**BURNED AND ITCHED BADLY**

639 Lincoln Park Blvd., Chicago, Ill.  
—A year ago I received a very severe burn on my left arm. I caught cold in it and it was all sore and ulcerated. The sore was as large as a silver dollar. It was all red and inflamed and had pus running out of it. I suffered terribly from burning pain; could not sleep for two weeks it burned and itched so badly. I applied — Salve. — Salve and a salve my druggist recommended as his own, but got no relief. I then commenced using the Cuticura Soap and Ointment. I bathed the burned parts with Cuticura Soap and applied the Cuticura Ointment on a linen bandage. I got relief from the first, and my arm healed nicely. I was soon able to be at work again. Had I used Cuticura Soap and Ointment at first I would have avoided lots of suffering." (Signed) Harry Junke, Mar. 5, 1912.

Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. L, Boston." Adv.

Anyhow, Boy Had the Right Idea. An overgrown schoolboy who found English grammar entirely beyond him was given the sentence "The girl purchased a hat" to diagram.

"Now, of what word is 'hat' the object?" asked the teacher, encouragingly.

"Hat is the object of girl," stammered the youth.

"Perhaps you're right," replied the teacher.

**They Got Left.**

John and Betty, aged five and four years, had started on a railway journey with their parents on Monday, but reached the station just in time to hear the engineer ring his bell and see the train pull out of the station, leaving the family behind.

Next Sunday John and Betty were started out on the way to Sunday school. When they were half way there the bell rang, and presently they came regretfully back.

"We got left," they announced.

**IN A SHADOW.**

Inveterate Tea Drinker Feared Paralysis.

Steady use of either tea or coffee often produces alarming symptoms as the poison (caffeine) contained in these beverages acts with more potency in some persons than in others. "I was never a coffee drinker," writes an ill woman, "but a tea drinker. I was very nervous, had frequent spells of sick headache and heart trouble, and was subject at times to severe attacks of bilious colic.

"No end of sleepless nights—would have spells at night when my right side would get numb and tingle like a thousand needles were pricking my flesh. At times I could hardly put my tongue out of my mouth and my right eye and ear were affected.

"The doctors told me I was liable to become paralyzed at any time, so I was in constant dread. I took no end of medicine—all to no good.

"The doctors told me to quit using tea, but I thought I could not live without it—that it was my only stay. I had been a tea drinker for twenty-five years; was under the doctor's care for fifteen.

"About six months ago, I finally quit tea and commenced to drink Postum.

"I have never had one spell of sick headache since and only one light attack of bilious colic. Have quit having those numb spells at night, sleep well and my heart is getting stronger all the time." Name given upon request.

Postum now comes in concentrated, powder form, called Instant Postum. It is prepared by stirring a level teaspoonful in a cup of hot water, adding sugar to taste, and enough cream to bring the color to golden brown.

Instant Postum is convenient; there's no waste; and the flavor is always uniform. Sold by grocers every where.

**STYLES IN CHILDREN'S COATS**

Severe Simplicity Will Be the Accepted Idea for the Models of the Coming Season.

According to the Dry Goods Economist, simple tailored styles for everyday wear are receiving the most attention in children's coats. Such garments are shown in serges, Bedford cords, whipcords, poplins and fancy mixtures. The collars, cuffs and revers are usually of silk, ratine or cloth in some bright color. On the dressier numbers lingerie collars and cuffs are employed. In most instances these are made detachable, so that they can be easily laundered. Belts are a feature of many of the best selling models. Frequently the belt is seen only in the back section. When the entire belt is used it is placed several inches below the waist line and is made of satin, silk or velvet. Plain or crushed broad velvet belts are considered particularly smart and are used with excellent effect on bright colored coats in red, Wilhelmina blue, tan and rose. Sashes are also being used in a similar manner. These are frequently in black or of the same shade as the coat itself.

Best Ideas for Dressing of Young Girl's Hair Is Here Given From Authority.

In the Woman's Home Companion Grace Margaret Gould writes "A Talk With Girls About Their Clothes." Following is an extract which presents Miss Gould's ideas about hairdressing for young girls:

"In arranging your hair, I would bear first in mind, if I were you, not to hide the shape of your head. You may admire the way your older sister or your best friend's mother wears her hair, but don't try to copy it. The more simply you fix your hair the more becoming it is sure to be. Parting the hair either in the middle of the sides is very pretty if it happens to be becoming to you, but if it is not, the soft wavy pompadour worn without a rat is in quite as good style. The hair which is drawn back from the forehead in a low pompadour and continued back over the crown of the head, where it is then made into a little coil covered by a big bow, is very effective, only it must not have the effect of all bow and little head. The bow should be small enough to show two cunning little curls below it."

