

**Spun Glass Hair Ornaments
Popular With the Debutante**

Photo, Copyright, by Underwood & Underwood, N. Y.

The very latest hair ornament for evening wear for the debutante is made of spun glass. This is to rival the electric light ornament for the coiffure, originated in Chicago. The effect on the head is very pretty and fashion of brilliant colors show as the wearer moves to and fro under the electric light.

FOR THE YOUTHFUL FIGURE

Blouses Especially Designed to Please Young Girls of From Fourteen to Sixteen Years.

The first has a lace yoke cut with points at back, front and on shoulders. It is edged with a band of black satin; this and a band of lace trim the sleeves. The material at front and back is tucked in sets of three.

Materials required: Two yards 22 inches wide, one-fourth yard satin on the cross, one yard lace 18 inches wide.

The second illustration shows a smart way of making up crepe de chine, which is tucked in sets of three.

narrow tucks; a box-pleat is taken down center, in front, on which a row of small buttons is sewn. Plain material is used for the collar and cuffs that are edged with a frill and a fold of colored satin.

Materials required: Two yards crepe de chine 40 inches wide, one dozen buttons.

For Soiled Coat Collars.

To clean coat collars try the following way: Instead of a cloth, which has to be kept in motion for a long while to avoid leaving a ring in place of a spot, use an old tooth brush. Dip it into the naphtha until thoroughly saturated, then a few brisk rubs and the spot or grime has left for parts unknown. The most delicate velvet can be cleaned in this way, though it would not be advisable to use a brush on any fabric like satin.

Crepes Underclothes.

Cotton and silk crepe are in favor now for all articles of lingerie. Both wash admirably. Some of the finest cotton crepe is wonderfully attractive and admits of hand work to excellent advantage.

Fine Neckwear.

The newest effects in neckwear are not unlike bibs of fine net and lace plaited to a stock and maintaining a flat shoulder by means of a broad lace insertion which connects the front part of the bib with the back.

Made Pretty Frock.

Sheer white linen, elaborately embroidered in eyelets and trimmed with black velvet ribbon, made one of the prettiest frocks seen at a recent French fashion show.

GIVES A PLEASING FRAGRANCE

Lavender Spread to Cover Sheets and Pillow Cases When They Are Put Away in Linen Closet.

This is to lay over the sheets and pillow cases in the linen closet or chest. It can be made any size, because its mission is not exactly to conceal, but to sweeten, says Woman's Home Companion. Get enough pale lavender, Japanese crepe to cover two sides of a long sheet of white cotton wadding. Spat open the wadding and sprinkle in a great many dried lavender blossoms; fold the wadding together again, cover it with the crepe, which should be basted together with the edges carefully turned in. If you will fold in a full inch everywhere there will be no necessity for slip stitching them together, because you can arrange a lacing of narrow lavender ribbon round the four sides. This will appear to be laced, but will be crisscrossed over the edge and sewed in place, because the combination of crepe and wadding will scarcely admit of an actual lacing through, except by the punching of awkward holes.

Materials required: Two yards 22 inches wide, one-fourth yard satin on the cross, one yard lace 18 inches wide.

The second illustration shows a smart way of making up crepe de chine, which is tucked in sets of three.

Although there is nothing really objectionable in a plain earthenware flower pot, there are many girls who like to have plants in their rooms, but who object to the sight of the practical pot, and cannot afford an ornamental one.

In that case they can make quite an artistic cover from paper, which can be changed as soon as it is discolored by the dampness of the earth. To facilitate changing narrow ribbons the color of the paper should be cut for the top and bottom of the pot and fitted with dome fasteners or hooks and eyes.

The Tunic Fashionable.

The tunic is in vogue that will remain popular throughout the season. It is so becoming and youthful in effect that it still appears on many of the newest gowns. It may, however, vary considerably in length, the very short one, falling just to the knees, being the latest style.

White Man's Friend Dies.

Cheyenne, Wyo.—Chief Scarface, the oldest of the Arapahoe Indians, is dead. He was 103. Chief Scarface was noted for his desire for peace with the white men, and his readiness to adopt the white men's customs. He prevented his tribe from participating in the massacre of General Custer's soldiers.

