

What home should be without one, or in fact several, for they complete the furnishings for every room, be it parlor, bedroom or kitchen. There are two things required of a clock, first that it be ornamental, that is of small importance if it does not keep time. We guarantee every clock we sell to keep perfect time for if it does not it is no clock.

Under a new ruling recently by the Union Pacific company, all of its train men are required to wear what are known as "Service stripes" to indicate the length of their service with the company. Passenger conductors and passenger brakeman will wear one stripe on the right sleeve for each five years of service up to twenty years, when stars will be added for the extra five years.

A recent Chicago dispatch says: Efforts of labor leaders to consolidate the department employes' organizations of the Illinois Central railroad and other Harriman lines into a federal body is said by railroad officials to be responsible for the talk of a strike. The various unions are now said to be voting on the propositions as to whether the demand for a federated organization shall be insisted upon. The same question is said to be involved in the disputes on the other Harriman lines.

In speaking of the dismissal of Union Pacific employes, the Omaha Bee says: While officials are noncommunicative, the opinion prevails around Union Pacific headquarters, that in the event that business picks up most of the employes who are to be laid off will be restored to the full time and their old places early in October. This restoration will apply to all clerks and employes between Omaha and Ogden, with the possible exception of the men on the section. There are some persons here who blame the local officials for the retrenchment policy being adopted. They, however, have had nothing to do with it, aside from carrying out the orders of officials higher up in the service. It is contended, however, that the retrenchment at this time is no greater than usually occurs every fall after the rush of business ceases, the only difference being that now the employes are laid off in what might be considered a wholesale manner, while heretofore they have been laid off singly, or a few at a time.

Wanted—2 horses. Will pay \$15 or \$20 for same. Let me know what you have. Apply before Sept. 6, T. E. Tiley, 312 So. Chesnut.
