## Appoints Frazier Chief.

To the Public: John Frazier has been tendered the appointment of Chief of Police, has accepted same, and his name will be submitted by me to the council for approval. His service as councilman has given him opportunity to become familiar with the general condition of the city, and with its laws and regulations, and his material and public-spirited interest in the city's welfare should dictate to him an efficient and broad-minded police policy.

Anticipating his confirmation, he has been commissioned to select his assistant on the force, who will be under his direction and from whom he will be expected to get good service.

It is my intention to make Mr. Frazier chief, vested with full discretionary powers to enable him the most satisfactorily to perform the duties of that important office.

Respectfully,  
E. H. EVANS.

## The Mutual Building & Loan Association Reduces Interest Rates.

The reduction of interest rates made by this association March 1st, will result in a saving to borrowers, so that on a new loan of \$1000.00, it will require the payment of \$68.00 less money to pay a loan of \$1000.00 in this association than it will in any competing association; the borrower in each case paying the required minimum payments. This is due to the fact that this association makes a lower interest rate and pays a bigger dividend than any competing association.
