Announcement

I herewith announce my candidacy for county commissioner on the republican ticket and ask the support of all citizens and pledge to conduct the county affairs in an economical and business way if elected.

IRA L. MILTONBERGER.

Sioux City Tribune: Prohibition through the demands of business and industrial life continues to make great headway. The Lackawanna railway has issued an order that none of its employees who have to do with the handling of trains may use intoxicating liquors either on or off duty.

New York Sun: For a generation Theodore Roosevelt has been gorged with honors by the republican party. He is now bound to destroy it because it refuses him that third denied Grant and by long prescription and tradition held to be dangerous and forbidden.

A new religious organization, non-sectarian and undenominational, with the avowed purpose of purging Colorado's politics of all uncleanness and of raising the standard of everyday living through "Christ's teachings as they apply to practical problems and teachings of life," has been given birth in Denver.

Roosevelt claims that a panacea for all our financial, commercial and social ills is found in the platform of the so-called progressive party. If we remember correctly this claim was made by the populist party and later by the democratic platform of 1896, both of which were rejected by the people and passed into oblivion. History will repeat itself.

Chicago Tribune: When a meat eating nation finds its population increasing and its cattle production decreasing, it can only hope that its statesmanship may be wise enough to offset the forces which are increasing its demand and lessening its supply. Otherwise there will be nothing left to do but to follow Dr. Doolittle's advice and substitute beans for beef. The United States is beginning perceptibly to suffer from growing pains.

California will be the original La Follette state in the presidential campaign of 1916, for a committee acting in the interest of the Wisconsin man has been formed and within a few days the first literature bearing the slogan "Robert M. La Follette for president in 1916" will be sent out from its headquarters. The committee consists of Rudolph Spreckles, the San Francisco sugar magnate; Wm. E. Smythe of San Diego and Irving Martin of Stockton.

Notwithstanding his reiterated willingness to step aside in favor of any other more desired standard bearer, the nomination of Colonel Roosevelt by the third party convention at Chicago was foreordained, and will therefore surprise no one. What it really does is to accentuate beyond misapprehension the fact that Colonel Roosevelt has abandoned the republican party after having achieved all his high honors through it, and with his associates has undertaken to destroy the historic political party—the party of Lincoln, Grant, Garfield and McKinley—and to supplant it with one of his own making. At one time it was the supposed ambition of Colonel Roosevelt to refuse a third term when it was within his grasp. Later it seemed to be his ambition to be the only president nominated by his party for a third term. Having failed to accomplish that object, after forswearing his renunciation of a third term, his ambition seems now to be to identify his name with the founding of a new political party built, not upon any great national crisis or upon any vital issue, but upon his own personality. His self-forced nomination to head the first ticket of that party is but one step in an ambition program which will be fast unfolded as the campaign progresses.—Omaha Bee.

Bull Moose Program.

The political wise ones are looking for a call to be issued for the organization of a straight-out bull moose party in Nebraska. The bull moose convention that met in Lincoln two weeks ago did not do anything but choose delegates to the convention at Chicago, making everything else dependent upon action to be taken there. It is said now that the convention did not adjourn but merely took a recess, subject to call of the chair, and that instead of having a brand new convention the old one will be reconvened, taking no chances on having intruders get control. This convention will name a set of eight presidential electors for the Roosevelt ticket, presumably five

or six of those already nominated, with two or three names added. What it will do on the rest of the ticket is uncertain, but the assumption is that it will endorse those candidates that take oath to support Roosevelt and join the third party and either pass up the others or put in new nominations. This bull moose convention will probably be held in Omaha the first part of September in hope of making a better showing than was made in Lincoln, where it drew less than 100 delegates and spectators all told, and it is possible some big-gun speaker may be sent in to help drum up a crowd.—Bee.

Would Give Coal Fields to Cities.

Secretary Fisher, of the Interior department, has a plan to allot government coal lands to cities, which in turn may operate them under certain regulations to supply municipal needs as well as those of citizens.

As a first step in the plan, Secretary Fisher has recommended that congress pass a bill granting 640 acres of coal land to the city of Grand Junction, Colo., and mean while the Interior department has withdrawn from entry the land the city desires.

Cities in Colorado, Wyoming, Utah, Montana, Idaho and other public land states west of the Missouri river would be most vitally affected by Secretary Fisher's plan.

The general bill he offers would authorize the secretary of the Interior in his discretion to patent 640 acres of government coal land for each city and 160 for each town under conditions providing for prompt and continuous development of the coal, the prevention of any assignment or transfer of the land, the safeguarding of the health and safety of laborers mining or handling the coal, the prevention of undue waste of mineral resources and other restrictions.
