Announcement

I herewith announce my candidacy for county commissioner on the republican ticket and ask the support of all citizens and pledge to conduct the county affairs in an economical and business way if elected. IRA L. MILTONBERGER.

The state railway commission has compiled a report showing that during 1911 the sale of tickets at all Nebraska stations to points within and outside the state amounted to \$9,359,742, of which the Burlington sold \$4,802,679, and the Union Pacific \$1,868,419.

Jacob Schiff, the multi-millionaire of New York city, has deserted Taft and joined the Wilson forces. You will notice all the plutocrats are deserting Taft, and there's a reason. The actions of President Taft during the past year have not pleased the "interests" and opposition from that direction may be expected.

Governor Aldrich says that there will be "nothing doing" on the demand of Mike Harrington for a special session of the legislature, so that a law can be passed enabling the bull moose convention to get a ticket in the field. "Nothing short of war, pestilence or famine will cause me to call an extra session of the legislature," said the governor.

Senator Kenyon of Iowa was elected as a progressive and has been consistent in his practice as well as his professions. But he will not stand for the progressive third party, and is supporting Taft, although not agreeing with him in some matters. Senator Kenyon especially commends the president for enforcing the Sherman anti-trust law, a course that has arrayed against him him every important trust in the United States. Kenyon also says Roosevelt should have remained in the republican party.

As a sequel to the seed corn campaign inaugurated last fall by the Omaha Commercial club's publicity bureau and the experiment station of the state university at Lincoln, a "seed corn selection week" has been dated September 30 to October 5. The publicity bureau and experiment station will start an educational campaign to get the farmers to select their seed corn for the next planting season during that week, instead of carrying the corn direct to the crib, where much of it becomes ruined for planting purposes.

Does any sane man believe that if Roosevelt had had enough delegates in the June convention at Chicago to give him the nomination there would be any of this righteous talk against boss rule that we hear from him today? Would not every one of his speeches be full of glowing tributes to the record of the republican party? And yet if he had become its nominee the republican party would be much worse boss-ridden than it is now, for in arrogance, selfishness, insolence and ruthless domination the present generation of Americans has never seen a political boss who could hold a candle to Theodore Roosevelt.

John D. Archbold Friday told the senate committee investigating campaign funds that the Standard Oil company's \$125,000 contribution to the republican war chest of 1904 was made upon assurances from Cornelius N. Bliss that "the contribution was acceptable to Colonel Roosevelt and that further contributions would be acceptable." The Tribune has been publishing items concerning contributions by corporations to the Roosevelt campaign fund of 1904 just to show that Roosevelt's present claim of "I am holier than thou" is of recent origin; that eight years ago he had no conscientious scruples against accepting "tainted money." And notwithstanding the stand Roosevelt today takes against the corporations, it is from them that he will get the money to run his present campaign; in other words Roosevelt is not sincere.

Kansas City Journal. Perkins' sudden solicitude for his children is indeed touching. But he has not failed to provide magnificently for them by his Wall street operations and as a partner of J. Pierpont Morgan. Perkins is not on record as wanting to do anything for the American laborer. It was necessary to make some sort of explanation why this representative of the trusts who is financing the Roosevelt campaign got in without besmirching the cause he joined. And "curiously enough" the notorious Boss Finn of Pittsburgh the public contractor who has amassed \$15,000,000 out of his deals, made the same excuse! It ought to bring tears to the eyes of the honest workingmen of the nation to see this precious pair of smooth workers returned to lily whiteness simply by the magic process of being for Me.

Taft Committee Declared Regular. As was predicted at the time of the split in the republican convention and the organization of a republican state committee from the Taft republicans who did not propose to be sat down upon by men who would not recognize the nominees of the national convention, the Taft or regular republican committee is the only state committee that will be recognized by the national republican committee.

Last Friday the following telegram from Charles D. Hilles, chairman of the republican national committee, was received by Judge Holmes of Lincoln: "National committee recognizes as regular republican organization in Nebraska that which is supporting President Taft and Vice President Sherman for re-election. "Those who would masquerade as republican will not have the co-operation of the national committee. The attempt to confuse the issue by men who are out of the party and yet seek to operate from within is being exposed and defeated."

Questions Asked Roosevelt. Colonel Bryan has propounded to Colonel Roosevelt a number of questions, a few of the more pertinent ones being as follows:

- 1. Would a new party have organized at this time if Mr. Roosevelt were not a candidate for president?
2. Would Mr. Roosevelt have favored the organization of a new party had any one beside himself suffered defeat at Chicago by President Taft?
3. Would Mr. Roosevelt have regarded the republican bosses as an insuperable objection to the republican party if he had succeeded in seating enough of his delegates to give him a majority in the convention?
4. If Mr. Roosevelt had controlled the national committee by one vote, and had seated enough of his southern delegates to dominate the convention, would he not regard the republican party as the people's party, and the only organization to be trusted?
5. A third term—an honor declined by Washington and Jefferson and withheld from Grant—opens the door to any number of terms; what emergency requires it?

Forest Reserve to be Opened. A Sunday dispatch from Washington says: The secretary of agriculture has advised Congressman Kinkaid that it has been decided to open for settlement under the quarter-section act certain portions of the North Platte forest reserve. It is probable that more than 300,000 acres will be available for entry.

The secretary of agriculture must first classify the land to determine what is to remain for forest purposes. This will be done shortly. Mr. Kinkaid intends to introduce a measure in the house in the fall to make the area to be opened available under the one-section act. At present it can be entered upon only in quarter-section tracts. When it is classified it is believed that a considerable area will be suitable for one-section purposes.

The North Platte unit in the national forest in Nebraska has been reserved for about seven years. Much of it has been used by cattlemen, it is said. There has been a great desire on the part of people in that section to have it opened for entry.

Many Tribune Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in North Platte are glad to learn where relief may be found. Many a lame, weak and aching back is had no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the old Quaker Remedy. Here is an example worth reading: John T. Hollenbeck, 520 E. 11th St., North Platte, Nebr., says: "My kidney trouble started during the Civil war. When I returned home the privations had undermined my system and deranged my kidneys. I used Doan's Kidney Pills, which I procured from McDonnell & Graves' Drug store, (now Schiller & Co's) I have appealed to them on numerous occasions and the results have always been excellent. Of course, I am pretty old now, past eighty, and must expect some trouble but I feel that in Doan's Kidney Pills, I have something that will always give me relief."

Lewellen News: Wm. Naviaux was struck by lightning at 9 p. m. as he sat stringing beans in his residence and knew nothing till 10 a. m. the next day; he bears no marks on his body now and is as well as ever; the current came in over his phone line burning out the phone and blackening the wall.

At Morrill, Nebraska, a little girl put her hand under a hen that was on the nest, and drew it back saying a snake had bitten her. Her little brother, thinking she was mistaken, put his hand in the nest, and was bitten too. They ran to the house to tell the mother, she swooned, the baby upset some scalding water upon itself and the father came home to find his three children dead.

The value of diamonds in Nebraska as returned by the assessors is \$600,000 and the value of the automobiles is \$7,000,000, which is evidence that we are real sports. The facts are, however, that the value of diamonds in the state is ten times the amount returned, while the value of the 30,000 automobiles in the state is not less than \$20,000,000.
