TWENTY-EIGHTH YEAR.

NORTH PLATTE, NEB., APRIL 25, 1913.

No. 26

## Commencement Exercises Thursday, May 29th.

The annual commencement exercises of the North Platte high school will be held at the Keith theatre on the evening of May 29th. While the program is not quite complete, it is known that R. V. Clark, superintendent of the Kearney industrial school, will deliver the address to the class.

The class roll this year is the largest in the history of the school, numbering thirty-three. This large class is accounted for to some extent by the commercial course, quite a number of the students remaining in school to take this course, whereas if there were no commercial studies they would have quit high school before completing the four year course. The music course has also been instrumental in keeping several in school.

The class play will be given some evening of the week preceding the commencement exercises.

Those who will receive graduation diplomas are:

Jennette Alden	Irene VanCleave
Virginia Bullard	Lucile Wilcox
Myrtle Boeler	Helen Waltham
Grace Burke	Victor Anderson

## Chamber of Commerce Favors Electrolier System.

The directors of the Chamber of Commerce met Wednesday evening and again took up the installation of the electrolier system of street lighting, the agitation for which began several months ago. The plan that has been adopted is to have six five-light posts to its block, three on either side of the street, and the territory proposed to be covered is three blocks on Dawey, two on Fifth, Sixth and Front, and probably two on Locust street north of the tracks. The plan is to have property owners pay one half the cost of installation and tenants the other half, the city to maintain the system after it is installed. A partial canvas of the city was made several months ago, and while every tenant approached was willing to pay his share, some of property owners would not agree to subscribe their part. It is hoped to overcome the opposition of these owners.

A committee was appointed to arrange for the annual meeting of the organization which will be held the early part of May. A banquet will be held, and following the meal the annual report will be submitted and election of directors held. Messrs. Bare, Forbes and Wilcox form the committee to arrange for the affair. A membership ticket entitles the holder to a seat without charge.

The report of the committee appointed to solicit aid for the tornado sufferers was received and approved. This committee secured \$570; a carload of potatoes and a large quantity of beans were purchased and forwarded, \$100 in cash sent to the sufferers at Berlin, \$100 to those at Yutan and \$205 to Omaha. The total cash contributions from North Platte people exceeded \$1,000.

The directors appropriated from the publicity fund forty dollars to the G. A. R. post to assist in defraying the expenses of Memorial Day and one hundred dollars to advertising the Junior Normal school.

Other matters pertaining to city affairs were discussed.

## Time to Clean Up.

The time is now here for a general clean up of alleys and lots, and in this I ask the hearty co-operation of all citizens. Each property owner and tenant should take pride in the cleanliness and appearance of the city, and as good citizens I trust that all will have their alleys and lots cleared of all refuse within the next two weeks and without any further notice from me, JOHN FRAZIER, Chief.

## Hupfer Takes Charge of the Vienna.

Charles Hupfer arrived from Ogden Wednesday and yesterday at noon took charge of the Vienna Cafe, the furnishings and good will of which he purchased about a month ago. In the immediate future a number of changes will be made in the interior arrangements of the ground floor, which will add to the better accommodation of patrons and the convenience of the employees.

Mr. Hupfer is no stranger to the people of North Platte and Lincoln county; for many years he was a resident of the city, and prior to leaving for Ogden five years ago conducted a cigar store on Front street. He is a progressive business man, has had considerable experience as a caterer, and will conduct a restaurant that will be a credit to North Platte; in fact the Vienna under the new management will be as successful as it has been for ten years past under the management of Mr. Weil.

Mr. Hupfer invites all his friends as well as the public generally to call and see him, assuring satisfaction and courteousness to all.

Mayor Evans has appointed W. W. Birge city weighmaster and inspector of weights and measures. This office, which is provided for by statute, has been unrecognized for several years past, but as there have been quite a few complaints made in regard to weights on different scales, it was thought best to appoint a weighmaster who will examine and inspect scales once in three months.
