

The Seal of Their Engagement Was a Beautiful Diamond Ring

According to custom, the ring needed to complete a modern engagement, must be set with a Diamond of Purest Quality, in order to be perfectly proper. This is the "proof" of sincerity and signifies pure and honorable intentions—no engagement seems complete without being sealed with a Diamond Ring.

A Good Time to Buy

- It is always a good plan to buy just before a rise in the market. We have every reason to believe that a rise in the price of Diamonds is eminent and would advise buying now before the increase.
- We are well prepared to meet your wants in Diamonds of most any size or grade at prices that will be hard to duplicate later. We will be pleased to figure with you—every transaction is strictly confidential. Come in today.
