## DIXON, THE JEWELER.

**Verdict for one Dollar.**  
The jury in the case of Philip Scherer against A. E. Timmerman awarded the plaintiff damages in the sum of one dollar. In this case Scherer sued Timmerman for \$3,000 damages for injuries received to his arm in altercation which occurred in Timmerman's saloon, the latter striking the former with such force as to cause a simple fracture of the arm. Scherer then filed his suit for damages.

**School Bonds Carry.**  
At the special election held Tuesday to vote on the proposition to issue bonds in the sum of \$20,000 for a new school building in the First ward, only 303 votes were cast; 237 of which were for and sixteen against. That was almost unanimous, and shows that our citizens feel favorable to providing adequate accommodations for the school population.

Holding the election at this time of the year, insures the completion of all preliminary work and the erection of the building before the beginning of the next school year.

**Royal Black Fruit Cake.**  
Made by Alice Mason (who has a national reputation in this line) in Home-Made Bakery operated by women, and packed in two pound black and gold boxes. All fruits, both foreign and domestic, are pure and sterilized. These cakes are being used now in all parts of the U. S. Price 80 cents per pound. Also old English Plum Puddings at 60 cents per pound. Address Hoenshel & Emery Mfg. Co., Lincoln, Nebr.

**Halligan on All-Star Team.**  
Victor Halligan, of this city, one of the star players in this season's Nebraska university football team, gained the signal honor of being selected as a member of the all-star team of the Missouri valley. This means that Vic is considered the best quarter-back of all the teams in the valley. This was Vic's first season in fast company, and he won laurels in every game played. Even greater work may be expected of him next season. Vic developed his prowess as a foot-ball player in the North Platte high school team, and the training he received from Coaches Walker and Neville made him eligible to the university team in his first year at Lincoln.

**North Platte Boy Making Good.**  
Arthur A. Fonda, a former North Platte boy is now located at Midvale, Idaho, as station agent for the P. & I. N. railroad. The town is located in the Payette valley, the famous fruit section of Idaho. Not only do the fruit growers ship the products of their orchards, but they send out tons of dressed poultry, a class of business that has been largely developed by Arthur in furnishing special express cars for the shipments. Arthur writes that he has good health, likes the country and from the Midvale paper it is learned that he is "making good."

**Promoting Road to Maxwell.**  
R. H. Fowles is circulating a petition asking for a road between North Platte and Maxwell, this new highway to run on the south side of the railroad beginning on the east bank of the North Platte river at a point in direct continuation with Fourth street. Such a road will shorten the route to Maxwell some four or five miles over either the now traveled routes, and could be constructed at a comparatively small cost, it is claimed. In connection with this road a bridge across the Platte river east of town would be necessary, and to build this it would be necessary to organize a bridge district out of the territory benefited and vote bonds. It is believed that if this road were built it would form part of the across-the-country highway, being used in this connection with the lately improved road between Maxwell and Brady, and the road between Brady and Gothenburg, both of which parallel the Union Pacific tracks. This road would result in the abandonment of the route south of the South Platte between North Platte and Gothenburg, and thereby shorten the route. The Maxwell people are very enthusiastic for this new road and considerable interest is being developed among the North Platte people.

**Bratt & Goodman write the best and cheapest fire and lightning insurance against damage to your buildings, grain, live stock, automobiles, boilers, plate glass, etc. They write the most liberal life insurance in best company on earth; also write surety bonds. They settle all losses promptly and satisfactorily. Tried and True. See them.**

#### RAILROAD NOTES AND PERSONALS

President Mohler, of the Union Pacific, went through to Salt Lake this week, where he will attend a conference of the officials of the Union Pacific, the S. P., O. S. L. and O. R. & N., relative to the dissolution of the merger of those roads.

Firemen are now meeting with general managers in New York discussing their demands for greater compensation. Trainmen will soon make a concerted demand. It is rumored that trainmen on the lines west of Chicago will soon make a demand for more pay.

The State Journal says the Burlington will begin early next spring the work of building a line from Powder River to Orin Junction, but that it will be two or three years before the road is completed. Until this line is finished we cannot hope for the Burlington to build to Platte valley road.

The Omaha Bee predicts that the dissolution of the Union Pacific, Southern Pacific merger will result in the former purchasing the latter road from Ogden to Frisco; that it will result in increased business over the Union Pacific, and that President Mohler will be given more power than heretofore.

**May Stewart.**

Those who go to the theatre merely to be amused will find in "Twelfth Night" the comedy which May Stewart will present on the second and last night of her engagement here Tuesday, Dec. 10th, much food for humor. The characters are intensely comic and the situations laughter compelling.

Those who object to deep plots or heavy tragedy will find in Twelfth Night a pleasing comedy full of the light side of life but richly jeweled with the brightest sparkling English that only the Immortal Bard of Avon can handle.

The love and appreciation of Shakespeare is everywhere taken as the measure of a community culture and we have never seen North Platte pass up anything she knew would be good. So here's a prediction hazarded for a good house for Miss Stewart in "Twelfth Night." The offering on Monday night will be the romantic and sensational drama "Ingomar the Barbarian" a play that cannot fail to interest everybody.
