Mrs. A. Waite, of Tryon, died at her home the latter part of last week. She was a sister of Mrs. J. M. Calhoun of this city and well known among the local people.

THE McCABE BUILDING.

Dr. Nicholas, McCabe, Owner.

In this home industry and improvement edition of The Tribune we desire to note the various features of interest in our town and county also the new buildings and therefore will point out the new McCabe building which will be erected about June 1, at Dewey and Fourth Sts.

This will indeed be a credit and an ornament to North Platte and a modern, up-to-date structure of this character was needed on this site.

Dr. McCabe is to be congratulated on his enterprise and foresight in making this investment but the success of the building is already assured as offices in it are being rented fast and Dewey street will be considerably improved by this building.

It will be two stories in height, pressed brick front on Dewey street, and pressed brick pilaster with paved stoop on the Fourth street side and the construction is fire proof throughout. Both floors are of reinforced cement and Dr. McCabe will put only the best of everything in it.

There will not be a better building for its size in the country and Dr. McCabe's investment with value of lot will total about \$25,000. No one has greater faith we might add in North Platte and in her future than this gentleman and he has shown his faith by his works in investing heavily in our city and surrounding country.

The doctor as we all know is one of the principal owners of our two flourishing pharmacies, the Nyal and Rexall, and they secure a large part of the desirable trade here in the drug line.

A few lines as to Dr. McCabe may not be amiss as he has been with us thirty years and is one of our old timers and landmarks, we might say.

After graduating from the University at Buffalo, he practiced for a time at Niagara Falls, and then turned his face toward the setting sun. He cast his lot with us and from the beginning has always stood for high ideals in private and professional life. He was Mayor of our city three terms, Coroner several times, and is now member of our school board, giving always freely of his time and means to the furtherance of the best interests of North Platte and Lincoln county.

Dr. McCabe keeps pace with the progress of his profession and as a medical man, live, liberal citizen, and pusher for a greater and better North Platte, this gentleman is always on the firing line and willing to do his full part for all worthy, well considered efforts to benefit our city and county. The Henry Ogier Co. have leased the entire building for five years and it could not be in better hands.

C. W. Yost, County Clerk.

In this home industry and improvement edition of The Tribune we will include our county officials for they are all members of the Booster and Pusher club, first class citizens, and "in" for all worthy, well considered undertakings that help our town and county. We will also touch on the careers of these gentlemen and their standing in the community as we note our business and professional men and in referring to Mr. Yost we would say that on his merits alone he deserves the best we can say for him.

He has a fine record in all the relations of life and he has friends among all classes of this community. He is well adapted for his position as County Clerk and renders full return in zealous, effective service for every penny he draws from the public funds.

This gentleman has always "delivered the merchandise" and his training has been all round and practical one. He was in the mercantile line for some time, was also engaged in railroading and his career has been an active and industrious one, standing always for the betterment of moral, political and material conditions.

On the square with all comers, giving to others all that was coming to them, Mr. Yost has ever been the right kind of a citizen and a helpful, useful member of the community.

We would here emphasize the important fact that he speaks, reads and writes the German language fluently and a county clerk who knows the great Germanic tongue can, needless to say, serve the public interests more advantageously than one who does not, other things being equal.

Mr. Yost served for several years under Mr. Elliott, is perfectly familiar with the duties of the office, and is widely known in this part of the state.

He is a frank, pleasant gentleman who will go out of his way to do a "good turn" for the other fellow, and he commands the respect and confidence of our people. He is thoroughly identified with the best interests of this section and is at all times, an honorable, energetic, efficient person whose record is clean and creditable throughout. Men of his type and character are the kind we need in our public offices.

Mr. Yost we would add served in the city council for several years and was a leader in the fight to secure the water works for the city. There was tremendous pressure brought to bear on him in various ways to serve private instead of public interests but this gentleman is a stickler when he is in the right and it is to a few men of his type that we owe our city waterworks.

Miss Gertrude Rebhausen returned Saturday evening from Overton where she conducts a weekly music class.

Jack Healey, of Indiana, arrived here Friday afternoon to make a short visit with his friend Andy Frazier while enroute to Denver.

Ren Graham formerly of this city arrived here last evening from Greeley to visit his family who are guests of his mother Mrs. Martha Graham.

Manager Stamp has engaged the Dixie Stock Company composed of twelve girls, for a four weeks engagement at the Keith beginning February 24th.

City Property for Sale.

We have a number of choicely located lots with and without buildings, close in with sewer, city water, electric lights and sidewalks that we are offering at very low prices. Much less than we will be able to offer them when the spring opens up.

