Association Rooms Will Be Closed.

The board of directors of the North Platte Young Men's Christian Associa-tion has felt for some time that the quarters it now occupies, and in which it has attempted to carry on some lines of association work, are entirely inade-quate, and do not present to the community the things for which the or-ganization stands. The directors recognise the folly in attempting to do the work which needs to be done in such a plant as is now at its disposal. North Platte is a city teeming with young men and boys, a large number of railroad men are in our midst, an adequate building well equipped would have an appeal which would attract the youth and young manhood of our city, and the association would have a force and

power in the community and would be a credit to the city and the pride of every right thinking citizen. Believing this, the directors feel that what we now have, being a detriment rather than a help to the work, had rather than a help to the work, had batter be closed entirely, and at a meet-ing held April 18th, decided to vaca e the present quarters April 30th, and, while still maintaining its organization, not to attempt anything until a building can be secured which shall be a proper expression of the estimation of the community as to the value of its youth and young manhood

and young manhood. It has been found advisable after consultation and conference with the leading men of the community to postpone the completion of the campaign until early in October, and the directors have been assured their co-operation in the campaign at that time; therefore thanking the many who have already contributed and also those who have given their time and effort to in any way further the interests of the campaign, we feel it wise to postpone further activity until fall. Especially further activity until fall. Especially do we desire to thank Mr. Schatz for his hearty co-operation not only in giving us the excellent window and front part of his store but also for many courtesies in addition thereto.
