

THAT BRIDE-TO-BE

If you are expected to remember her, don't forget that the most appreciated of gifts come from a jewelry store. Haven't you noticed that after a wedding, when the time comes to examine the presents, most of the attention is given to the Silverware or the Cut Glass or the China or the Silver Deposit Ware, or some of the articles of jewelry?

*Tis always so. We show these lines in all their matchless beauty. We show them in the newest ideas of design.

We show them in sufficient variety to enable ALL to be suited at a big range of prices.

We've hundreds of just-right articles to please that bride-to-be.

Be a visitor.

THE EMPTY ICEBOX

Is a menace to the health of the family. Let us fill it up with pure, natural ice, and it will become a comfort and a protection.

Natural ice that is pure, clean, and clear as crystal.

The water sources where it is frozen are of guaranteed purity.

We select them with greatest care.

The ice is carefully scraped and planed when it is cut—you are not asked to pay for snow or waste.

Being clean and hard—natural ice lasts longer and is more economical to buy.

Opens Way for a New Court House.

Under a law passed by the legislature and which becomes effective July 1st, county commissioners may, upon a petition signed by fifty-one per cent of the voters, make a five mill levy each year for three years to obtain funds with which to build a new court house.

It seems to The Tribune that this opens the way for Lincoln county to secure that much needed county building. The present assessed valuation of the county is in excess of five million dollars, and a five mill levy for three years would raise about \$80,000. This levy could not be laid until 1914, but it would be a good plan to take the matter up in the immediate future and get the petitions in circulation for signature.

The law provides that as soon as the first levy is made, the commissioners can arrange to secure plans, and the building can be started before the third or final levy is made.

The number of voters in a county is obtained by taking the total vote cast at the two previous elections and dividing by two. The Tribune believes that more than fifty-one per cent of the voters of Lincoln county favor an adequate court house, and that there will not be much difficulty in obtaining the required number.

Annual Convention, Degree of Honor.

The Degree of Honor, auxiliary to the A. O. U. W., will hold their annual convention in this city on the 15th and 16th of June. This means that there will be some 200 out of town visitors in our city on these days and it is desired that our people extend to them their usual hospitality.

The order will have their Grand and Superior officers in attendance and the meetings will be entertaining as well as instructive and some of them open to the general public.

The colors of the organization are pink and lavender and it is desired that our local merchants appropriately decorate their windows for the occasion. North Platte, because of her hospitality in the past, is becoming a popular convention town so let us all join in showing these visitors a pleasant time while in our midst. Announcements more in detail will be given through the columns of this paper at a later issue.

The first meeting will be held next Thursday evening at 7:00.

A petition for divorce was filed in the district court yesterday by Freda Remington vs. Glen Remington, whom she married in Logan county December 1st, 1909. "Will the republican party come back?" is the question often asked. It did in the St. Louis election the other day. Colonel Roosevelt called on the 25,000 progressives, who voted for him last fall to rally to the progressive candidate for mayor and 4,200 responded. The others evidently voted for the republican, who was elected.—Omaha Bee.

The Closing Out Sale at The Leader Draws

Were you there Saturday, if not you missed seeing the biggest crowd that you have ever seen in a North Platte store, packed, jammed, everyone smiling, everyone happy, for what man or woman in Lincoln County but loves a bargain and bargains there were; everyone was pleased and bought and bought and judging from the crowds at the Leader today they come back for more.

We wish to compliment the Leader for the nice way they handled the crowds, no fussing, no turmoil, everything had a blue pencil price on it and all you had to do was to pick out what you wanted and a clerk was ready to wrap it up. Just how long the sale will last we can't say but we advise you getting busy and keeping your eye on the sale.

Railroad News.

Attorney W. V. Hoagland returned yesterday from Gering where he spent three days arguing the case of changing the location of the depot.

John Michaelson, a laborer at the new round house was injured about the head and face Saturday by a piece of machinery which fell from the scaffold and struck him.

H. M. Getty, who had been employed as traveling engineer between this city and Grand Island, has been appointed assistant superintendent between here and Cheyenne.

Senator Hoagland, of this city, has been notified that the state railway commission has ordered a station, sidetrack and stockyards built at Hoagland, which is located on land owned by Mr. Hoagland on the line of the Stapleton branch.

Managers of eastern railroads have refused to grant the increase of pay demanded by the conductors and trainmen. This increase, if granted, would cost the railroads seventeen million dollars a year. In the breath with this refusal, the railroad managers announce that they will go before the inter-state railway commission and ask that they be given the right to increase freight rates five per cent.

Messrs. F. McGovern, C. Tighe, J. Stack, W. Sheedy, F. Doran, C. Simon, W. Stack and W. J. O'Connor were among those who attended the Knights of Columbus banquet at Grand Island Sunday.

Money to loan to enable you to buy, build, improve or pay off your old loan. Bratt & Goodman.

Mrs. Andy Yost and Mrs. Ella Huxoll will entertain the Nevada club this afternoon.

The room is now being repapered and repainted and the furniture and stock will arrive in a few days. The room will be supplied with reading and card tables, and every effort made to provide a comfortable recreation resort for railroad men and all others who have leisure hours each day.

Mr. Otten is well known in this city and county; the location is an excellent one, and with the comfort which is assured patrons the new store should prove a winner from the start.

Health a Factor in Success.

The largest factor contributing to a man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular, he is never well when they are constipated. For constipation you will find nothing quite so good as Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. They are sold by all dealers.
