North Platte's Best Clothing Store.

It is really surprising to see men delight in our showing of fine clothes; we take it as a matter of course that such a showing is an essential part of a high grade clothing business; but the men of this city and county look upon our display as an innovation and we're glad they do.

We've endeavored to provide all the favored fabrics—all the sensible styles for you, avoiding any garment that might be classed as "Bizarre" or over-extreme, inasmuch as the unconventional styles that we have seen lack permanence of style values.

Our selections are from the foremost makers of strictly high grade clothing and whose styles possess a definite and positive style value—unquestioned and unquestionable.
