It is quite evident that the present strike is proving very expensive to the Union Pacific company. Some of the so-called mechanics in the local shops are making as high as seven dollars per day, and for this high wage they are showing very poor results. It is believed that the better class of the strike-breaker will leave at the end of the thirty days for which they contracted to work.

The prodigal had returned.
"Father," he said, "are you going to kill the fatted calf?"
"No," responded the old man, looking the youth over carefully—"no; I'll let you live. But I'll put you to work and reap some of that fat off you."

Funeral of W. T. Brown.

The funeral of the late W. T. Brown will be held at the Presbyterian church this afternoon at 2:30 o'clock conducted by Rev. William S. Porter.

Mr. Brown died in Green River Monday evening and the remains were brought to this city Wednesday evening, the train on which they arrived being met by the members of the G. A. R. and a large number of friends of the deceased man and bereaved family.

While Mr. Brown's health had been poor for some time, his condition was not considered of a serious nature and when a change of climate was suggested by attending physicians he disposed of his interests here and went to Green River, about two years ago. The change for a time proved to be beneficial and hope for a complete recovery from the nervous breakdown which followed his illness, was revived. About two months ago he returned from Salt Lake where he consulted and took treatment from skilled physicians but the system gradually grew weaker and he passed away surrounded by his wife and family.

Mr. Brown came to this city in the early eighties. For many years he was engaged in the draying business and in both private life and business transactions he was spoken of as an honorable, honest and obliging gentleman of whom no ill words were said. His friendship was valued by many, who are deeply grieved at his demise and it is universally agreed that the world can ill afford to lose men of his type.

William Thomas Brown was born in Zanesville, Ohio, Feb. 6th, 1841. On Sept. 28th, 1865, he was married to Katherine Waltz at Monsey, Ind., who survives him. He was in the 59th Illinois Infantry and served during the Civil war and captured near Atlanta, Ga., served 9 months in Andersonville prison.

To mourn him are left a loving wife, sons David, of Bridgeport, Orrin, of Evanston, Raleigh of Cheyenne and Sam and Charles, of Green River, and two daughters, Mrs. Nellie North, and Mrs. Elizabeth Lanning, of this city.

George T. Field returned this week from a protracted stay in Denver and Estes Park.

The second car of cabbage from Brighton, Col., is being unloaded today. If the farmers of Brighton can afford to raise cabbage, pay the freight to North Platte and find it a paying crop, why cannot the farmers of this section make it a paying crop? They would at least reap the benefit of the freight charges.

If you see anyone at the Lyceum entertainments whom you think belongs to any of these classes depend upon it that he or she is on the right road and does not deserve the title. Watch them grow.

No announcement can be made at this time as to the attraction which will take the place of the Fisher Shipp Co. The company is booked for every date from now until May 1st and so cannot make another date this year. For this reason there will be no Lyceum attraction on any day this week.
