### Rector-Hounshell.

The marriage of Miss Nina Rector and William Hounshell was solemnized at the First Baptist church Wednesday evening in the presence of a large number of friends and relatives. Following two vocal solos and an instrumental selection by Mrs. Favoright the wedding march was played by Mrs. Leon and the bridal party entered the church. Misses Hazel Stryson and Gladys Barnell were ribbon bearers, they wore white embroidered frocks and yellow hair bows. Mrs. Fred Loudon as matron of honor wore a gown of yellow silk with lace trimmings and a white picture hat. She carried yellow chrysanthemums. The bride attired in rich white chiffon cloth with trimmings of baby irish lace and ball fringe entered upon the arm of her father. Her veil was held in place with a cluster of roses. She held a large arm bouquet of bride's roses and ferns. The gift of the groom was a diamond and pearl brooch which she wore at her neck. Misses Jennie Lincoln, Ethel Jacobs Gwendolin Richards and Irma Frederic acted as maids of honor, and wore white dresses. Each carried a shower bouquet of yellow and white flowers and wore yellow Grecian hair bands. The ushers were the Messrs. Homer Rector, Eli Hansen, Paul Watkins, and Ray Lincoln. Fred Loudon stood with the groom. Rev. R. F. Favoright officiated at the impressive ring ceremony which took place beneath a huge white bell and an arch of ferns and palm leaves. A reception was held at the home of the bride where congratulations were extended and a sumptuous supper served. The wedding gifts were many and costly. For several years she taught in different schools giving excellent satisfaction in her work while winning the friendship of scholars and parents. She is a faithful worker in the Baptist church. The groom is a young carpenter who has resided here for some time and is well spoken of by all who know him. Recently he has been employed in Lincoln. The best wishes of a large circle of friends go with these young people to their new home in the south.

### Dynamite on Engine.

Simultaneously with the quitting of most of the eighty strikebreakers who have been at work in the Missouri, Kansas & Texas railway car shop at Denison, Tex., it became known today that eight sticks of dynamite were found yesterday on engine No. 66, which at that time was pulling the northbound "Katy flyer". An explosion, which would have meant the wrecking of the train, was averted by chance. Fireman Shackleford was throwing coal into the firepot when he struck a small sack which had broken open and out of which when he lifted it up eight sticks of dynamite rolled. An investigation into the finding of the dynamite was commenced at once.