How His Brother Identified Him.

Uncle Harris, an old negro, who has been a servant in the family of Colonel Stiemmens of Monticello, Ark., for the last forty years, recently made a trip to Memphis. Upon his return he was telling the colonel's daughter of his trip and the discovery of a brother whom he had not seen for thirty years.

CHIEF OF THE PAPAL GUARD

Col. Repond, Retired Officer of the Swiss Army, Their Commander—Pontiff Lauds Soldiers.

London.—Col. Repond, the retired staff officer of the Swiss army, who has been called by Pius X. to succeed the late Baron Meyer von Schauensee as commander of the Pontifical Swiss Guard, is decidedly a martinet.

The Swiss Guard was formed in 1505, and now consists of 103 men, rank and file, who still continue their traditional duties of mounting guard at the bronze door and in the papal ante-chambers. As soon as he assumed command the colonel set about thoroughly reorganizing the corps.

He realized at once that the artistic uniform designed by Michael Angelo

Members of Guard in Uniform.

was not adapted for drilling and he provided his men with a serviceable plain uniform to be worn for fatigue duty. The colonel likewise discarded the old Remington rifles used by the Swiss Guards and had them replaced with modern Mausers. He relegated the traditional halberds, cross blitted long swords and steel breastplates and helmets to use exclusively on great ceremonial functions.

The men are now drilled for several hours daily, they have target practice once a month and every week they are marched for many hours around the Vatican gardens, where they also have physical drill.

Evidently the men complained of too much work. The Liberal papers took the case up and ridiculed the colonel's warlike spirit, which they said was useless, since the Pope was in no danger and the Swiss Guards would never be called to protect him or defend the Vatican since the Italian army was always available.

The Pope reads all the Roman papers, and when Col. Repond was received in audience recently to congratulate the Pope on his name day on the Feast of St. Joseph he said to him:

"Dear Colonel, I must congratulate you on making my Swiss Guards earn their pay and at the same time I thank you for training them, as I rely more on them for the defense of my person than on the Italian army."

ETHICS IN JAPANESE SUICIDE

Hara-Kiri Out of Date—Modern Method to Jump into an Active Volcano.

Tokio, Japan.—The Japanese are now busily debating the ethics of suicide. The case out of which the controversy has arisen is that of the station master at Moji, who because of a mishap to the imperial train which made it necessary for the emperor to adjourn for half an hour to a waiting room showed his repentance by throwing himself under the wheels of the express.

The station master's devotion having evoked a wave of popular admiration which took shape in a proposal to erect a monument to his memory, the nation has been rebuked by the president of the Kyushu university for thus glorifying the act of self-destruction; and the latter, finding himself out of tune with public opinion, has resigned his position.

It is a singular thing that among a people so cheerful as the Japanese suicide should be so common. Ten thousand destroy themselves every year in Japan, and the figures cannot be said to be diminishing. But hara-kiri as such is out of date.

The modern victims of the suicidal mania, when they do not throw themselves in front of a train, jump into the crater of an active volcano. Asama, in central Japan, and Aso-san, in Kyushu, have both acquired a sinister reputation in this respect.

It is, however, a disquieting sign of the times to find the student class resorting so largely to suicide—especially of the spectacular sort, and this, no doubt is Dr. Yamakawa's motive in protesting against the exaltation of an act which the Christian world regards as a grievous sin.

NO MORE OF THAT MEDICINE

Mary Had Her Mind Made Up as to Further Doses of Unquenchable Compound.

A Yonkers, N. Y., physician had a negro cook who was a chronic complainer. One day she came in groaning with a misery in her side and the doctor offered to prescribe for her.

He went to the dining room, poured out a spoonful of game sauce, stirred in some English mustard and sprinkled on some cayenne pepper, and handed the dose to the sufferer, telling her to take it down at once swallow.

It was two weeks or more before Mary turned up with a new pain. This time it was in her other side. Her employer offered to mix her another dose of his medicine.

"No, sah!" said Mary, firmly. "I'm much obliged to you, doctor; but I've done got my mind made up never again to drink nothin' what water won't squench!"—Saturday Evening Post.

