THE QUALITY PLACE.

### Pioneer Passes Away.

Henry J. Hansen, one of the most widely known stockmen of this section, and for thirty-five years a resident of Lincoln county died at his home northwest of town Sunday afternoon at 4:30. Death was due to paralysis, the first stroke occurring in January, 1911, the second last February, and the third a week ago Sunday. The funeral will be held from the Lutheran church at 2:30 this afternoon.

The deceased was born in Denmark in 1848 and came to this country in 1867. He first located in Wisconsin and later took a homestead near Grand Island. He came to North Platte in 1877 and for a time worked as a section hand under Cain Brunt and later was employed by William Hubart. In the latter part of the 70s he pre-empted land which now forms part of the Hansen ranch, and gradually added thereto until now there are over 2,000 acres, and by paying strict attention to cattle raising amassed a fortune in excess of \$100,000.

In 1886 he was married to Anns Jensen in this city, and to this union one son—Henry—was born. The wife and brother Willard are the immediate relatives bereft.

Mr. Hansen was a man of integrity, honest and upright, in every way a most desirable citizen, and in his death Lincoln county loses one of those who constitute "the salt of the earth."

### Mrs. Sodacott Dies.

Mrs. Carolina Sodacott died Saturday morning after a lingering illness. The remains were taken to Lebanon, Ill. for interment accompanied by several of the relatives.

Mrs. Carolina Sodacott was born in Germany, Feb. 12, 1839, and came to America in 1841. She leaves to mourn her death, husband Christian Sodacott and eight children. She was married to John Dressler in 1859. To this union were born six children, Lena, Oscar, Sophia and Edward all of whom are living. Mr. Dressler died about 1869. She was married to Christian Sodacott in 1875; two children were born to this union, Carrie and Emma both of whom are living.

Miss Edith Patterson was hostess to forty young men and ladies Saturday evening in favor of Miss Bare and Mr. Munger, at which the entertaining feature was 500. The color scheme was pink, which was carried out in cut flowers, shaded candles and chandeliers. Following the serving of enjoyable refreshments, each guest was requested to write words of advice to the to-be bride and groom on the reverse side of the place cards, and these later were given to them. The function was a most pleasant one.

Among the out-of-town people who are here to attend the Munger-Bare wedding are Judge and Mrs. Munger, of Omaha, Mr. and Mrs. Frank Fowler and son James, Mr. and Mrs. Will Fowler and Miss Ruth Fowler, of Fremont, Mr. and Mrs. E. A. Jackson, of Dallas, S. D., Mr. and Mrs. P. H. Bell, of Silver Creek, and Major and Mrs. Bare, of Huntingdon, Pa.

A very delightful function was held Saturday afternoon when Miss Nell Bratt entertained forty young ladies at 500, with Miss Beeler and Miss Bare as the honor guests. The rooms were profusely decorated with cut flowers, pink and white being the color scheme. The place cards were hand painted with designs appropriate to wedding nuptials. A two course lunch was served.

A farmer living south of Hershey, who was in town Saturday, remarked to a merchant that he could now take a breathing spell as he had just finished planting 200 acres of corn. In addition to this corn he has 100 acres in winter wheat and about the same acreage of oats, both of which were showing up especially fine.

The amount of money disbursed at this terminal by the Union Pacific last Thursday, the regular monthly pay day, was the heaviest in a number of months, in fact one bank reports that it paid out more money than on any pay day for three years. Part of the sum represented the wages of extra gangs on track construction.

After making a tour of the town in an automobile, a man stopped us on the streets Sunday and said he had counted twenty-two houses in the various stages of construction. This he considered a very good showing for North Platte so early in the season.

### The Best Propositions for Residence Lots are in the Trustee's and Riverdale Addition.

These two additions have a better class of residences than any other similar number of improved blocks, situated together, in the entire city. Only five of the thirty-five residences are occupied by tenants; all others occupied by owners.

These lots are nearer to the business part of the city than any other vacant lots on the market. The owners will never have to cross a railroad to get to these lots.

It is the most sanitary and modern part of the city, because it is the highest and driest and has all modern conveniences. The sewer is much deeper in the ground than in any other part of the city.

All lots are improved with five foot cement sidewalks and crossings, sewer and graded streets, all paid for.

Free delivery of city mail to these additions.

Ninety-three lots located on 2d, 3d, 4th, 5th and 6th streets to choose from. Sixty-six foot lots to those who prefer that size.

Abstract showing perfect title furnished all buyers.

The Y. M. C. A. conference closed Sunday with two strong meetings at the Presbyterian church for the speakers Mr. Bailey and Mr. McDill were as well posted on association work as any of the men in this great work. In the afternoon Geo. D. McDill of Chicago, addressed the meeting on the recent developments in the world wide association work, dealing primarily with the work that is being done for the betterment of men in the big mining, lumber and construction camps of the country. He also spoke of the city work, and work among railroad men, as well as that of the Y. M. C. A. buildings in foreign lands. The theme of the evening address was christian service. Mr. McDill spoke of the relation of the community to its association, while Mr. Bailey gave an illustration of what a well equipped building, such as he hoped to see in 1913, would do for the men and boys of North Platte in every line of their activities. Many suggestions and helps have been brought to this city by these specialists in their work in the local association, as a result of the help obtained by this conference, is looking forward to a greater and more efficient work for North Platte men and boys.

Traffic officials of the railroads covering Kansas, Nebraska and Oklahoma are preparing for the greatest grain movement this fall that they ever had to deal with. Estimates made by freight officials are that the wheat movement alone in the three states will approximate 300,000 cars, enough to make a solid train of grain 2,000 miles long.

**Knelling Horses.**  
In ancient times, before the invention of stirrups and luxurious saddles, horses were taught to kneel to permit their riders to mount. A beautiful Greek vase in one of the museums in St. Petersburg shows a war horse of many centuries ago kneeling low before an amazon. The riders in those days mounted from the "off" side in contradiction to the modern usage. Plutarch tells how in the first century of this era certain effeminate Roman riders found even the horse block of too little assistance and had their horses trained to kneel to them.
