The Fourth After Supper Sale is on Saturday Night at 7 p. m.

Almost unnecessary to advertise this event. It has already secured a following who have found it pays to be on hand bright and early at these week-end merchandising events.

Some of our best departments made liberal contributions of good merchandise for this week's-end sale and we didn't take the prices that they carried but made our own, for the After Supper Sale must give you goods at a lower valuation than you can buy under any other circumstances.

A slow old-time merchant would be horrified at the way we put prices on the toboggan at these After Supper Sales. The After Supper Sale is certainly appreciated.
