Mrs. John Thalken, of Ogalalla, who was well known among the local people, died at the home of her daughter Mrs. George McGinley at Keystone the last of last week. Interment was made at Ogalalla Tuesday afternoon.

Fifteen or twenty residents of the northwest part of Keith county were in town yesterday as witnesses in a contest at the U. S. land office in which George McMullen contests the homestead of Martin Samuelson, charging non-residence on the claim.

A cold snap in Southern California the early part of this week caused a loss of thirty to forty million dollars to the orange and lemon growers. No section of the citrus belt escaped, and the crop is almost a total loss. Among the losers were John Keith, W. C. Blackmore and Dave Hunter, formerly of this county.

Carroll Gononick a Greek laborer of Cheyenne, who was picked up by Officer Trout Tuesday evening in a frozen condition, is recovering at the Pulver hospital. Gononick was beating his way from Cheyenne and when found in the local yards was in a pitiful condition; at first it was thought necessary to amputate his limbs but a change for the better came and the patient is getting along as well as can be expected under the circumstances.

M. Walling, of David City, will be here to conduct installation services. A nice program of music will be rendered after which a banquet will be served. All members of both orders are urged to be present.

The destruction of eighty per cent of the orange and lemon crop in Southern California will indirectly effect North Platte, in that it means a loss of thousands of cars of through shipments over the Union Pacific, and therefore a decrease in the number of trains and mileage made by engine and train crews. The citrus fruit shipments over the Union Pacific form a large percentage of east bound traffic during the latter part of the winter and the early spring.

Owners of city property, lots or houses, can find sale for same by listing with us. Property priced right finds ready sale. Buchanan & Patterson.

East bound trains were delayed twelve hours Wednesday morning by a slight wreck at Ovid a small station nine miles west of Julesburg. A bolt extending from the fish plate on the track derailed the engine on train No. 12. The trailers, tank, trucks and drivers after leaving the rails went the length of nine telegraph poles on the ties before the engine could be stopped. The engine truck wheels remaining on the rails prevented the engine from overturning. The cars did not leave the track. At the time of the accident the train was going at the rate of 60 miles an hour.

To Pension Employees.

Effective January 1st the Nebraska Telephone company inaugurated a pension system for its employees based on the years of active service, but in no case is the pension to be less than \$20 per month. Employees who have been in the service twenty years and have reached the age of sixty may retire at their own request, under that age retirement is by approval of the president. To receive this pension an employee must have been in the service at least twenty years.

A plan of accident and sickness disability benefits has also been adopted which provides for definite amounts to its employees when disabled, this being very liberal. A life insurance has been provided for employees who have been in service ten or more years. These plans of benefits is to be commended.

Mr. and Mrs. Fred Lawrence, of McPherson county, who were guests of the Murdock and Lawrence families last have returned home.
