TRUSTEES AND RIVERDALE ADDITIONS

Are the ONLY ADDITIONS to North Platte, on the market, where residence lots are improved with Cement sidewalks and crossings. Water main, Graded streets, Sewer. The sewer is from five to eight feet deep in the ground and deep basements may be built without danger of water. These improvements make these lots the most modern and sanitary for residence purposes, in Lincoln County. These lots are also the nearest to business part of town, Silber Avenue on the map below, being just six blocks east of Dewey Street. The Additions are located between the Union Pacific tracks and the Burlington right of way, where it will never be necessary to cross railroad tracks to get to the business part of the city.

UNION PACIFIC R.R.

All above lots which have prices marked thereon are for sale at said prices; all other lots have been sold. A five per cent discount is given for cash or the lots will be sold upon the installment plan of one-tenth at the purchase price down and one-tenth every three months.