**IDEAS FOR SPRING DRESSES**

According to information, Printed Silks Will Be Largely Used in the New Costumes.

Paris dressmakers are using printed silks of rather florid designs on soft silks and crepe de chines for linings, especially where plain materials are in question. All crepe fabrics also are in demand for home gowns, and with these the introduction of printed silks will take the form of collar facings and little touches in the waist-bands. Buttons will also be covered in small designed printed silk.

Sponge cloths, ratine or velour de laine, all more or less the same thing, will still find favor in the early spring, but serge and suitings in navy blue promise to be more in vogue than ever.

**New Screens.**

Many of the new screens are exceedingly beautiful. Those of embossed leather are much in demand. Except in the distinctly Oriental screens there is a reaction against anything like sumptuous decoration. When covered with the new brocades that show gold and silver threads interwoven in the lovely patterns of olden time the screens are much to be desired. There is a slight tendency to have the material employed for the screens match the curtains of dining rooms, libraries and bedrooms.

**Healthy Old Age Is What Dr. Hartman Advocates**

S. B. HARTMAN, M. D.

men of today have just such symptoms as you describe. What does it mean?

Look at me. I am eighty-two years old. Sound as a nut. Tough as hickory. Do not know what it is to be tired. While I cannot do as much physical work as I used to when a young man, I can do a great deal. Probably twice as much as the average young man of today.

What has kept me so strong and well? I will tell you. I do not use tobacco. I do not use alcoholic stimulants. I do not use tea or coffee habitually. I go to bed early. I get up early. I am always doing something; something that occupies my body and mind. I love to work. I

take a cold water towel bath every morning, winter and summer. It is these things that have kept me well and strong. You could be just as well and strong as I am if you would do as I do.

You may ask, do I never get sick, have I never had occasion to take medicine at all? Yes, I have got sick. Sometimes I feel a little touch of climatic trouble, like cold, malaria, slight catarrhal symptoms, but my only medicine is Peruna. I always keep a bottle of Peruna in my desk in my office. Once in a while I take some. I do not take it habitually. Take it only when I feel a little out of sorts. One swallow will perhaps be all that will be necessary, but it is always handy by.

It is a sorry sight to see the young men of today begin to peter out physically when they ought to be in the glory of their manhood and the height of their vigor. Eat plain food. Live frugally. Give up all weakening habits. Live as God intended you to live. Take Peruna when you do not feel as well as usual.

If you want me to I will send you a book which will tell you a great many more things about yourself and about matters that may be of great value to you. Enclose a two-cent stamp for postage and the book will be sent in a plain wrapper and you will not be troubled with any follow-up letters or advertisements. Peruna is for sale at all drug stores.

**A WONDERFUL DISCOVERY.**

In this age of research and experiment, all nature is ransacked by the scientist for the comfort and happiness of man. Science has indeed made giant strides in the past century, and among the—by no means least important—discoveries in medicine is that of Therapion, which has been used with great success in French hospitals and that it is worthy the attention of those who suffer from kidney, bladder, nervous diseases, chronic weakness, ulcers, skin eruptions, etc. etc. there is no doubt. In fact it seems as if from the big air created amongst specialists, that **Therapion** is destined to cast into oblivion all those questionable remedies that were formerly the sole reliance of medical men. It is of course impossible to tell sufferers all we should like to tell those in this short article, but those who would like to know more about this remedy that has effected so many—we might almost say, miraculous cures, should send addressed envelope for FREE book to Dr. Le Clerc Med. Co., Havrelock Road, Hammersmith, London, Eng. and decide for themselves whether the New French Remedy "Therapion" No. 1, Box No. 2 is what they require and have been seeking in vain during a life of misery, suffering, ill health and unsuccess. **Woman Is As Old As She Looks**

No woman wants to look old. Many in their effort to look youthful resort to the "beauty doctor's" prescriptions. Their mistake is that they visit the wrong department in the drug store.

Beauty depends upon health.

Worry, sleepless nights, headaches, pains, disorders, irregularities and weaknesses of a distinctly feminine character in a short time bring the dull eye, the "crow's feet," the haggard look, drooping shoulders, and the faltering step.

To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for