In our judgment there will be a big advance on this class of property soon.

BUCHANAN & PATTERSON.

THE LEADER.

Julius Pizer, Proprietor.

Mr. Pizer is our oldest merchant and his extensive establishment is the leading commercial feature of our town. For twenty-one years, this gentleman has labored in this community, beginning in a small way, but no man had more faith in the future of North Platte and the excellence of this town as a trading point and the Leader is indeed a monument to his mercantile judgment, fair dealing, and modern, enterprising, up to date business methods.

Never has competition been so keen as the last twenty years in the various parts of our state but Mr. Pizer always welcomed it and he won out by reason of his sterling integrity, untiring industry, and broad grasp of conditions here.

His premises measure 44 by 90; there are two floors, and they are literally jammed with everything in the way of wearing apparel for men, women, and children. No man in the state is a better buyer than this gentleman and when there are bargains in the market he gets them for North Platte and they are of the genuine kind.

The sales put on at this store are frequent and always the money-saving kind in which the values are absolutely guaranteed and you will never visit this place any hour of the day in which you will not find patrons here.

Customers are drawn from miles around and our careful, economical purchasers know they are "in" many a dollar by trading with Mr. Pizer.

We look to Mr. Pizer for the latest and best in the dry goods and ready to wear lines and the corner stones of this emporium are honesty, enterprise, and the best of merchandising methods.

We will not enter into details of this fine stock and the many admirable features that characterize this splendid store but it fills the bill in all respects and he does more business than any other merchant in this section. He has made the greatest success in North Platte but the facts speak for themselves and the Leader needs no commendation from us.

This gentleman has unlimited confidence in North Platte and has invested heavily in residence, other buildings and farm lands. No man has been of more use to our community.

Among the various important institutions and movements with which he has been connected should be mentioned the Platte Valley Bank. He was one of the principal starters of the bank though he is not now connected with it.

Mr. Pizer does a large business loaning money on real estate securities, and has done a great deal of good in assisting folks when hard pressed financially.

The writer heard from several reliable authorities that many homes and farms have been saved through Mr. Pizer's loans that would otherwise have been surely lost.

Last but not least, Mr. Pizer is one of the best advertisers in the county as he has made a study of publicity. His ads always state the exact truth, are attractively put together, and we all have implicit confidence in them.

There is no busier man in this part of the country; his word is always good as gold and when there is any enterprise on foot that holds promise of benefiting our town, Mr. Julius Pizer is "there" with hearty and liberal support.

This gentleman has always set the pace in North Platte and he is the liveliest of live wires, a business man that would come to the front in New York or Chicago, and a citizen that stands for the best we have in every line of endeavor.

We understand that he is one of the wealthiest citizens in Lincoln county.

THE NEWTON BEAUTY PARLOR.

Hair Goods, Hair Ornaments, Toilet Requisites, Sanitary, Up To Date, Mrs. C. M. Newton, Prop.

The writer was surprised indeed to find in a town of this size such an up to date, well equipped establishment as we would expect to see so extensive a beauty parlor only in Omaha, Chicago, or other metropolitan centres. Mrs. Newton has the latest and best in her line, everything being in white enamel and sanitary throughout and here we find electric hair dryer, electric vibrator, electric hair curler, electric colling fan, shampoo, hair dressing and manicure chair, manicure table with plate glass top, large mirrors, etc.

All kinds of switches, hair nets, combs, hairbrushes, and other toilet articles of the very best quality are sold and everything this lady handles is guaranteed. Mrs. Newton makes her own facial creams and shampoo and her parlors are complete in every way.

Manicuring for gentlemen is also done and charges for the various kinds of work done in those parlors are always moderate.

Mrs. Newton made a considerable investment but her success has been marked and our ladies appreciate these parlors more and more. The parlor is in the back retired part of Mr. Newton's book store and every day is a busy one for this capable, estimable lady. Mrs. Newton is an expert in her work and her establishment is an important feature of our city. It was badly needed here and Mrs. Newton deserves considerable credit for her enterprise and efficiency in this line.

Are You Enjoying the Benefits of the Enclosed Gearshift Found Only On Buick Cars?

At this season of the year when it is necessary to use robes in a car, most every one can appreciate the advantage of having the gear lever and brake lever entirely enclosed and out of the way. By the use of this construction the driver and passengers can wrap up snugly in the robes and remain so, while the levers may be operated at will. This very desirable feature is found only in Buick Cars.

J. A. DAVIS AUTO CO., North Platte, Nebraska.
