REPUBLICAN TICKET

Republicans throughout the county express themselves as highly pleased with the nominations made last Tuesday. They look on the ticket as particularly strong, believe that it will receive the united support of the party voters and that each candidate will be elected by a big majority. It is a ticket of clean, progressive and energetic men, who possess the ability to creditably fill the positions for which they are aspirants.

In Candidates Rose, Letton and Hamer, nominated for the Supreme judgeship, we have men of recognized legal ability, men who have sat on the bench and proved themselves fair and impartial jurists. Judge Hamer is a western Nebraska man, well known in Lincoln county, having been at one time judge of this judicial district. As a resident of the west part of the state, his candidacy naturally appeals to the people of this section and he will probably receive more than his party vote.

That Judge Grimes should be renominated without opposition can be taken as evidence of his popularity and standing as a judge. Few judges, if any, in the state have been on the bench for so many years and made so few enemies, and this standing among the people has been attained through his absolute fairness as a judge.

The county ticket is certainly strong. Starting with Albert Durbin as the nominee for treasurer we have a young man who has lived in the county since early childhood, making his home in the south part of the county until four years ago when he was selected deputy treasurer by Treasurer Langford. That Mr. Langford made no mistake in selecting Mr. Durbin as his deputy has been well established by Mr. Durbin's efficient service. He has displayed the ability to well perform the duties of the office.

For county clerk Will Yost received the nomination and it could not have fallen to a more worthy or competent person. For several years Mr. Yost has been deputy under Clerk Elliott, and has proven a most obliging and efficient official. Careful and accurate in his work, the affairs of the office will be well conducted.

George E. Prosser, as candidate for clerk of the district court has been well tried and proven not wanting in any respect. In fact no man could transact the duties of the office better and few could do so well. The absolute correctness of the court records proves his efficiency.

Another candidate who has been tried and found all is Supt. Ebricht. The work of Mr. Ebricht during the past four years has been endorsed by the people regardless of political affiliation. He has labored zealously for the upbuilding of the schools of the county and in this work he has been very successful.

For county judge the party selected M. E. Crosby, a young attorney of ability, and one who has grown up with the county, having lived at Sutherland since early childhood. He graduated from the state university and after receiving his degree located in North Platte where he has since established a reputation with all for fairness and integrity. Last spring he was elected councilman from his ward.

A. J. Salisbury, the nominee for sheriff, is a man who came to Lincoln as a boy and located with his parents in Plant precinct. Remaining there for ten years he moved to North Platte and engaged in the livery business, continuing in this until a year or so ago, and since that time has conducted an auto livery. Mr. Salisbury has proven himself a good citizen, a man of integrity and honorable in all his dealings. He has that grit and determination that a peace officer should possess, and is well fitted in every particular to well discharge the duties of the sheriff's office.

For county surveyor Paul Meyers was nominated and Dr. F. H. Longley for coroner. They have been incumbents of the offices for which they have been nominated and have proven very efficient officials. They deserve reelection.

J. W. Abbott is the candidate for county commissioner, and he is certainly one of Lincoln county's best men. For many years he has resided at Hershey, first filling the position of station agent for the Union Pacific, then cashier of the Hershey bank, and now engaged in the real estate business. In the several positions he has filled he has proven his ability as a business man. Conservative but not parsimonious, he will as a commissioner make a most valuable member of the board.

The ticket is a most satisfactory one to The Tribune and it will take pleasure in giving each candidate its most hearty support, and can with confidence invite the support of all voters who desire competent officials.

BUICK

The Official Car for Buffalo Bills' Wild West and Pawnee Bills' Far East.

Mr. Frank Winch, general Press Representative of the above exhibition states as follows: Starting from New York City, April 2, I have driven 21,076 miles, up to the time of reaching the Adams County Automobile Co's garage in Hastings, in a Model '16' Buick car. I have never opened the hood except for lubricating. I have never had a broken part. I have never had a replacement. Two weeks ago I passed through the gumbo muds of Iowa and pulled out eight cars of different makes. I drove successfully and without hesitation thro' 93 miles of Iowa gumbo mud up to the hubs and over, so deep in three instances that it scraped off the pan. I used four tire chains and seventy-five feet of inch Manila on each front wheel. All this was done on second speed, two stops being necessary owing to the losing of the pan and cleaning the tire chains so they would hold. The last ten miles I placed a cable on another car and brought it with me. The next day a little oil, a little gasoline and away I went, like a whirlwind, faster than the express trains, upholding the name my car carries, "The Buick Flying Demon."

The View From an Aeroplane.

