Chamber of Commerce.

Chamber of Commerce met in regular session in the lecture room of the public library Tuesday evening, the 13th.

The report of the Fourth of July committee, which showed receipts, totaling \$1056.95, including subscriptions of \$257.50, subscriptions from Japanese boys for Japanese fire works, \$124.50; concessions, \$113.00, and received from the publicity fund of the Chamber of Commerce \$561.95, was taken up. The disbursements consisted of advertising, \$149.53; fireworks, powder and freight, \$246.37; prizes \$444.10; labor and incidentals, \$60.90; railroad fares for Gothenburg firemen, \$30.00; freight and settees, \$34.65; band, \$85.00 and refund to the publicity fund, \$6.40; total disbursements, \$1056.95. The report of the committee was received and a vote of thanks extended to the committee for their good work and economical handling of the celebration.

The secretary's report showed additional subscriptions to the publicity fund of \$25.00 by Mrs. W. Cody and \$10.00 by Contractors, Huntington & Howard. Several bills on the general fund and publicity fund were allowed and the matter of creating interest in trying to promote a proposition to get the south side irrigation ditch re-organized, was taken up and discussed, as this is a proposition that will be one of the biggest things for North Platte that the organization could take hold of at the present time, said ditch covering some 40,000 of the best land in Lincoln county, and, if this ditch were opened up it would at least double the acreage that is now under cultivation, as well as double the productivity of the land that is being cultivated and when it is considered that this land could be thrown into a district and that an assessment of from \$5.00 to \$10.00 would place the ditch in A No. 1 working order, and compare this with the assessment of from \$15 to \$30 per acre that they are making in the western part of this state and in Wyoming to get water upon the land, it certainly looks as if this is a proposition that could be easily worked out, if the proper parties are acquainted with the facts and the farmers within this district will take hold of it.

At the present time the Platte Valley Irrigation District, which covers the valley west of us, being the old North Platte irrigation ditch, has made an assessment of \$2.25 per acre and have let the contract for cement head gates and cement checks and the placing of a dam in the North Platte river at this head gate, which work when completed will make this one of the best ditches in the western states.

In order to take up this irrigation proposition and work it out to the best advantage, there was a motion made that the president appoint a committee of mine for a standing irrigation committee. The president appointed on this committee: J. G. Beeler, J. J. Halligan, W. V. Hoagland, W. P. Snyder, F. H. Garlow, T. C. Patterson, Chas. McDonald, O. E. Elder and E. F. Seeberger.

These gentlemen are all vitally interested in irrigation propositions and have taken active interest in promoting irrigation for several years past and with the backing that the Chamber of Commerce will give them, we can certainly look for this work to be pushed vigorously.

It being quite late at this time and there being several others propositions for the board to take up, they adjourned until Friday night at 8 o'clock.

SECRETARY.

Miss Kathleen Webb, of Cleveland, Ohio, is the guest of her cousin Miss Alma Morrill, having arrived the first of the week.

Studebaker

More real car for your money than any other car on earth. Nine times out of ten you would buy a Studebaker IF FULL INVESTIGATION were made. Sells for less money; has a steel body; a more powerful engine, less weight, as against our would-be competitors with wooden body, less engine energy, more money, more weight, no priming cups, which are all very important in an automobile.

All country customers I sell to will be taken care of free of charge as to garage room while in the city.

J. L. BURKE, Local Dealer, Phone Blk 627. North Platte, Neb.

Like the grass—it is everywhere. You can't get away from Ford service for Ford owners—to be found in practically every business center of civilization. Ford repairs are seldom needed—but always at hand—and cost but little when required.

75,000 Ford cars already sold this season—one-third of America's product. Five passenger touring car \$690—three passenger Roadster \$590—torpedo runabout \$590 delivery car \$700—f. o. b. Detroit, complete with all equipment. Get catalogue from Ford Motor Company, Michigan and Fourteenth streets—or from Detroit direct.

HENDY-OGIER GARAGE, Agent,
North Platte, Neb.

Nebraska Military Academy LINCOLN.

The same old problem will soon have to be solved again. The school problem, we mean, where to send your boy next year, what school will best train his mind and body, help him overcome his bad habits and strengthen his good ones—in short to give him the boost he needs toward manly development.

The Nebraska Military Academy will solve the problem for you. Let us send you a catalog that will tell you all about it; or better still, come and investigate the school for yourself.

Enrollment has begun; only 100 boys will be accepted.

B. D. HAYWARD, Superintendent,
City Office 1307 N Street
LINCOLN, NEBRAS KA
