Announcement

You will have an opportunity with in the next few days of buying clothing and furnishing goods at what is supposed to be ridiculously low prices, old trash marked down. There is going to be a sale on at Weingand beginning Saturday July 13, 1912 at prices that never have been heard of before in North Platte and everything new not an old suit, or anything old for that matter left over. My policy is not to carry over from one season to another any goods in any line. Last winter I sold out entirely, only two winter suits left over. I intend to do the same this season. If you want good goods, no trash or goods that has been on the shelf for ten years be sure and attend this sale. Yours for real bargains.

The Visit of the Governor.

Governor Aldrich, his private secretary Mr. Fuller, State Engineer Price, Edison Rich, head of the Union Pacific legal department and Chas. P. Ross, private engineer to Genl. Manager Mohler, arrived Sunday night in Mr. Rich's private car, and spent yesterday at Hershey and Sutherland and inspected irrigation conditions in the section enroute to those towns. Leaving here in cars furnished by Fred Garlow, A. P. Kelly, W. V. Hoagland, W. W. Burr, E. R. Goodman, J. C. Wilson and N. B. Spurrer—thirty-one in the party—the visitors were driven to Sutherland, stopping enroute at a number of farms to inspect crop conditions. Upon arrival at that village a meeting was held at the opera house, which was attended by about 150 people, mostly men interested in irrigation. Addresses were made by Governor Aldrich, Judge Grimes, J. G. Beeler and W. V. Hoagland.

After a splendid dinner at the Sutherland restaurant, the party visited the headgate of the North Platte ditch, and then made the run to Hershey. Here flags were flying, the band was on hand to furnish music, and at the meeting held at three o'clock the large hall was insufficient to seat the assembled crowd. It was certainly a splendid audience and gave evidence of the interest taken by the Hershey people in all matters pertaining to irrigation.

At this meeting the list of speakers were the same as at Sutherland with the addition of an address by C. P. Ross.

Enroute home the party came over the road south of the South Platte river and spent an hour at the experimental sub-station, the governor making a thorough inspection of the farm. The trip was a revelation to Governor Aldrich; by it he became better acquainted with the methods of irrigation, the quantity and quality of crops grown by the application of water; he learned some of the legislation needed by the irrigated sections; he saw enough to convince him that the Platte valley of Lincoln county is part of a great agricultural empire that irrigation is opening up; he came, he saw and was pleased with all he saw.

This morning the visitors accompanied by the committee on irrigation appointed by the Chamber of Commerce, left on a special train for Northport, with stops at all the intermediate stations. Tonight will be spent at Bridgeport, and tomorrow morning the trip will be continued to Gering. At this latter place the party will be conveyed by autos to Mitchell and other irrigated sections; in fact a telegram received yesterday announced that the Gering people were making preparations to give the visitors a royal reception.

Fred Welker a brother of the groom was the best man. Wedding breakfast was served at the home of the bride's parents Mr. and Mrs. Dave Sheedy on West A. St., at eight o'clock. The couple will reside in the Hahler home on East 5th St., after a honeymoon trip to Denver.