It is a great surprise to the uninitiated to see how uniform the surface of the earth appears when viewed from a great altitude. Although individual objects are hard to identify, such things as rivers, lakes and railroads are easily recognized by their contour, direction or some slight individuality or characteristic which can readily be shown upon a map, especially if the map is made or corrected by men who fly above the earth and get an accurate and literal bird's-eye view of its surface. Objects which seem to loom up with the greatest clearness to one standing on the surface of the earth appear very different and quite insignificant when viewed from above, while a patch of colored soil which would not be noticed at all by a person standing on the ground is a most valuable landmark to the air sailor. - Columbian Magazine.

Jumping Cocoons.

Many visitors to the southwestern states and Mexico have amused themselves by watching the queer motions of "jumping beans," the seed vessels of a plant, each of which contain the pupa of an insect whose spasmodic movements cause the bean to hop and roll about.

More remarkable are the "jumping cocoons" found in South Africa. The cocoon is formed by the mother insect and is very hard. The pupa when ready to emerge must cut its way out. The front of its head has a sharp, chisel-like edge, and by driving this against the inside of the shell it gradually makes a hole. The violent motions of the pupa within cause the cocoon to leap so that one has been seen to spring out of a small glass tumbler. - St. Louis Republic.

Saved Storage Charges.

Young men with meager salaries evolve financial makeshifts abhorrent to the moral and physical sensibilities of their opulent elders. Said one young sprig of boarding house gentility to another who expected to seek new quarters upon his return from a two months' trip on the road: "What are you going to do with all this personal truck that is cluttering up your room? It will cost you anywhere a dollar a month for storage."

"Not the way I am working things," said the man who was going away. "I have purposely refrained from parking board for four weeks, and the landlady will hold my stuff. Of course I shall square up when I come back and get it again, and in the meantime she will give it free storage." - New York Times.

Lawyers on a Strike.

Over 300 years ago one of the most unusual strikes ever recorded took place in Paris, when all the lawyers walked out, so to speak. A law or ordinance was issued and promulgated by the French king Henry III, ordering all lawyers to sign their pleadings and to state the amount they were charging their clients for their services. This was done so that the lawyers could be properly and sufficiently taxed on their income. The lawyers objected, and the strike, causing an entire stay of judicial proceedings, followed. Peace was restored by the nonenforcement of the ordinance, though it was not revealed.

How kangaroos fight. Kangaroos are distributed over all parts of Queensland. The "old man," or fully grown male, is mostly found on downs and in open forest country. An "old man" sometimes grows to the height of six feet and when hunted into a rocky gorge or corner will turn and face its pursuer. It is a formidable adversary at close quarters. Its mode of fighting is to clasp its enemy in its arms, hug him to its breast and then with its powerful hind claws rip him open.

Turn About.

"Papa says if I give up my stinging lessons he will present me with a pair of diamond earrings." "You have never worn earrings, have you?" "No; I should have to have my ears pierced."

"Ah, yes; I see his idea. He wants to pay you back in your own coin!"

A Dubious Compliment.

"Dobby was showing off his baby." "Think he looks like me, Slithers?" he asked. "Well-no," said Slithers, looking at the youngster critically. "He's a queer looking little cuss all right, but I shouldn't go as far as to say that he looks like you." - Judge.

Woman's Woes.

As soon as a married woman gets \$90 saved up she becomes oppressed by the thought that she is merely accumulating a fortune for the second wife to spend. - Louisville Courier-Journal.

Our Near Neighbors.

Mother - Don't you know, darling, that we are commensated to love our neighbors? Little One - Yes, an' I s'pose that's 'cause we can get along with most everybody else. - Exchange.

The Better Job.

The Inquisitive Guest - I suppose, now, you would like to get a job in a restaurant patronized by millionaires where you'd get big tips. The Obsequious Waiter - No, sir, I'd rather have a job in a restaurant where fourtushers on \$12 a week salaries bring the girls they are trying to make a hit with. - Toledo Blade.

Work and Worry.

"Worry wears out more people than work does," said the ready made philosopher. "Of course it does," replied Mr. Growcher. "For the simple reason that so many of us would rather put in our time worrying about work than doing it." - Washington Star.

Violent Language.

First Deaf Mute - So when he heard the report he got furious about it. Second Deaf Mute - Furious? Why, he was so mad that the words he used almost blistered his fingers. - Exchange.

Seemed to Give Him a New Stomach.

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Youngpeters, Editor of The Sun, Lake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by all dealers.

From the viewpoint of such accomplished horsemen as John Veach, Tug Wilson and others who have wrangled critters since Heck was a pup, the rough-riding portion of Buffalo Bill's show was rather tame. Fact is this part of the country can scare up as good riders as can be found anywhere. - Sutherland Free Lance.
