotesquely presented and full of real comedy. Essentially a "horse show" in the broadest acceptance of the term, the Wild West and Great Far East exhibition is in no wise limited to equine features, for there are military displays, cavalry charges and gorgeous pageants. The splendors of the Orient are here reflected, early American history is brought to mind in stirring conflicts and replicas of barbaric Indian warfare. And the feature of features is the appearance at every performance, rain or shine, of Col. Wm. F. Cody, the only and original "Buffalo Bill," who gives his personal attention to every detail of the exhibition.
