Change Successfully Made.

Saturday at 10 p. m. the Nebraska Telephone Company cut over to its new modern switchboard and abandoned the old one. The change was made with scarcely any trouble whatever, and service was running smoothly as usual Sunday. This change now gives North Platte a telephone system second to none in the country. The long distance lines of The American Telephone and Telegraph Co. are also connected to the new board giving direct connection with Denver and Chicago. All toll lines are equipped with Pupin coils, one of the latest inventions in telephony, which more than doubles the transmission efficiency, or in other words, making the distance only one-half as great. Perfect connections are now held with Chicago and other points.

After the work was completed the employees repaired to the Timmerman Cafe, the guests of R. A. Grim, the district plant chief, where an elegant luncheon was served. Mr. Grim made a short address thanking the employees for the interest they had shown and the character of the work done indicated that they were paying the proper attention to the little things and that the man who paid attention to the details and took time to do his work well, would meet with success even though it took him longer to do it. It was after 1 o'clock when the party broke up and they were on the job again at 7:30.

Lutheran Church Work for Past Year.

The annual congregational meeting was held by the Lutherans last week and the reports showed another prosperous year in the work of the church. The church and Sunday school treasurer reported that \$2076.12 has been paid out for current expenses, debt and improvements. All the treasurers have a balance on hand. The ladies aid society has paid \$532, paying the interest and reducing the debt by \$400 to \$1800 with the object the coming year of paying \$500 now on the debt and in two years redeeming the mortgage. The improvements made on the church property under the direction of the Brotherhood are the parsonage painting and papering upstairs and the curbing in front of church and parsonage.

Sixteen adult members were added to the church during the year and eleven infants baptized. The pastor officiated at nine weddings and eleven funerals. There seems to be a good spirit prevailing throughout the church and every organization is doing commendable work and in good spirits for which the Lutheran pastor and people are very grateful.

The following officers were elected to the church council for three years: C. O. Weingand elder, A. T. Yost and A. M. Scharman deacons; Chas. Hendy was elected elder for one year to fill out the term of C. A. Hill.

An exchange in speaking of the new town of Stapleton says:

As soon as possible the merchant will rush their buildings to completion and move their stocks from Gandy to Stapleton.

The Stickel and Iddings Lumber companies will move on the ground while the Gilcrest Co., has purchased ground they have given out nothing definite as yet as to their plans.

J. S. McLeay, the only druggist now in Gandy, expects to be in his new building within a couple months. A. J. Neale, a druggist of North Platte, will also put in a complete line of drugs. Newkirk & McCain will run a general store as they have in Gandy, their stock is already on the ground.

Mansfield & Button will open, as soon as buildings permits, a general store, also carrying a large line of implements.

C. A. Calender, of Callaway, will start a new store, carrying a general line of goods.

John Cassell will run the livery while Reynolds Bros. will do the blacksmith work.

A hardware store with a full line of implements will be run by Ed Salisbury.

Dr. McClay will build a large two store room building for store purposes. It is planned by the townspeople to form a good live newspaper. New machinery and material will be installed and a capable man from Lincoln has been picked out as man to "make the natives set up and take notice."

The Presbyterian church will purchase land on which to build and the Episcopal bishop is planning to do the same.

Most of the buildings now in Gandy are owned by outside capital in all probability will not be moved. This gives Stapleton a good clean start with all buildings and houses new.
