#### Sells Residence.

W. M. Cunningham sold his residence in the Trustee's addition—formerly known as the Dillon property—yesterday to Julius Hahler for—well Mr. Cunningham had offered it for \$6,000. As the house cost \$25,000 when erected and there is more than a block of land attached, it is cheap at that price. It is probable that Mr. Hahler will occupy the property next spring; until then it will probably be leased by a party of young men.

#### Enjoyable Picnic.

Members of the Brotherhood of Trainmen and their families held a picnic at the Birdwood grove yesterday, the party numbering about 100. The forenoon was spent in games, foot races and in fishing in the lake, these stunts putting the attendants in good shape to enjoy the fine dinner served by the ladies. After dinner a game of ball between the ladies and men was played, the ladies easily winning. In every way the picnic proved a most delightful outing.

#### The County Valuation.

The assessed or one-fifth value of all property in Lincoln county this year as returned by the county assessors is \$5,131,830, as compared with \$4,938,596 last year, an increase of \$193,234. There has been a decrease in the value of personal property and an increase in land values.

#### Sell Furniture Stock.

Ginn, White & Schatz yesterday sold their stock of furniture to Howe & Maloney, who will at once remove it to their room. The furniture purchased is the average carried by the sellers and is standard, modern goods. This stock added to that already carried by Howe & Maloney gives the latter an especially large line.

The same day Ginn, White & Schatz sold their undertaking department together with the stock to Derreberry & Forbes, who in the future will conduct that business in connection with the furniture line.

Ginn, White & Schatz will continue in the hardware business but expect to vacate the present building as soon as they can secure another room.

#### Fine Yield of Wheat.

A month or so ago we were all deploring the condition of wheat in Lincoln county, we too hastily concluded the crop in the county had gone to demerit. It is therefore gratifying to learn that in some sections of the county where threshing is in progress the yield is surprising everybody. For instance there is Bert Morris, who lives on the table south of Sutherland who had in over 300 acres. He began threshing Wednesday from one field of 100 acres and the result was an average of thirty-five bushels to the acre. The other 200 acres may not run as high, yet it will give a good return.

So well is Mr. Morris satisfied with his wheat growing experience that he expects to put in eight hundred-acres this fall.

The selections by Miss Cinberg, who is but twelve years old and a student of Mr. Molzer, were such as to class her as a prodigy. Mr. Molzer met all expectations of the audience, and Miss Ackerman displayed rare ability as a pianist. The attendance was not as large as the excellence of the recital deserved.

#### Case Dismissed.

A near-accident occurred on Dewey street yesterday afternoon when a twelve year old boy named Browner fell from his wheel and in front of the car driven by Dr. L. C. Drost. Apparent indecision on the part of the boy while crossing the street, caused him to almost stop his wheel, which teetered and finally toppled, throwing the boy to the ground. Fortunately the Doctor noticed the boy and had slowed down the car with the result that the boy was dragged some distance but not seriously injured.

In the case of Eavey vs Glaser this week Eavey paid the costs and the case was dismissed. Some time ago Glaser accepted employment at Brady with Eavey for which the latter agreed to give him a stated salary and ground for a garden. Recently Glaser was discharged and claimed the garden products. A dispute arose between the two men and Eavey charges Glaser with striking him with a hoe causing bodily injury. Glaser has been under arrest here for four days past.
