

Look Them Over Carefully Diamonds that bear Close Inspection

Two things are very important in buying Diamonds—Quality and the Price. Good Quality is the element mostly admired in a Diamond, while the Right Price assures you that it will always be worth as much or more than you paid for it. You will be sure of both if you buy it here.

Quality Diamonds are a Safe Investment

The records prove conclusively that Diamonds have never depreciated in value during any panic or off year, while the price has more than doubled in the space of a few years.

We are advised through our importers, that conditions are favorable to a further rise in prices very shortly. Better invest your money now while prices are still reasonable.

The entertainment provided for the visitors Wednesday evening was the production of "Louisiana Lou" at the Keith and a dance at the opera house. The delegates divided their number pretty well between the two events, but following the close of the show, a hundred or more went to the dance and enjoyed themselves until the early hours of yesterday morning.

One of the largest, if not the largest audiences ever assembled at the Keith witnessed the production of "Louisiana Lou" Wednesday evening. Every seat was occupied, and standing room was sold to 150 men. This musical-comedy is bright and sparkling, the scenery is very pretty and the dancing exceptionally good. The weak part is the singing ability of some of the principals; in fact there is a general lack of good voices in the company.

One of the amusing features of the convention, as well as a source of revenue to meet convention expenses, was the "Kangaroo court" held at the Lloyd opera house Tuesday and Wednesday. Several hundred residents were placed under arrest by Officers Cy Russell, Harry Porter Will Landgraph and others, hustled to court in the patrol wagon, charges were preferred against them and Judge Patrick H. Sullivan accepting the invariable plea of guilty fined each offender from one to three dollars; in all cases remitting the costs. The fines from this court aggregated about \$200.

TRAINLOAD OF BUICKS.

We are just in receipt of advice from the factory to the effect that the fifty car trainload of Buick automobiles left the factory January 20th.

This trainload will be billed in care of Indiana Harbor Belt, and the cars move via C. & N. W. and will be handled from Proviso by night, arriving at Clinton, Ia., in the morning, and will receive a daylight run to Ames, at which point it will break for points north, and the balance of the cars beyond Ames, probably twenty cars, will be forwarded via daylight through Missouri Valley and break at Council Bluffs.

This is the largest shipment of automobiles ever made into this territory.

Several carloads are billed to North Platte.
