Kirschbaum Clothes.
ALL WOOL. HAND TAILORED.

Hand Tailored

INTELLIGENCE and stability in the making and style and refinement of finish; precisely the characteristics you want in your fall suit or overcoat.

On a foundation of thoroughly-shrunk all-wool fabric, hand-tailoring means Clothes Satisfaction that to a nicety meets the ideas of the modern Beau Brummel.

Sounds expensive? But it isn't—if you come here. For we've gone straight to headquarters—the model clothes factory of America, the leading and largest makers of Hand-tailored clothes—and we can sell clothes of this description at no higher prices than you are asked to pay for ordinary sorts.

Kirschbaum Hand-Tailored Suits

Copyright, 1912 A. B. Kirschbaum Co.

\$15, \$18, \$20, \$22, \$25 and up. Overcoats, \$15 to \$25 and up to \$45.

It is a pleasure to have these clothes to show; and we promise that you will take pleasure in looking them over. Positively none elsewhere like our Kirschbaum \$15, 20 and 25 specials, at anything like the same prices.

The Kirschbaum label means Hand-Tailoring and All-Wool. With each garment we give the makers guaranty to refund the money if the clothes are unsatisfactory.

Notice to Water Consumers.

As we are now installing the two new boilers and until this work is completed we will be compelled to depend upon one boiler for at least three weeks without being cleaned, we are anxious not to put any more work upon it than possible. We, therefore, request that water consumers will not use any water upon the lawn for the next three weeks unless absolutely necessary, and then only for as short a time as possible as when much sprinkling is being done it compels us to run this one boiler harder than we should. **HERSHEY S. WELCH, Water Commissioner.**

Hundreds of Tons of Hay Burn.

A prairie fire which is said to have originated from the spark of a locomotive, started east of the railroad bridge at noon Saturday and driven by a high wind from the south, swept over the hay meadows belonging to George Long, burning about 400 tons of hay in stack. Several stacks were also burned on land adjoining the Long ranch. The fire swept over the hills and traveled until it reached the cultivated fields of Fred Malone, where it died out. One farmer living in the hills south of the Malone place, also lost several stacks of hay.

Hill Found Insane.

The board of insanity was called together yesterday to pass upon the mental condition of Oscar Hill, of Antelope precinct, son of Mr. and Mrs. C. I. Hill, pioneer residents of that section but lately residing in Gothenburg. The unfortunate man, who is about thirty years of age, has been living on one of his father's farms in Antelope precinct, but of late his mental condition has been such that neighbors feared he might do acts of violence and one of them filed complaint. The board adjudged him a fit patient for the asylum and he will be taken to one of the state institutions.

Congressman Kinkaid Out of Race. A special to the Bee from O'Neil, the home of Congressman Kinkaid, announces that he has withdrawn from the race for re-election. Ill-health is assigned by the withdrawal. Last Saturday Congressman Kinkaid was endorsed by the bull moosers at the convention held at Ainsworth last Saturday, and this made his candidacy particularly strong. In fact his chances for success this year were even brighter than two years ago.

When Judge Kinkaid was here a couple of weeks ago he told this writer that his health was not good, that his condition worried him, and that he did not know whether he could stand another term at Washington.

North Platte School of Music Secures Mrs. Langston.

The North Platte School of Music has secured the services of Mrs. Elizabeth Karr-Langston as director of the voice department. She will assume her duties at once. Mrs. Langston is not unknown to the people of North Platte, as she has been teaching privately here for over a year. She is a graduate of the Wesleyan Conservatory of Lincoln, Neb., and has taught successfully for some time. Her students in Kearney gave a recital recently, of which the Daily Hub said in part: "The singers were possessed of confidence and sang with excellent interpretation x x x An excellent tone placement and the absence of any tremolo were very noticeable." Mrs. Langston in her teaching combines the principles of technical and artistic singing. The director is glad to be able to provide such an able voice teacher and her advent is a strong indication that the North Platte School of Music has come to stay.

"The Rose of Panama" was presented to a large audience at the Keith Friday evening, the lower part of the house being well filled and in the gallery standing room was sold. While the score of the operetta does not contain as many popular selections as some of the musical comedies, the music is of a better class, and it was splendidly rendered by people who had cultivated voices.
