### Buys Business Lots.

Dr. N. McCabe has purchased of Arthur McNamara the south forty-four feet of the lot on the corner of Fourth and Dewey. The Doctor purchased the ground with a view of eventually putting up a building and creating a permanent home for the Schiller & Co., drug company. It is considered the most desirable building site in town.

### Dedicated a Church Building.

R. B. Favoright, of this city, was called to Paxton last Sunday to preach in a service dedicating the Baptist church building in that place. This building was put up just before the dry years of the nineties. It was completed and has been used all these years, but never free from debt until recently. The service was attended by a number of people from Hershey, with their pastor Rev. W. M. Evans, who offered the dedicatory prayer. A few people also attended from Sutherland. The house is now free from debt and in good repair.

### Turn Down Council's Resolution.

The vote in the election held Tuesday is evidence that to submit a proposition which savors of a franchise is like flaunting a red flag in the face of an enraged bull. By a vote of 485 to 93 the electors disapproved the action of the city council when on May 22nd it passed a resolution ratifying the transfer of the rights and franchises granted the North Platte Telephone Co., in 1897 to the Nebraska Telephone Co., the recent purchasers of the property of the former company.

The vote by wards was: First ward for 17, against 142; Second ward for 21, against 73; Third ward for 45, against 107; Fourth ward for 10, against 138.

### Dinner Party.

The Young Ladies Bible Class of the Presbyterian church and their teacher Mrs. M. E. Crosby were entertained at a handsomely appointed 7:00 o'clock dinner Wednesday evening. Mrs. I. L. Miltonberger presided over the affair which was given in honor of her niece Miss Helen Davidson who was a member of the class and will be a September bride. The dining room was hung with sprays of yellow and white field daisies and clematis leaves and the table extended the length of the room, being decorated with miniature gilded yellow butterflies, yellow and white mint cups and fern leaves. A mound of yellow dahlias and daisies over a plate mirror occupied the center of the table around which was seated the sixteen guests. Yellow silk cords entwined with ferns were draped from the corners of the table to the chandeliers from which hung a shower of tiny yellow and white bells. Place cards were dainty yellow velvet daisies on white cards. The color scheme of yellow and white and the daisy design was carried out in each course of the dinner. Mesdames Davidson and Batic assisted Mrs. Miltonberger in serving.

### Meeting of the City Council.

The city council held an adjourned meeting Wednesday evening, a quorum failing to appear on the regular meeting night the evening previous.

Mr. Crissman, owner of the Taylor addition appeared before the council and asked that the curb lines be established in the addition, also asked for extension of mains for fire protection. Twenty-five residences, he said, had been erected in that addition and other houses were under contract. He was assured that both these matter would receive favorable action.

A. E. Huntington in behalf of himself and others of the south part of the city, asked that one of the proposed water mains to be extended to that part of the city be laid on Dewey street. The council assured Mr. Huntington that in making these extension the greatest service to the greatest number had been considered, and that while greater extensions were desired, the council had gone as far as the funds would warrant.

Water Commissioner Welch presented a statement showing the receipts and disbursements of his department for four months. Owing to extraordinary and unusual expenditures in the way of new equipment, the probable net earnings of the plant have not yet been determined.

On motion, action on the bicycle ordinance, which had been read a second time and is ready for final passage, was indefinitely postponed.

The initiative ordinance, calling for an election to vote on the proposition of instructing the council to repeal the ordinance granting a franchise to the North Platte telephone company, was discussed and the council concluded to await further legal advice before placing the ordinance on final passage. There seems to be a question as to whether the initiative will apply in this particular case; further, those presenting the petition have failed to deposit the necessary funds to cover election expenses as provided by law.

On solicitation of J. G. Beeler a street light was ordered placed at the south end of Sycamore street.

Bills aggregating several thousand dollars were allowed, and then the councilmen trekked home.

### Detroit Vapor Stoves

### Culton-Brodbeck Wedding.

Last evening at the home of her parents Mr. and Mrs. Chris Brodbeck, Miss Marie Brodbeck was married to Mr. Albert Culton. Rev. Charles B. Harman performed the ceremony before a bower of ferns, palms and flowers on the east side of the parlor in the presence of one hundred invited guests using the full ring service of the Lutheran church. Miss Louise Welborn played Hearts and Flowers during the ceremony.

The interior of the house was decked with sprays of Plomosius fern, clusters of yellow and pink cut flowers and streamers of small hearts in the same color.

The bride's gown was heavy white satin, empire effect, with an over throw of silk lace, caught up with white satin bands and chiffon roses. The bodice was trimmed with fine lace silk fringe and chiffon folds. Her shower bouquet was a pretty combination of lilies of the valley, fern leaves and knotted satin ribbon. The going away suit was a gray tailored Norfolk suit of whipped cord with hat to match.

Miss Helen Baker was the maid of honor. She wore pink chiffon taffeta under a drapery of cream lace, with trimmings of pink ball fringe and silk buttons and held a large bouquet of pink snap dragons and ferns.

Carl Brodbeck, a brother of the bride, attended the groom.

The ring was carried in a large pink rose by little Marion Huxoll who was dressed in a pretty frock of yellow satin. After the ceremony a sumptuous supper was served on small decorated tables arranged on the lawn and in various rooms. The bridal table was trimmed with fern branches, yellow and pink satin ribbons and pyramids of roses, golden glow and sweet peas.

Assisting in serving were Misses Elizabeth Brodbeck, Irene Hubbard, Lena Baskins, Mary Elias, Nell Hanifin, Hulda and Louise Welborn. The wedding gifts were costly, useful and beautiful.

Mr. and Mrs. Culton left on the midnight train for an extended honeymoon in Denver, Salt Lake and other western points. They have rented the Loftus property on west Front street and will receive their friends there early in September.

The bride needs no introduction to our readers, having been born and raised in our city. She is an accomplished and well liked young lady who for several years has been an efficient manager of the Ladies Suit Department of the Hub.

Mr. Culton has resided here for several years. He is in the employ of the Union Pacific as conductor and the manner in which he performs his duties has made him popular with his employers and fellow workmen. Best wishes are extended from their many friends.

W. A. Clark, of Somerset precinct, has filed a complaint against Messrs. Lawyer and Wilson of the same precinct, charging them with the theft rake teeth, plow shovels and other articles of like nature. The case will be heard in the county court Monday.

### United States Government.

who for a half century past and one of the very best customers of Studebakers have just purchased eight more Studebaker cars for work in the reclamation service and the Indian Bureau.

## THE NEW BUICKS.

Advance specifications describe fully the new 1913 Buick line and especial attention is called to the completion of detail and general excellence of equipment.

All of the well known Buick principles of construction are maintained and while improvements have been made, no radical changes have taken place.

The same idea of service and durability is uppermost and effort made to increase the already high efficiency of each car.

The regular advance edition of the Buick catalog is being prepared, which will show cuts of each car and fuller descriptions. This is worth having and will be gladly sent on request.