FOR EVERY FAMILY MEDICINE CHEST

To the head of every family the health of its different members is most important, and the value of an agreeable laxative that is certain in its effect is appreciated. One of the most popular remedies in the family medicine chest is a combination of simple laxative herbs with pepsin that is known to druggists and physicians as Dr. Caldwell's Syrup Pepsin. This preparation is mild and gentle in its action on the bowels, yet positive in its effect. A dose of Syrup Pepsin at night means relief next morning, while its tonic properties tone up and strengthen the muscles of stomach, liver and bowels so that these organs are able in a short time to again perform their natural functions without help.

Druggists everywhere sell Dr. Caldwell's Syrup Pepsin in 50c and \$1.00 bottles. If you have never tried this simple, inexpensive, yet effective remedy, write to Dr. W. B. Caldwell, 201 Washington St., Monticello, Ill., and ask for a sample bottle. Dr. Caldwell will be glad to send it without any expense to you whatever.

How His Brother Identified Him.

Uncle Harris, an old negro, who has been a servant in the family of Colonel Stiemmens of Monticello, Ark., for the last forty years, recently made a trip to Memphis. Upon his return he was telling the colonel's daughter of his trip and the discovery of a brother whom he had not seen for thirty years.

Miss Stiemmens asked him how he knew his brother after so long a time, and Uncle Harris replied:

"I was walking along the street when a spare built looking man came up to me and says: 'Say, ain't you my brother?' and I said, 'Sure I is. Who is you?'"

The Bunco Game.

An Ananias.

"G. W. Smith says he loves to live in the suburbs in winter."
"Humph! And the rascal was born on Washington's birthday and named after him, too."—Judge.

Perhaps the surest thing in this life is the friend you can't depend on when you really need him.

Knew Something About It.

The small boy of the household was not notably proficient in sacred lore, but when his sister asked him, "Where was Solomon's temple?" he indignantly resented the supposed impeachment of his stock of information, and retorted:

"Don't you think I know anything?" She assured him that she did not doubt that he knew, but urged him to state for her benefit.

"Though not crediting her sincerity, he finally exclaimed, curtly: "On the side of his head, of course, where other folk's are! D'you s'pose I'm a fool?"

Her Chief Characteristic.

Miss Green, who was giving the class a lesson in mythology, turned suddenly to one untidy little fellow and said:

"Brownman, tell me for what virtues Diana was especially celebrated."
"For takin' baths," replied Brownman promptly.

Sure Thing.

"Do you believe she will love me long?"
"Well, I know she won't love you short."

FOR THE WOMAN WHO THINKS AND FEELS.

Some women complain that they periodically suffer from dull and heavy feelings, or dizziness in the head, nervousness, pain and bearing-down feelings which should not occur to the normal healthy woman. But most every woman is subject to these pains at some time in her life, due to abnormal conditions in life, such as corsets, over-taxed strength, bad air, poor or improper food, wet feet, sluggish liver, etc. A regulator and female tonic made from native medicinal roots with pure glycerin, and without the use of alcohol, called

DR. PIERCE'S FAVORITE PRESCRIPTION,

has proven its value in thousands of cases, like the following:

Mrs. DONA M. MARTIN, of Auburn, Neb., Route 1, Box 24, says: "I thought I would write you in regard to what your medicines have done for me. I have used them for thirty years for female trouble and general weakness with the very best result, and they have saved me hundreds of dollars in doctors' bills. I buy the Favorite Prescription and Golden Medical Discovery and take them together. I never was disappointed in your remedies and take pleasure in recommending them to any suffering lady. I am now almost fifty years old; at forty-five I took your medicines, both kinds, and I passed that period very easily and left me fat and healthy. I feel like a young girl. If any lady cares to write me, I will gladly tell her more about the good work of your medicines."

DR. PIERCE'S GREAT FAMILY DOCTOR BOOK, The People's Common Sense Medical Adviser, newly revised up-to-date edition—of 1008 pages, answers hosts of delicate questions which every woman, single or married, ought to know. Sent free in cloth binding to any address on receipt of 31 one-cent stamps, to cover cost of wrapping and mailing only.
