Track Foreman Nels Hammer has purchased a lot on west Sixth street and will erect a house thereon this summer.

Yardmaster Blalock has let the contract for the erection of a residence on the lot he recently purchased on west Sixth street.

Jas. Stewart & Co., contractors on the new terminal work, will start brick work on the new round house sometime during the coming week.

S. S. Jacobs, superintendent for Jas Stewart & Co., went to Omaha Saturday night on business in connection with the new terminal work.

Engineer J. R. Bonner yesterday purchased the Brooks property on west Fifth street opposite the W. T. Wilcox residence, also a lot on west Sixth St.

Assistant Engineer C. B. Watson of the Union Pacific engineers' office in Omaha, spent Friday in the city and in company with Assistant Engineer Buckley inspected the new terminals.

R. W. Jordan, steel erection foreman, arrived in North Platte Saturday morning to erect the steel for the new power house. There is about a week's work in erecting this steel and as soon as this is completed brick work will be started.

The wells at the new round house are being constructed in a unique manner. The cast iron plate shoes weighted with brick and concrete are set up on the location for the wells and by means of derrick and orange peel bucket the gravel is excavated which allows the brick and sand to be lowered into the hole. These wells are to be about 30 feet deep and two of them will be constructed which will amply supply all water needed for the new terminal.

Things We Never See.

A sheet from the bed of a river.
A tongue from the mouth of a flame.
A toe from the foot of a mountain.
And a page from a volume of steam.
A wink from the eye of a needle.
A nail from the finger of fate.
A plume from the wing of an army.
And a drink from the bar of a gate.
A hair from the head of a hammer.
A bite from the teeth of a saw.
A race on a course of study.
And a joint from the limb of the law.
A check that is drawn on a sandbank.
Some fruit from the jamb of a door.
And people who get better bargains.

**Do You Buy Corsets like Hosiery
---By Size Only?**

It is all right to buy underwear, hosiery and lingerie by size numbers, but it is not fair to your figure to buy a corset that way.

Dame Nature has given you a figure that may just as well look beautiful as otherwise. It depends largely on whether you will allow our fitters to fit you with a GOSSARD, like the model here shown.

This model—(364)—will prove to you that the difference between the 1.50 or 2.00 corsets you may have been wearing, and this GOSSARD at 3.50 is nothing more than the difference between a beautiful figure with style and comfort, and one that is quite the reverse.

It is made in low bust, with a long skirt. Gives the flat back and hip effect to perfection. Made in a good Sterling cloth. Price 3.50.

Other models up to 25.00.

"Pittsburgh Perfect" Fence

Save Money on your Fencing by Putting up the Style Made to Meet your Requirements

It's downright foolishness to buy light chicken wire to put around your bull pasture—and you know it.

But some people do it because they don't think beyond the price-ticket on the roll of fence—at least not until they've had to patch the chicken wire a dozen times or so where that bull went through.

Made in Different Styles for FIELD, FARM, RANCH, LAWN, CHICKEN, POULTRY and RABBIT YARD and GARDEN

Every Rod Guaranteed

Ask your dealer for "Pittsburgh Perfect" and insist on his furnishing it. Do not allow him to persuade you that some other fence is just as good. If he doesn't sell it, write us direct.
