### From the Field, to your Kitchen

**A**S you bake your bread and pies does it ever occur to you where all that flour comes from—and how it comes.

Think first of a waving wheat field in the yellow falltime, of the whirl of the reaper, the sultry heat of the Autumn sun and the frenzied work of the harvesters to gather the grain at its best; trace it through the hands of the white coated millers, through the big sweet-clean warehouses, till it finally comes from this store—a clean wholesome product of nature. That is flour—Our flour.

The flour we sell you is all that nature made it—properly milled. It is the best—makes that sweet, sound bread and light flaky pastry you see so much in neighbors' houses. A sample sack will make you a constant user—send or phone for one today.

Oriole, - - - \$1.50 per sack.  
 Puritan, - - - 1.50 per sack.
