

## One of the Most Sacred Things in Life

Is that little band of gold which signifies marriage. To the bride, it is the key to all happiness in the world—her constant companion through life. What a sense of satisfaction to him who sells a wedding ring, well knowing that years hence, the same hand withered with age, will wear his ring exhibiting little signs of wear. To the jeweler who sells this ring comes the respect and confidence so essential to success in this particular field of endeavor. No ring contains gold so thoroughly wrought, so thoroughly worked on the grain to withstand wear, as does this ring. We have the Engagement Ring, the Wedding Ring, the Birthday Ring, the Baby Ring. In fact all kinds of rings. Let us show you.
