

Solid Silver Wedding Gifts

It sounds well—there is nothing quite so sweet to the ears of a bride as sterling silver.

Apart from the quality—which is high here, and the chasteness of the patterns—which can be seen at a glance, it is important to know that the prices are not extravagant.

Our jewelry store is the best place in the county to get suggestions for wedding presents. We have made a study of this "gift question." It is our business to know what is suitable for various gift occasions.

Our stock is varied and so are the prices. Every taste and every pocket book is sure to be suited. We have many inexpensive but dainty little novelties here besides silverware which will make excellent gifts.
