Charles L. Wood Dies Easter Evening.
The Tribune received the following night message Wednesday morning from Arthur McNamara, of Oakland, Cal.: "Our old friend and townsman Charles L. Wood passed away Easter evening at his home in this city, kidney trouble cause of death. Remains to be cremated Wednesday evening."
In the death of Mr. Wood a former pioneer resident of North Platte passes to the great beyond at the age of about seventy years. The deceased came to North Platte in 1869 and accepted a position as clerk in the office of the division which he held for a number of years. Later he engaged in the meat market business, which he conducted for several years. In 1890 he was appointed postmaster and served for four years when he was succeeded by M. W. Clair. Nine years ago he removed to California in which state he had since resided. He retained his real estate interests in North Platte, owning the property at the corner of Sixth and Locust and the house and two lots on west Third.
He is survived by a wife and daughter, his son Harry having died about ten years ago, leaving a wife and two children.

Cleared of Serious Charge.
Wilcox & Halligan, who were attorneys for the defendant, received word yesterday that the United States supreme court had affirmed the decision of Judge Munger, of the federal district court, in the case of the United States against William George, of Brady. The charge against Mr. George was perjury claimed to have been made in connection with evidence in a final proof made before the local U. S. land office several years ago. The case was tried before Judge Munger, who sustained the demurrer of the defendant whereupon the government appealed the case to the supreme court. Three weeks ago Mr. Halligan went to Washington to argue the case, and yesterday received word that the highest tribunal had upheld the lower court. This ends the case and Mr. George is entirely freed from an ugly charge.

Rev. Favoright leaves North Platte after having had wonderful success both as to the spiritual and material growth of the church and Pawnee City is certainly fortunate in securing his services as pastor.

The losses reported in his section of the country were as follows: Brogan's 210 head, Maddock 200, Geo. McKinley 270, Haythorn 130, Jens Sillassen 70, Whitewater ranch about 500, and Ed. Will be Here Tuesday Evening.
A. G. Field's minstrels, who are pleasing crowded houses in Denver this week, will appear at the Keith next Tuesday evening. The show this season is a great aggregation about evenly divided between black and white face. The songbirds are a dozen Spanish students in brown velvet and gold lace, with flapping, plumed hats. The dancers are eight black bell hops. The old-fashioned end men are four black-faced artists in people satin with the heavyweight Mr. Field in conventional attire doing the interlocutor's stunt.

Ormond Beach, Fla., is supposed to be the location on the eve of the automobile races. The beach and the veranda of a hotel are shown with excellent effect, with the company arranged in the old horse shoe way. The songs are well sung, the jokes fully appreciated and the dancing enjoyed.

There is an automobile race and a realistic explosion, which sent the crowd into roars of laughter, and after the intermission there is a phantasy of "All Hallow'en." or "Lisle Murn's Dream," that is remarkably well done, the "shadow dance" and Henry Weiser's frog imitation are especially clever.

The final "Opening of the Panama Canal," in four scenes, with four scenes, with moving pictures, a volcano in action, a great ship passing through locks and a very funny sketch between Governor Bowen, Johnnie Dove and Bert Iwor, which is alone worth the price of admission.

Sanitary Plumbing

I obtained my experience of sanitary plumbing in some of the largest cities in the country, where the work is all done under the eye of a city inspector and according to a city code most strict.

The Sanitary Plumber is as important in a town as a doctor. The doctor cures disease but the sanitary plumber prevents it.

My work is low in cost and high in efficiency. It will pay you in health and pocket to let your contracts here.
