#### Plans Changed.

During the past few weeks arrangements were being made in Chicago for an order to be entered in the estate of George W. Stewart, trustee, for an auction sale of the unsold lots of the Trustee's and Riverdale additions. The intention was to sell these lots in bulk to the highest bidder for all of the lots. Wm. E. Shuman, who has charge of the estate here, has just received advice from the officers having the estate in charge that the plans have been changed on account of a probable revival of business and better business prospects for the coming year. The announcement that the Burlington has definitely decided to go ahead with the construction of their railroad thru North Platte probably had something to do with the change of plans.

The unsold lots, of which there are 96, will now be advertised and sold at retail as heretofore.
