Makes Proposition to City.

According to the books of the North Platte Waterworks Co. the city is indebted to the company in the sum of \$7,400 for back hydrant rental and interest thereon. At the meeting of the council Tuesday evening J. C. Adams, of Pittsburg, representing the company, made an offer to accept \$6,000 in full of the account, making this reduction, he said, to save costs of going into court to secure judgment. The proposition was discussed by the council and then referred to the city attorney, who will render an opinion at a future meeting of the council.

To raise whatever sum agreed upon it will be necessary to levy a special tax.

One on John Davy.

Engineer John Davy Cox, of North Platte, was seated in front of the Palace Cafe, yesterday afternoon, with Harry Bowers and in this repose his feet were crossed, his hat was off and just as he was about to wipe the perspiration off his forehead, he had unconsciously taken the correct attitude of a tramp, the right hand holding the hat horizontally; when along came Louie Lueban and dropped a nickel in it. John Davy looked up and as soon as he found out who it was he went over to Louie's place and spent the nickel.—Grand Island Independent.

The Lutheran mission band will meet this afternoon at the parish house.

Mrs. P. H. McEvoy went to Ogalalla yesterday to visit relatives for a few days.

A Kunkle, a prosperous farmer of the southeast part of the county, was in town Wednesday and while here traded his Buick car in on the purchase of a new Ford.

A Unique Service.

On Wednesday night a large number of people assembled in the Baptist church building for a special service. A program ending with the burning of a mortgage was carried out. Joy and enthusiasm marked the whole program and at the end the people stood up and sang "Praise God from whom all blessing flow" while the pastor assisted by one of the deacons applied the match and the mortgage went up in flame and smoke.

On May 1st, 1909, the church bought the property known as the Unitarian corner giving a mortgage, besides an initial payment, for two thousand five hundred dollars, covering a period of six years. The mortgage had still to run two years, but recent real estate deals enabled the church to cancel the mortgage at this time, hence the burning. The church is now entirely out of debt, with property valued at ten thousand dollars, and a fair sum of money as a starter towards the new church edifice. The erection of the latter will begin probably within a few weeks, as negotiations are now on for the immediate removal of the old hall from the corner adjoining the new federal building.

L. L. Zook is spending this week at the Experimental station demonstrating corn breeding.
